

01

“This is Gritty City Jobs! Wherever there’s a tough job to do, Mick Howser will try it on!”

04

etc.

02

SYNTH-ROCK MUSIC plays over quick shots of MICK HOWSER doing grungy jobs all over LEGO City: He is battling an alligator with a plunger as the sink and toilet in the background spit water studs.

A man panics in the corner.

05

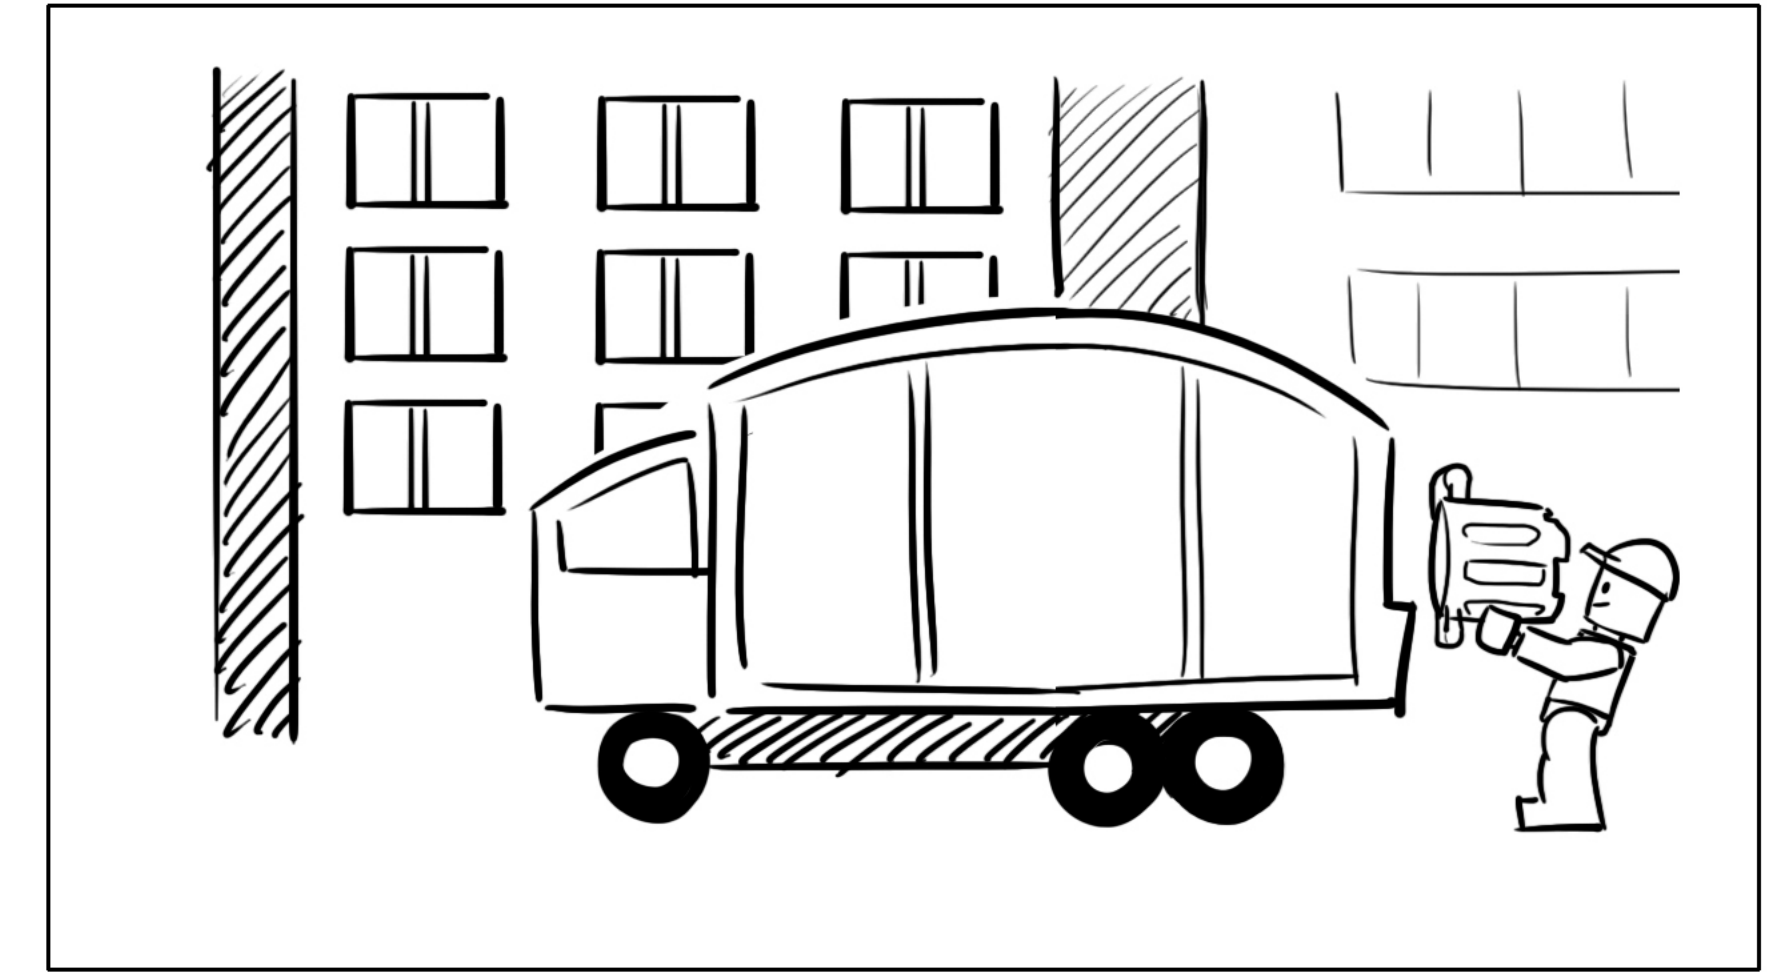

We do a “BATMAN-STYLE WIPE” with the GRITTY JOBS logo to:

03

he helms the LEGO CITY FERRY (good-naturedly stifling a little seasickness as he does);

06

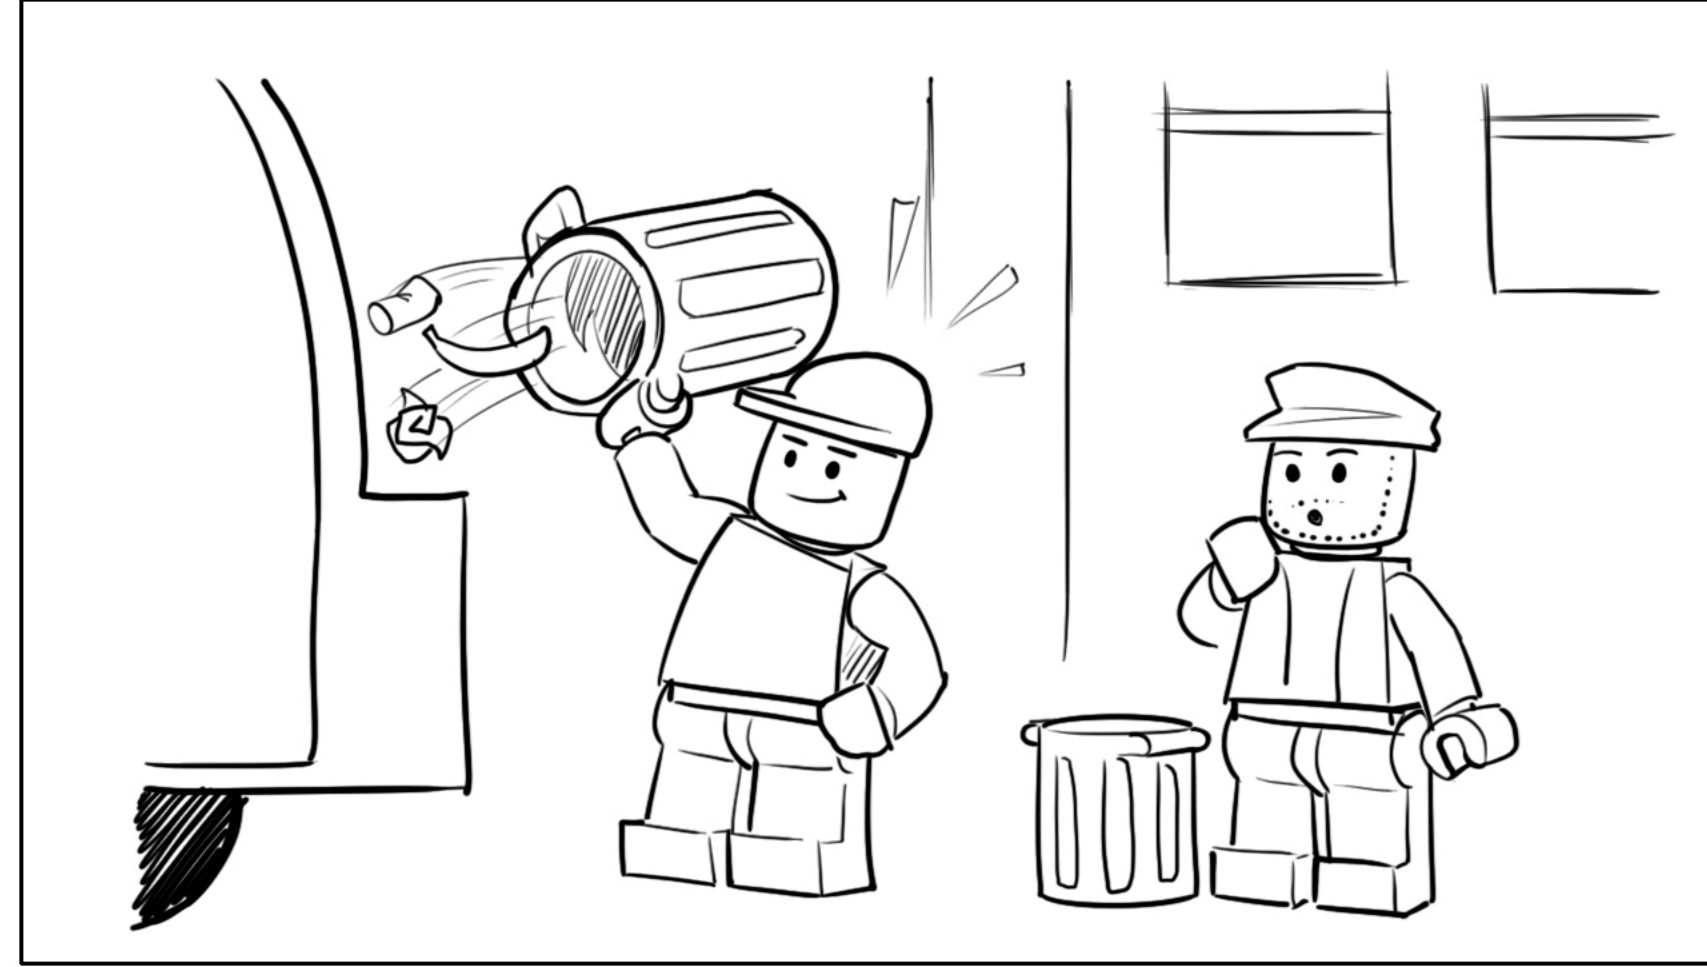

MICK is at the end of a line of SANITATION WORKERS who take turns emptying trash cans into the rear compartment of a LEGO CITY GARBAGE TRUCK.

07

“Today, the LEGO City Sanitation team has invited Mick to join them. It’s a job offer he can’t (“REFF-USE”) refuse.”

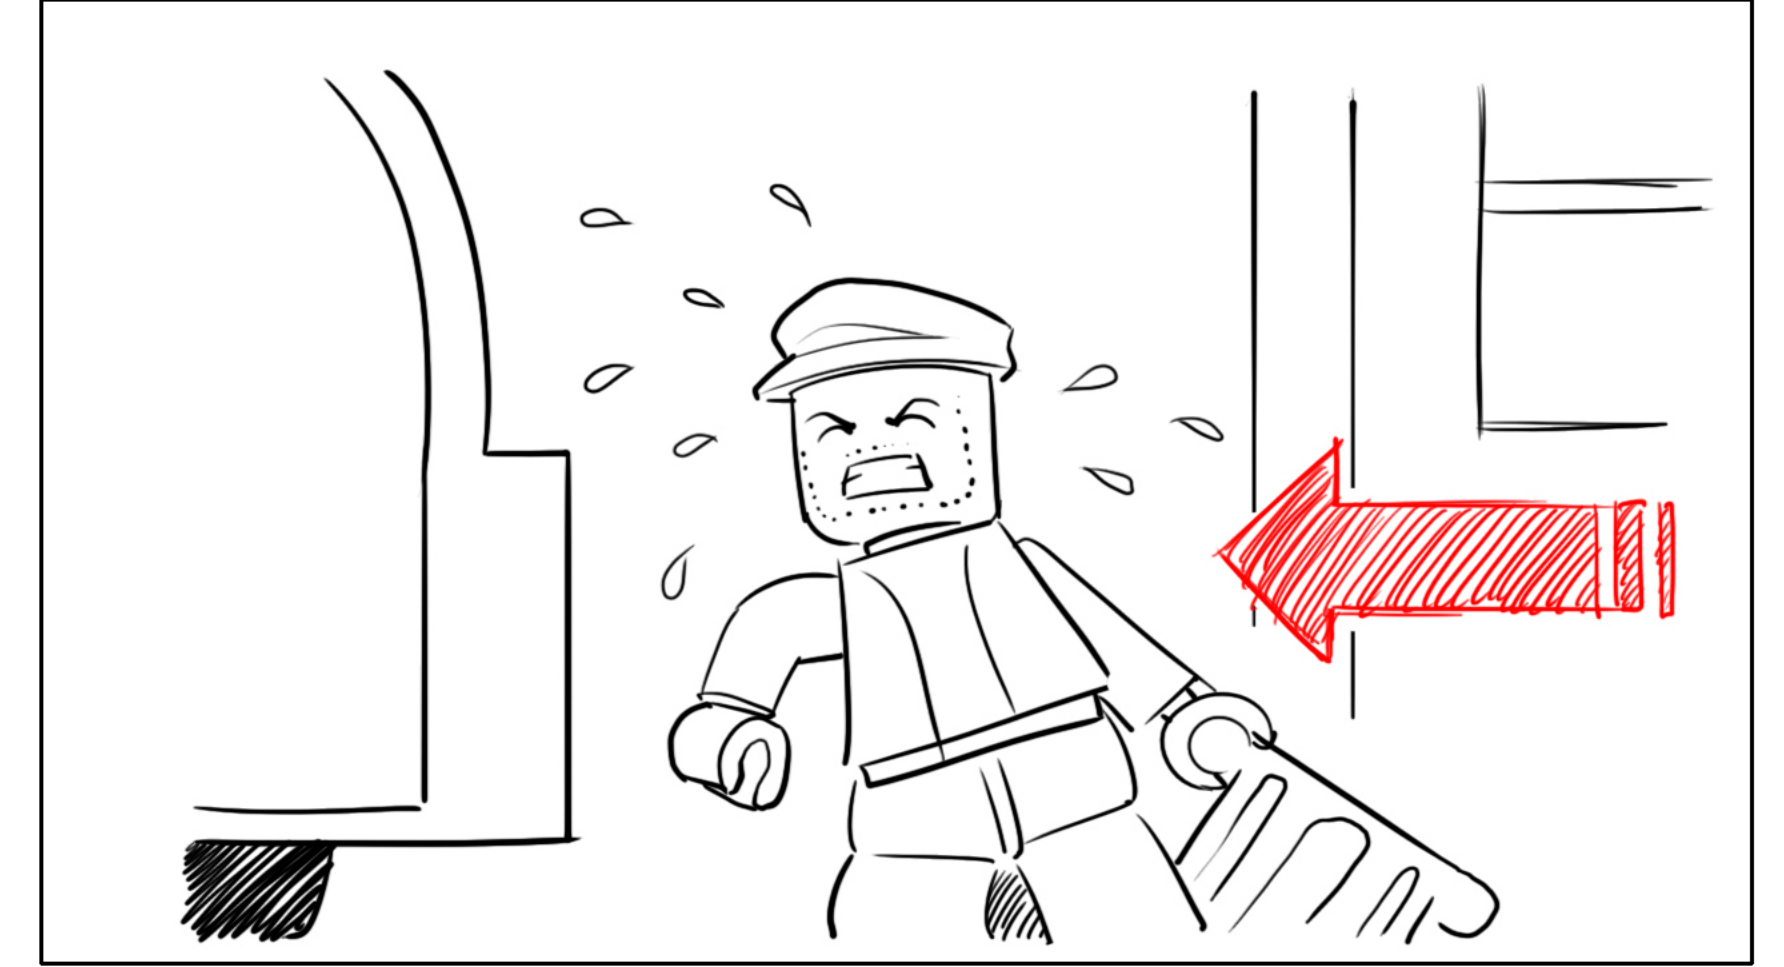

08

The manly LEAD WORKER, standing in front of Mick, uses just one of his arms to hoist up a big can full of trash and empty it into the back of the truck.

(QUICK MANLY GRUNTS)

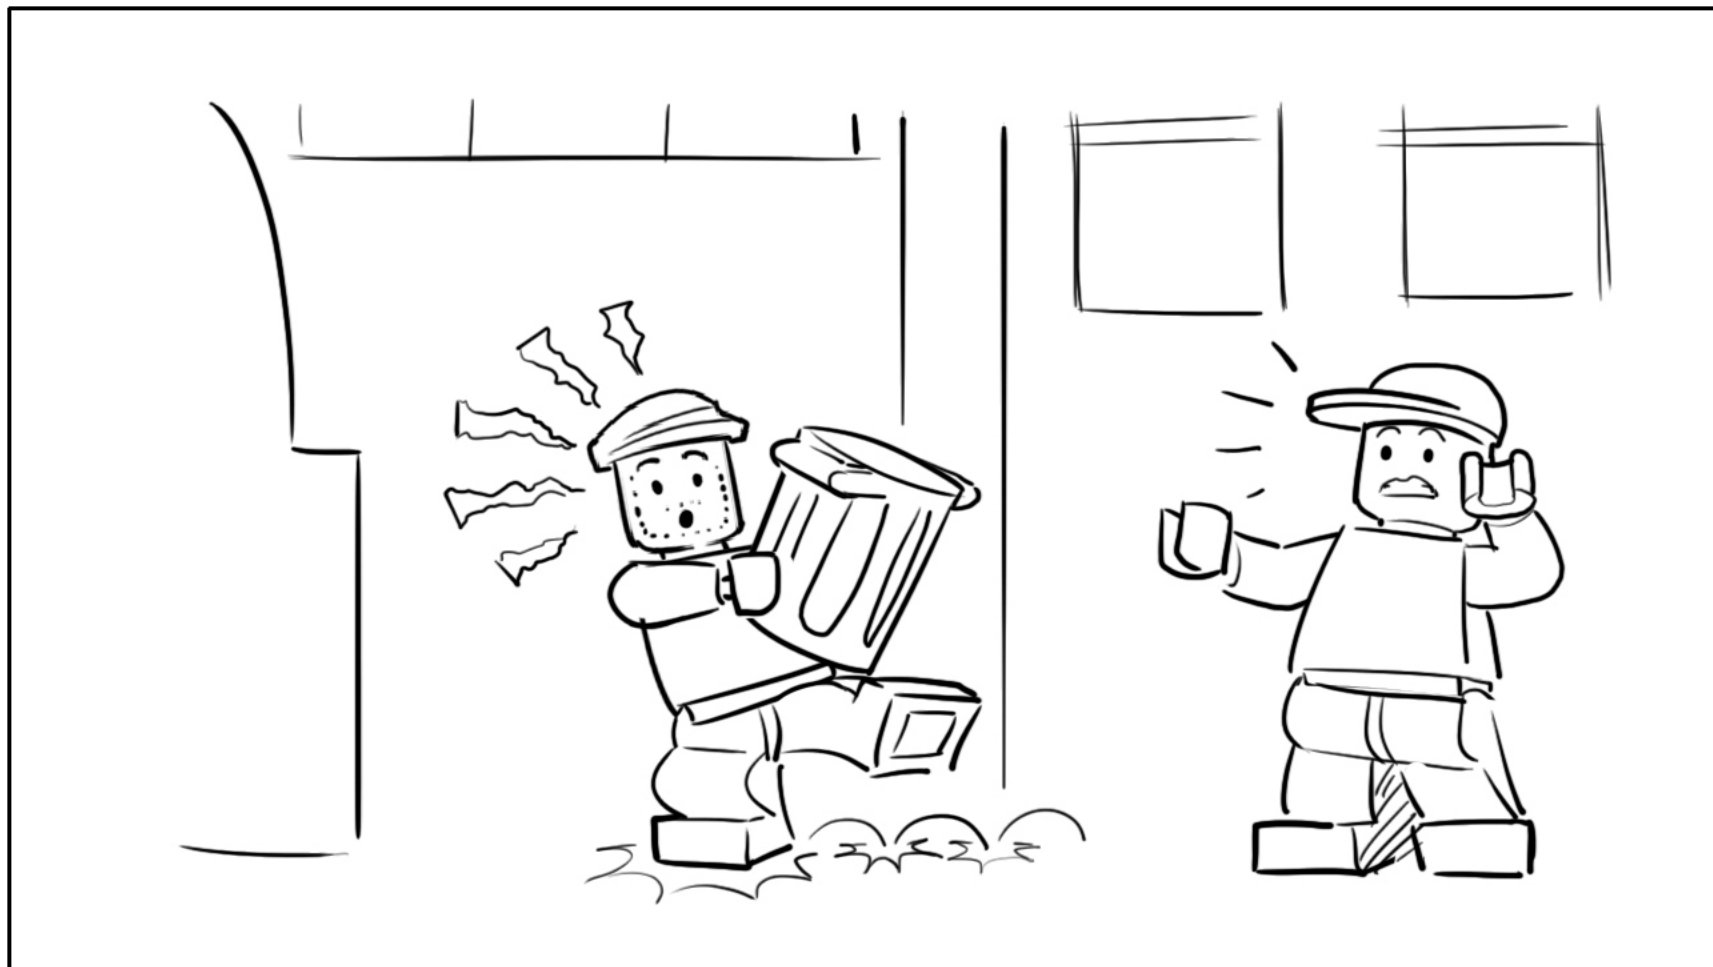

09

Mick, next in line, attempts to lift his can with only one arm, but he’s not as strong as the Lead Worker.

(STRAINING NOISES)

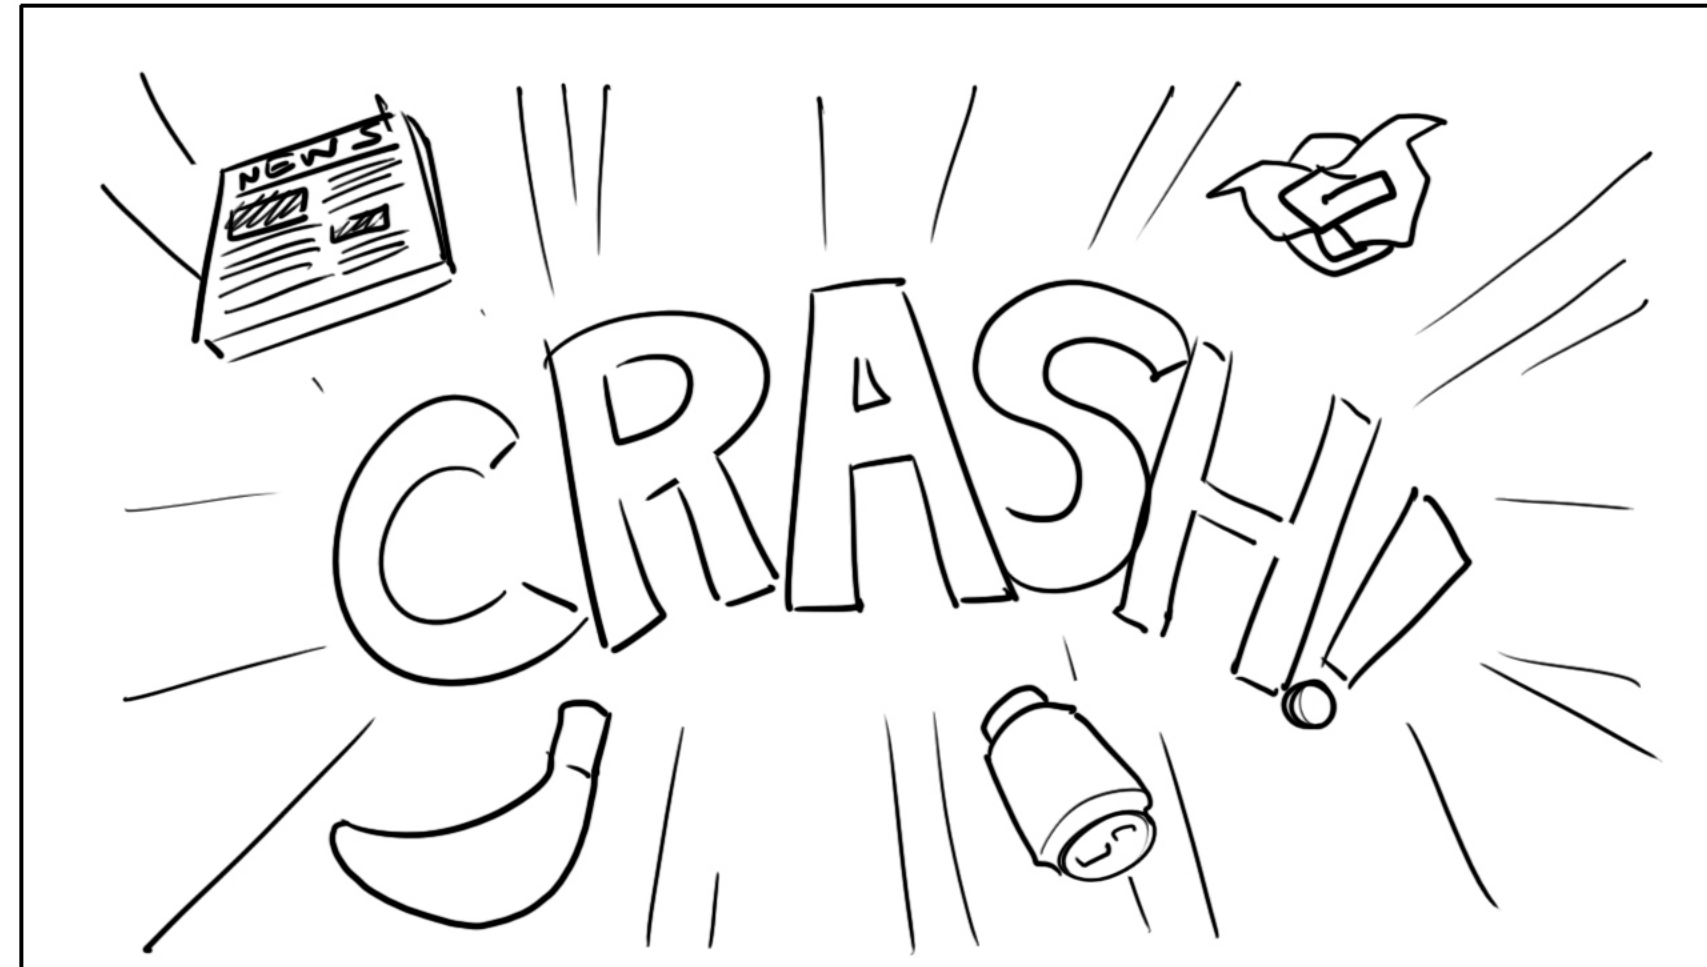

10

“Those cans are heavier than they look!”

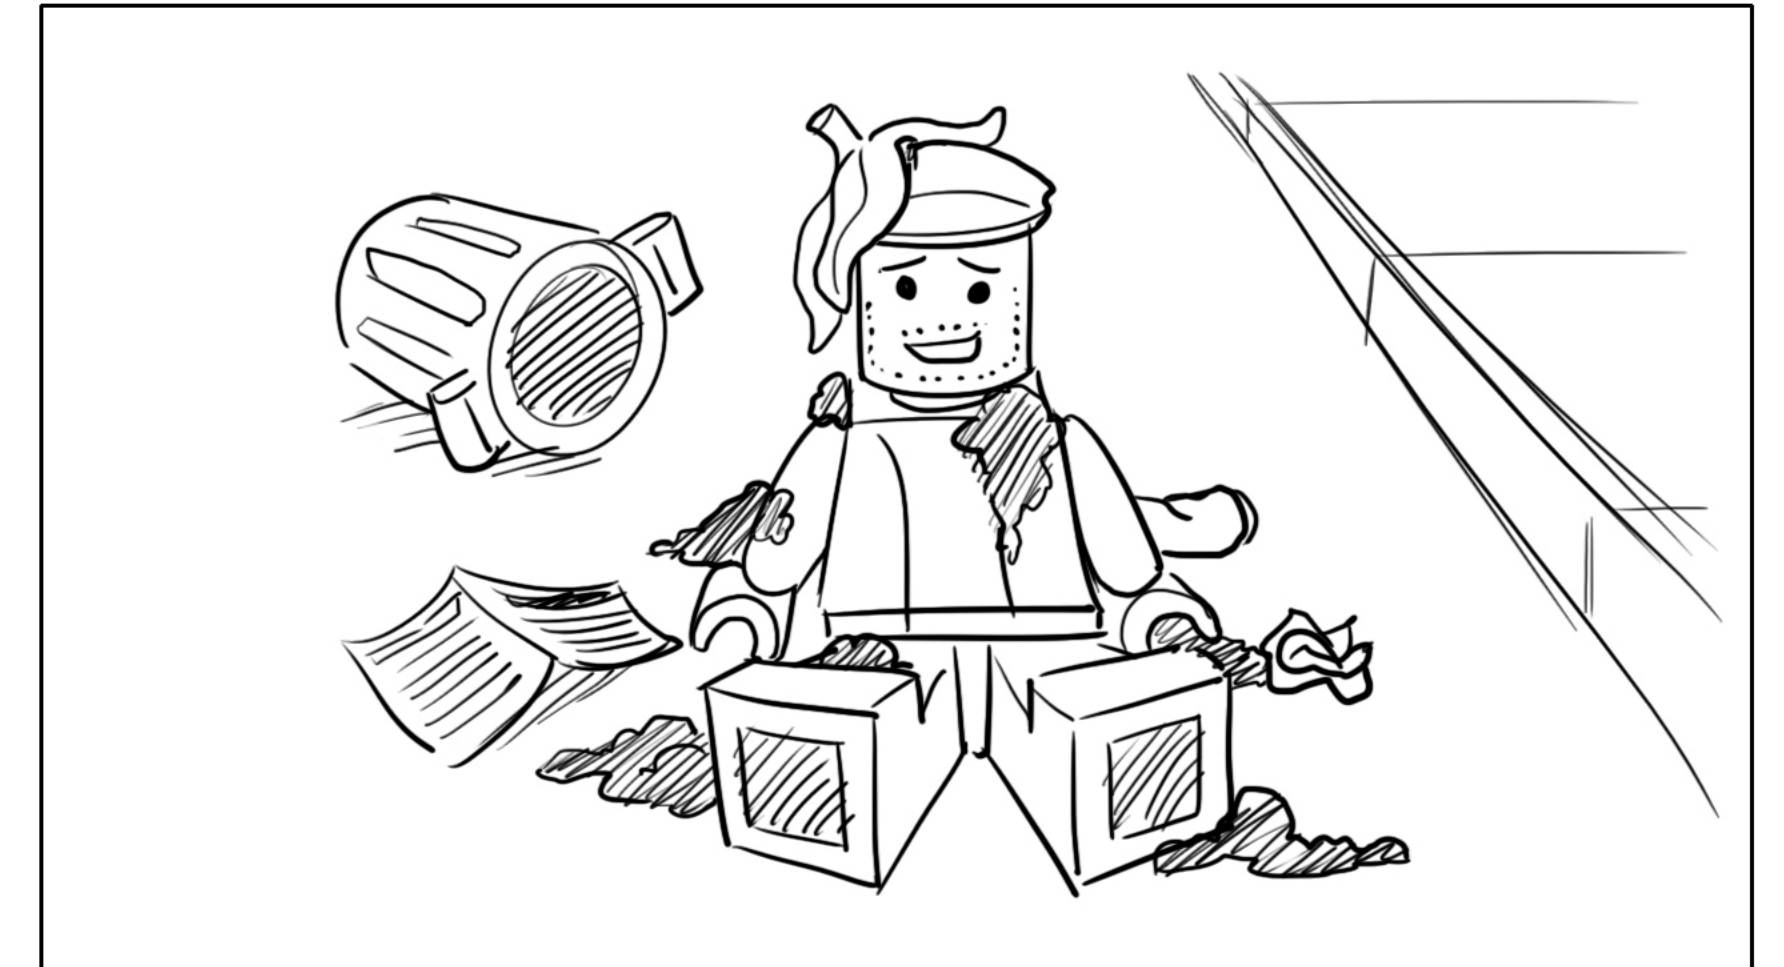

(STRAINING NOISES)

11

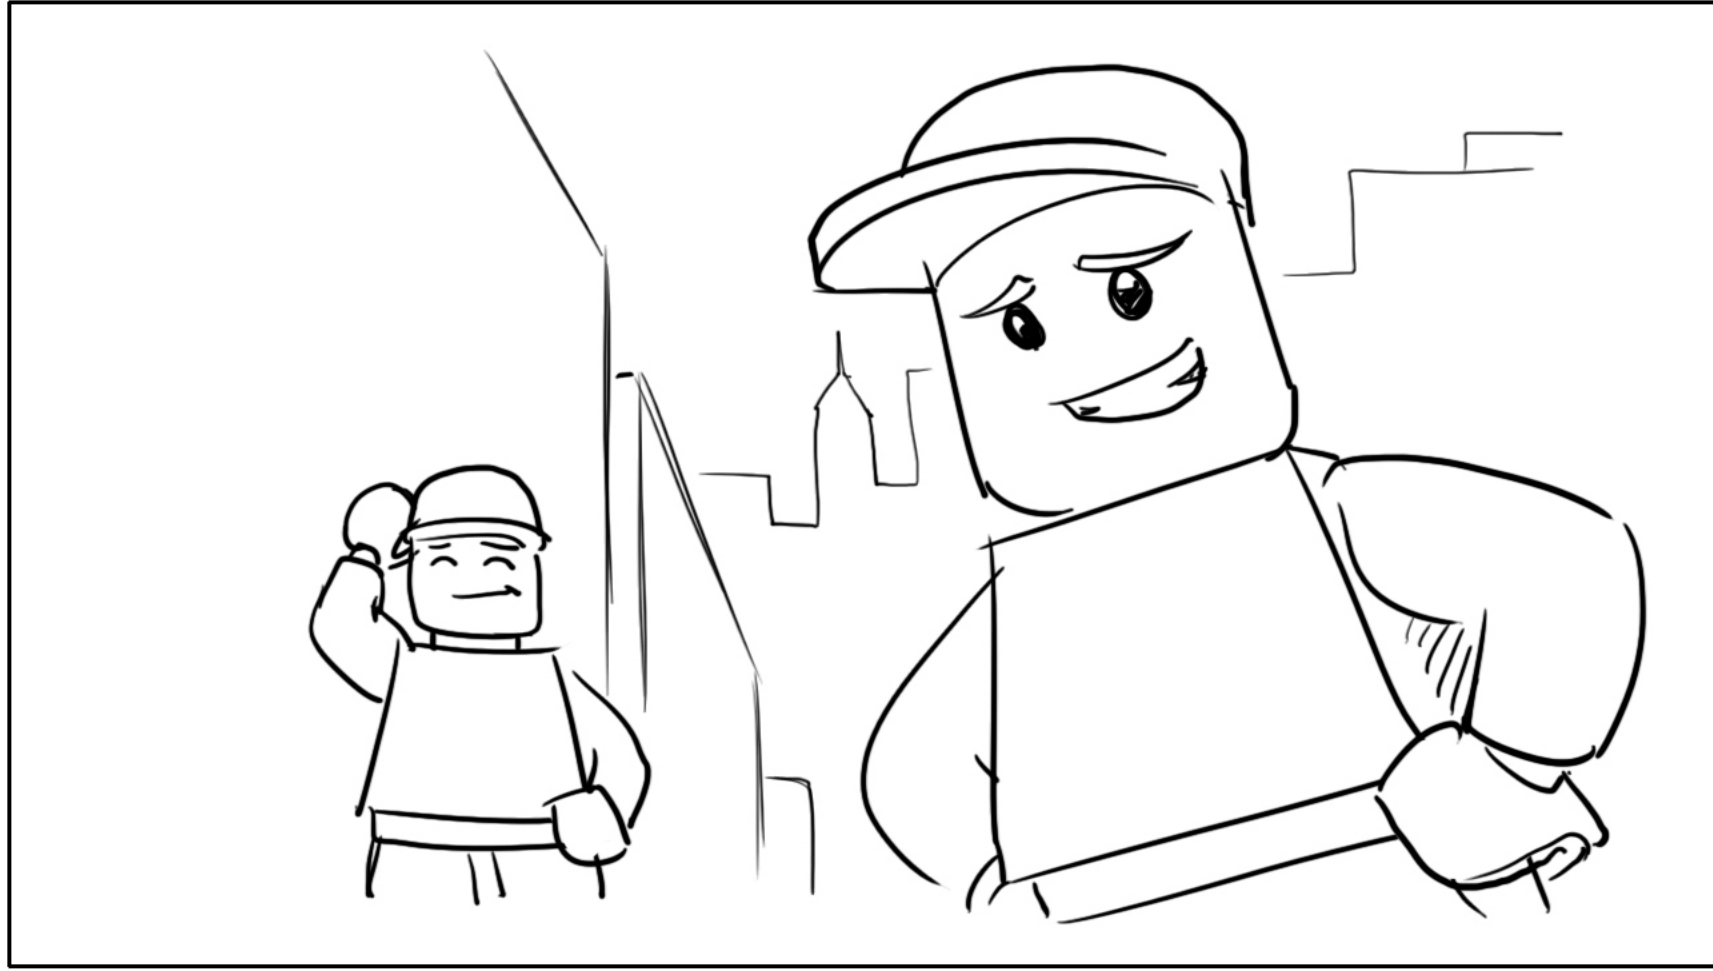

Mick loses control of his can and it pulls him over -- he falls like a tree in the forest.

12

Mick sheepishly smiles

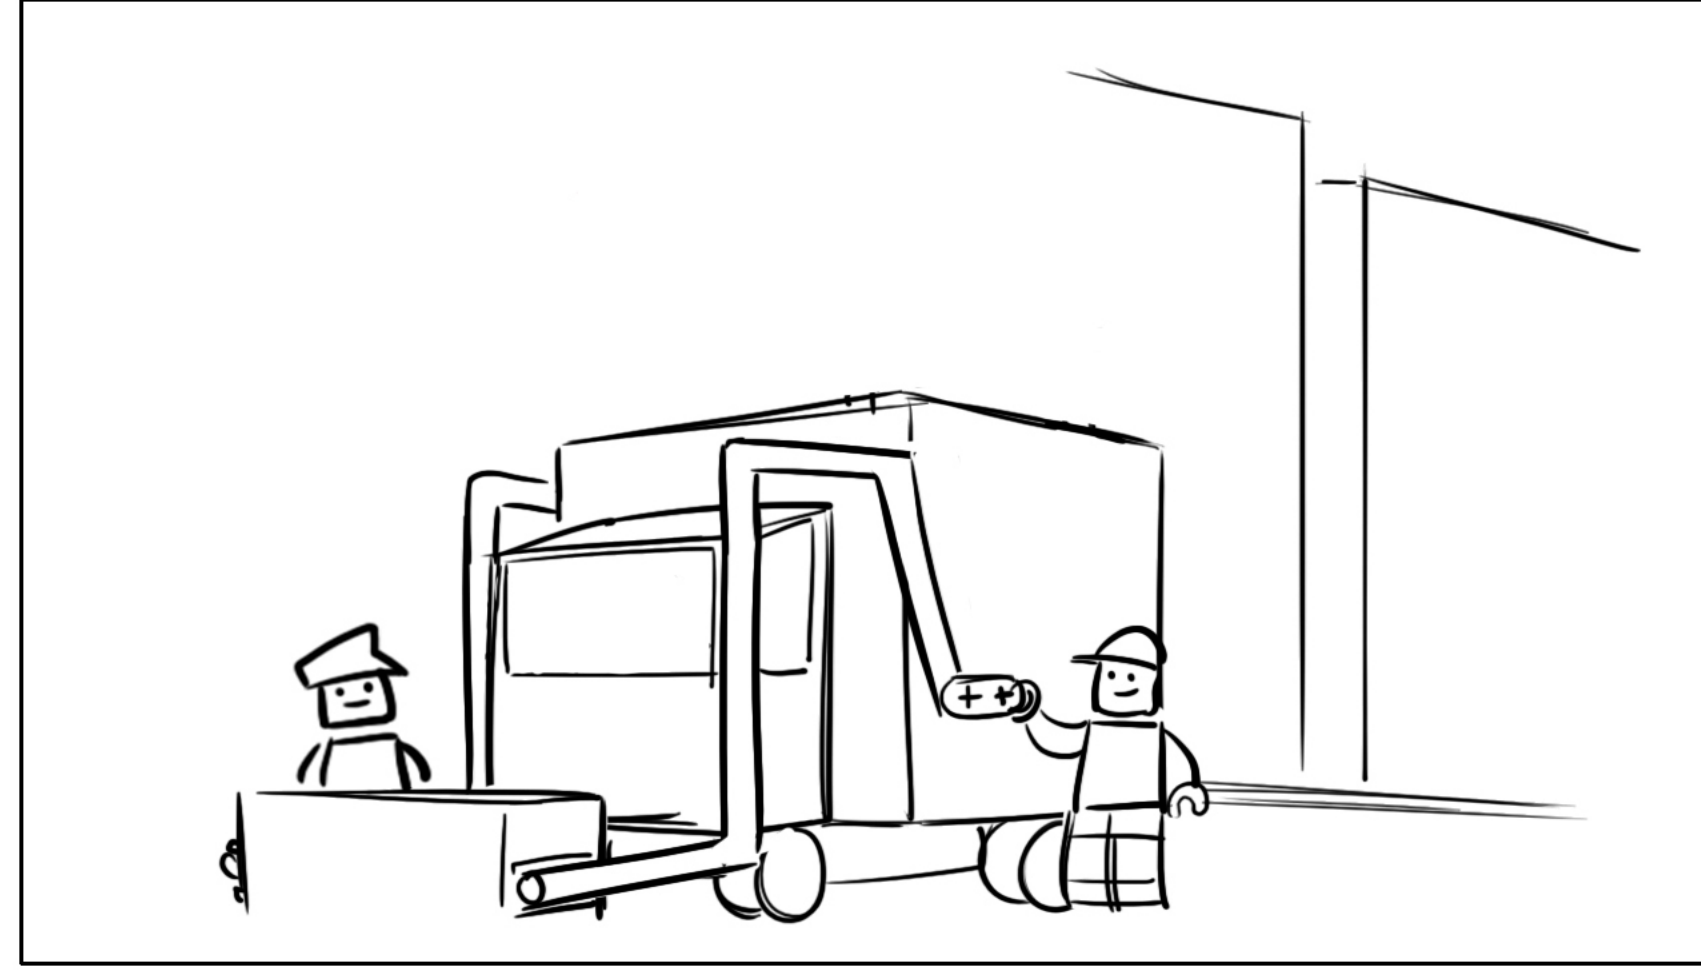

13

as the other workers CHUCKLE at his mistake.

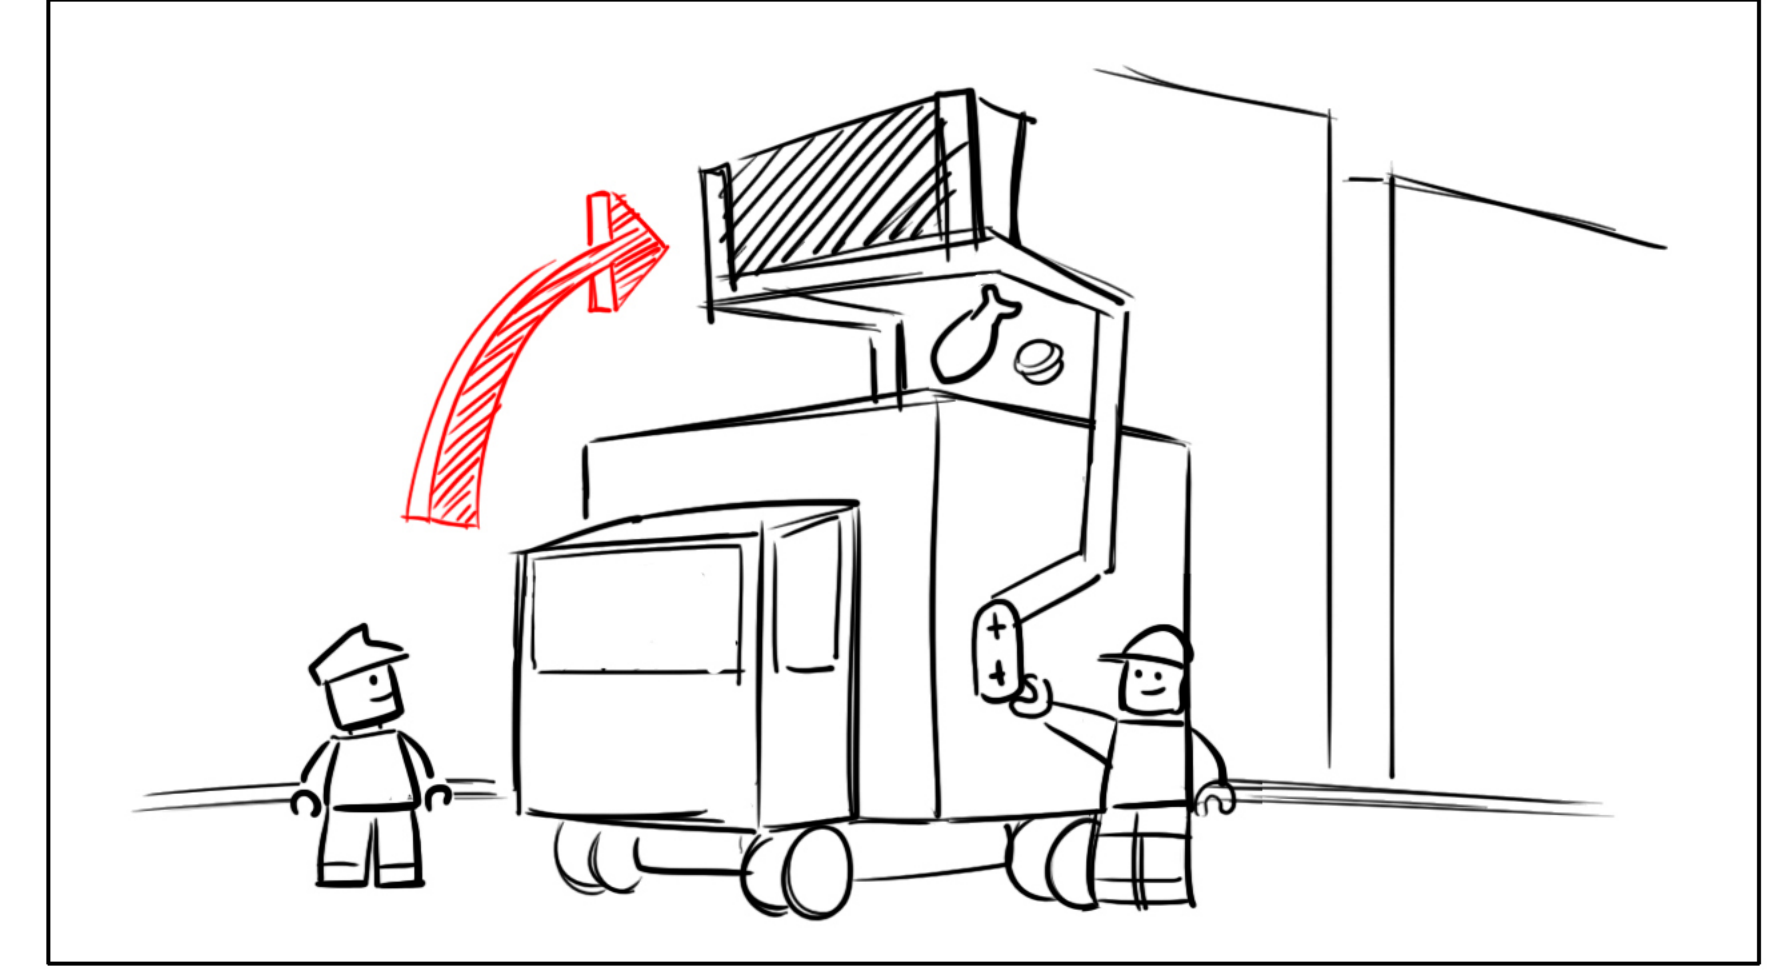

(GOOD-NATURED CHUCKLES)

14

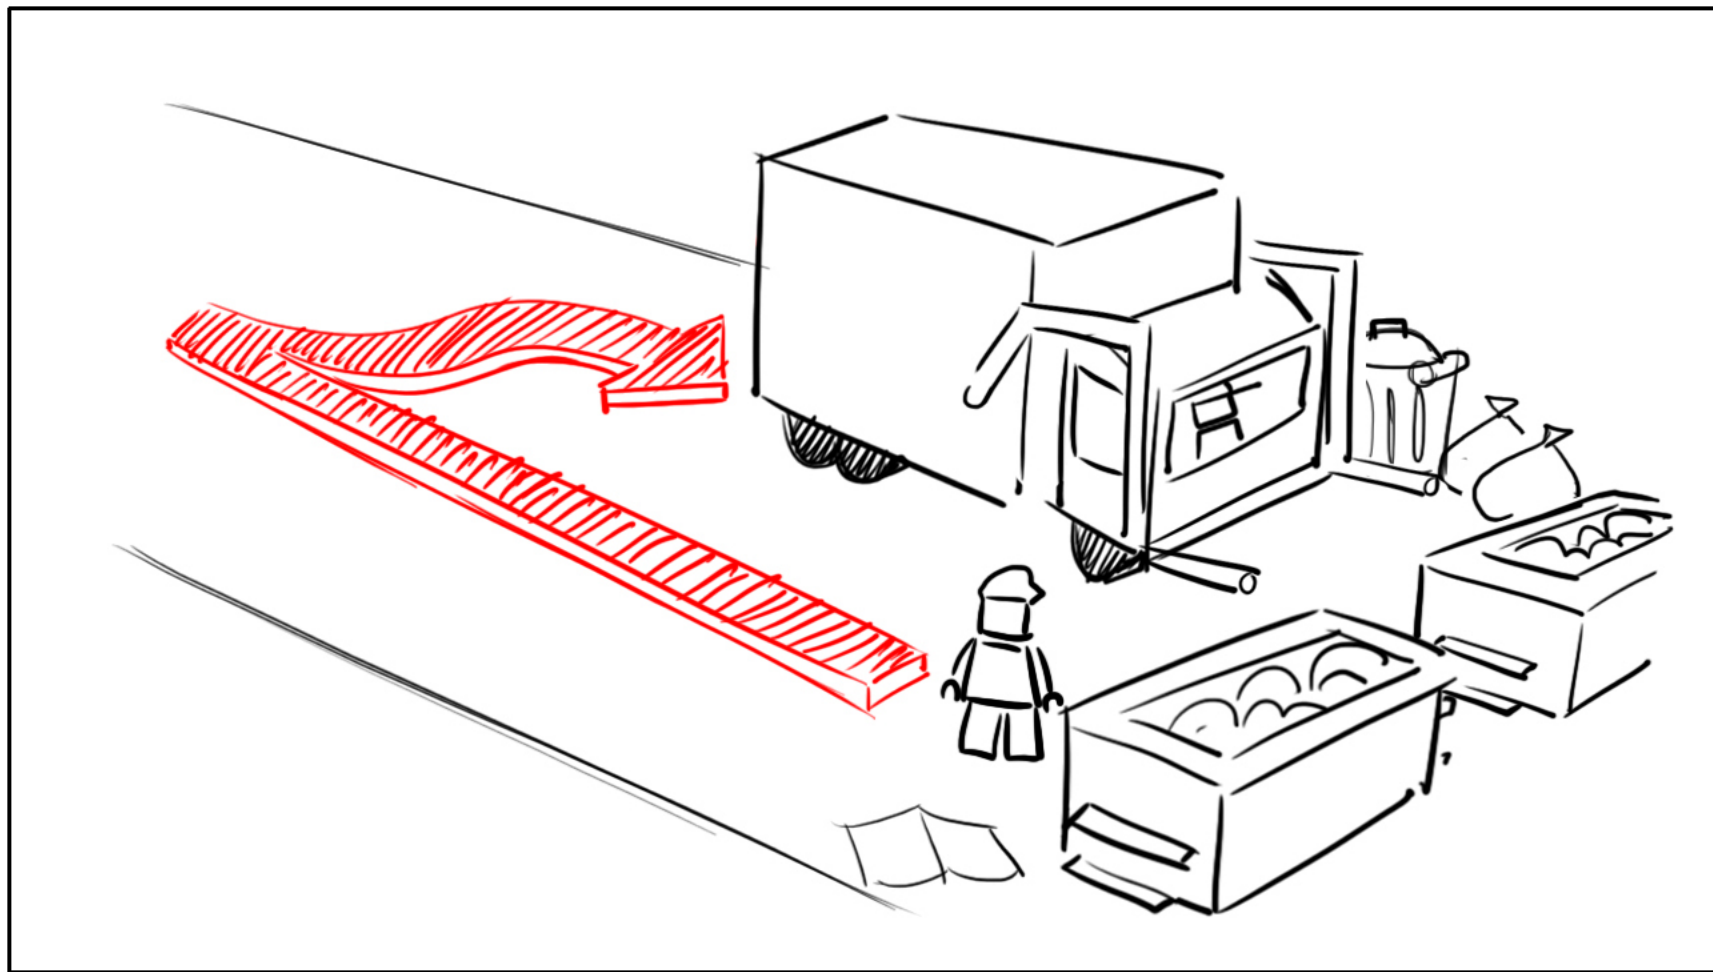

The Garbage Truck is in front of a DUMPSTER filled with trash. The Lead Worker pulls a lever on the side of the truck.

15

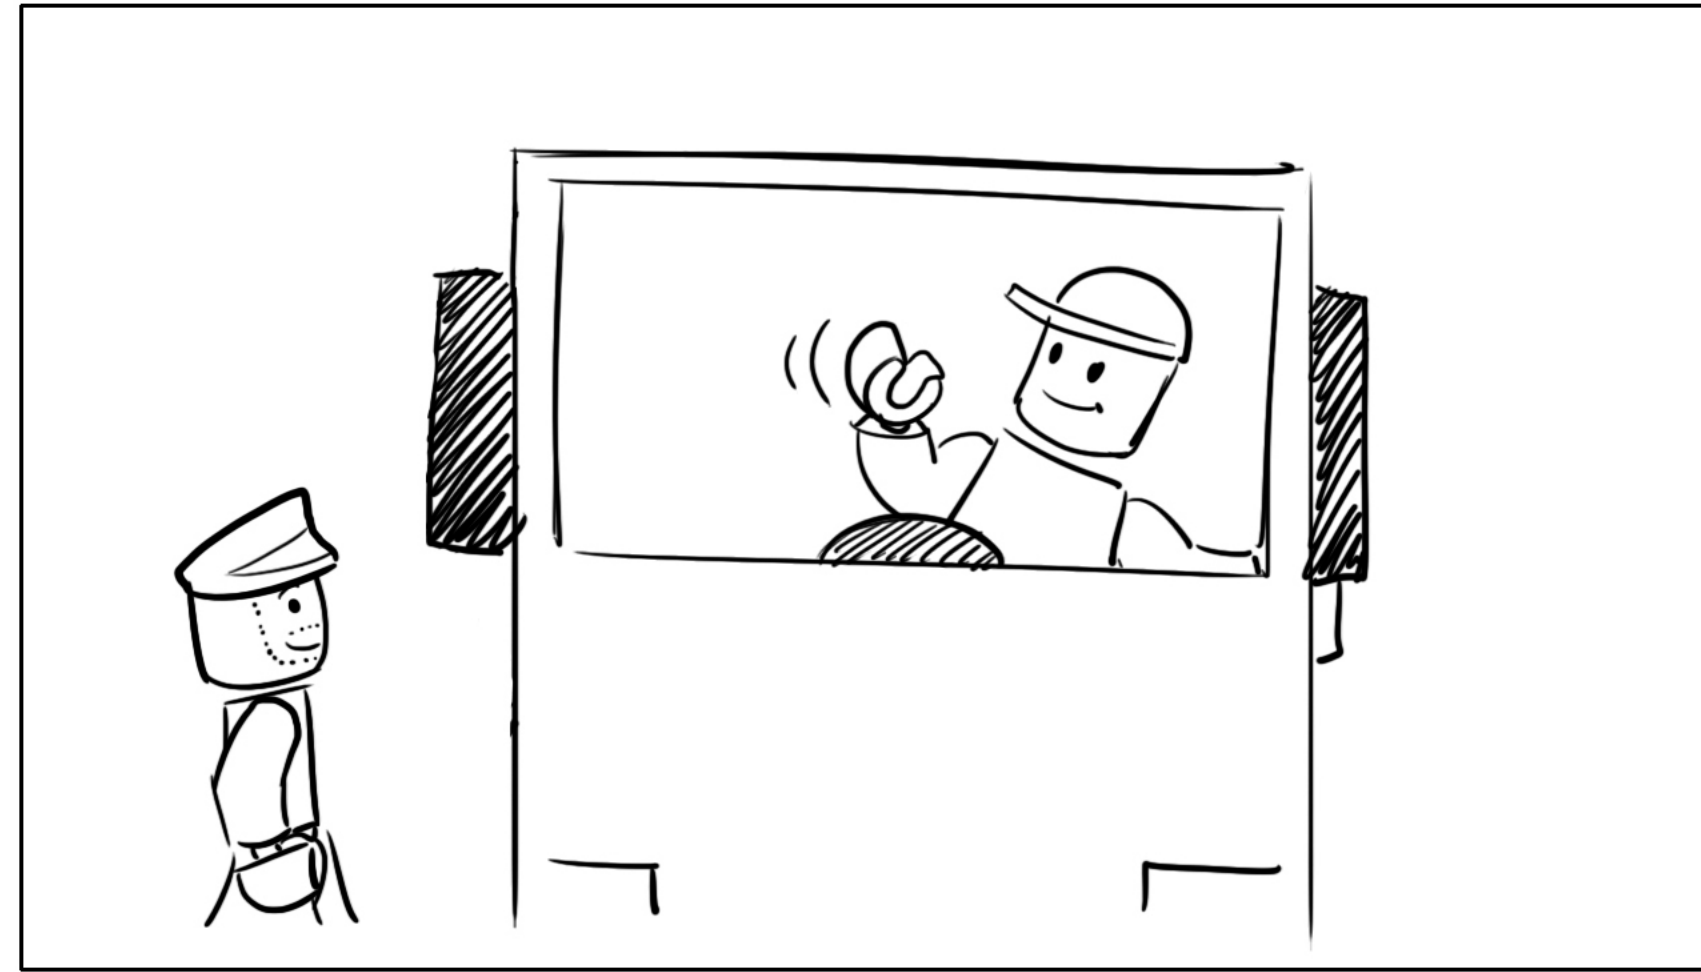

The forklift arms raise the dumpster up and empty the trash into the top of the truck.

16

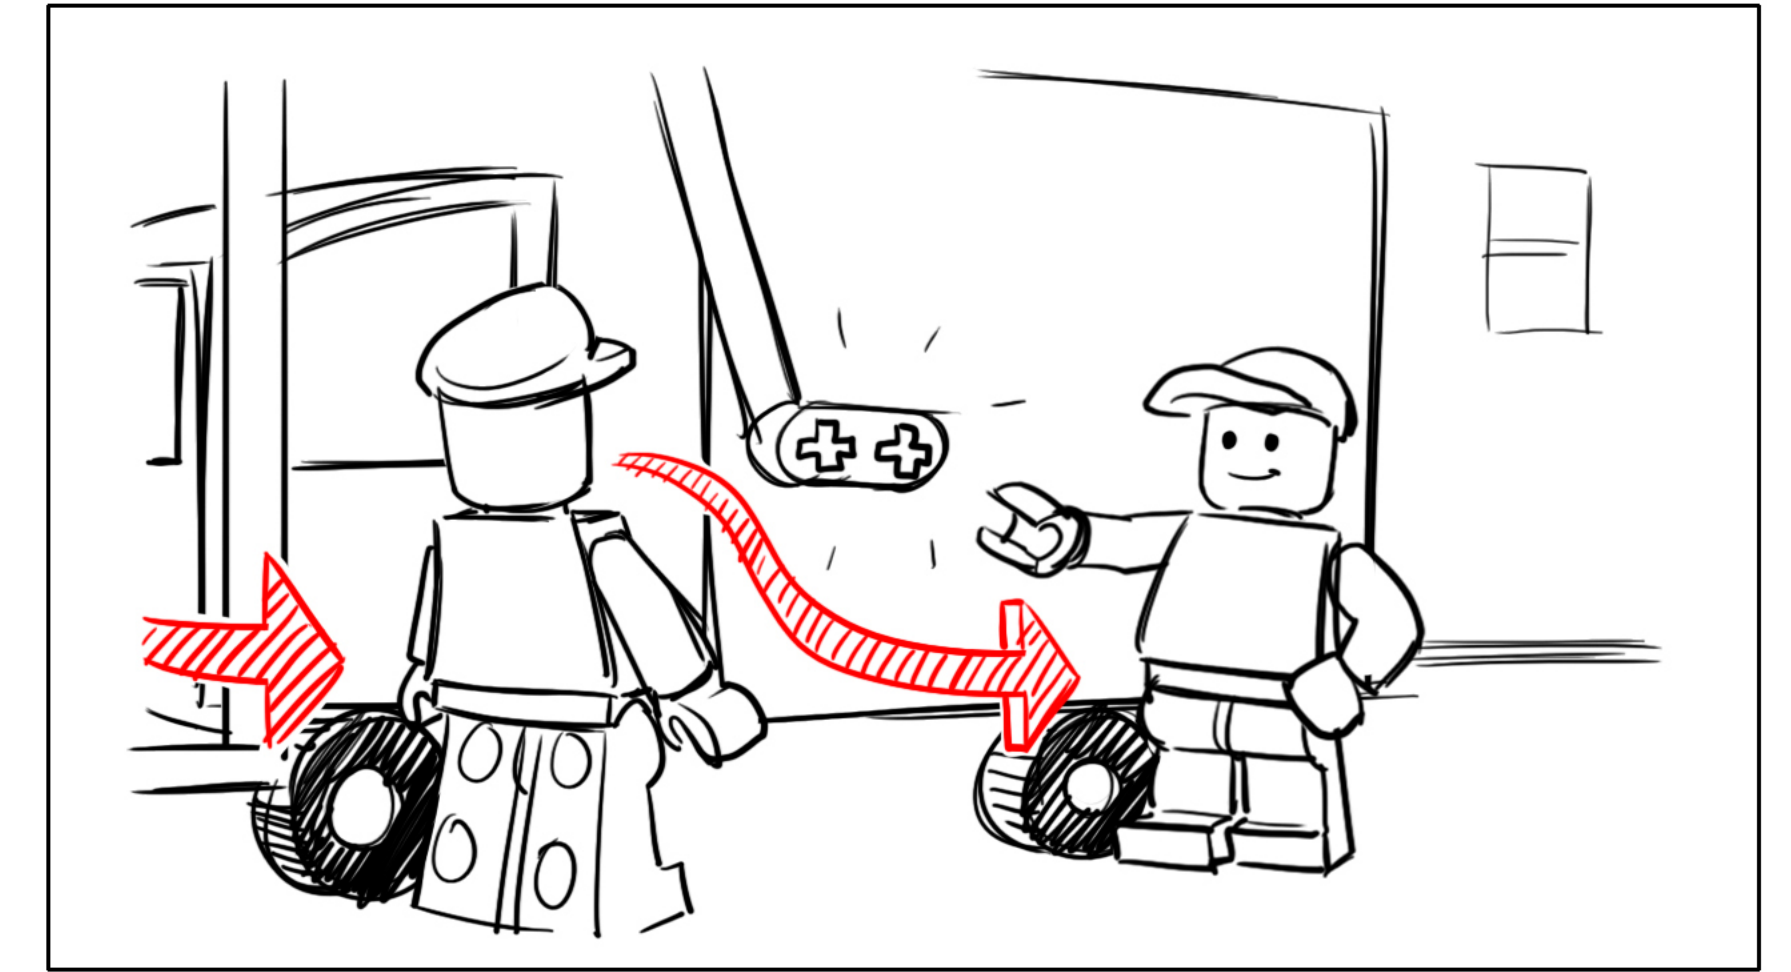

He drives on to another dumpster

17

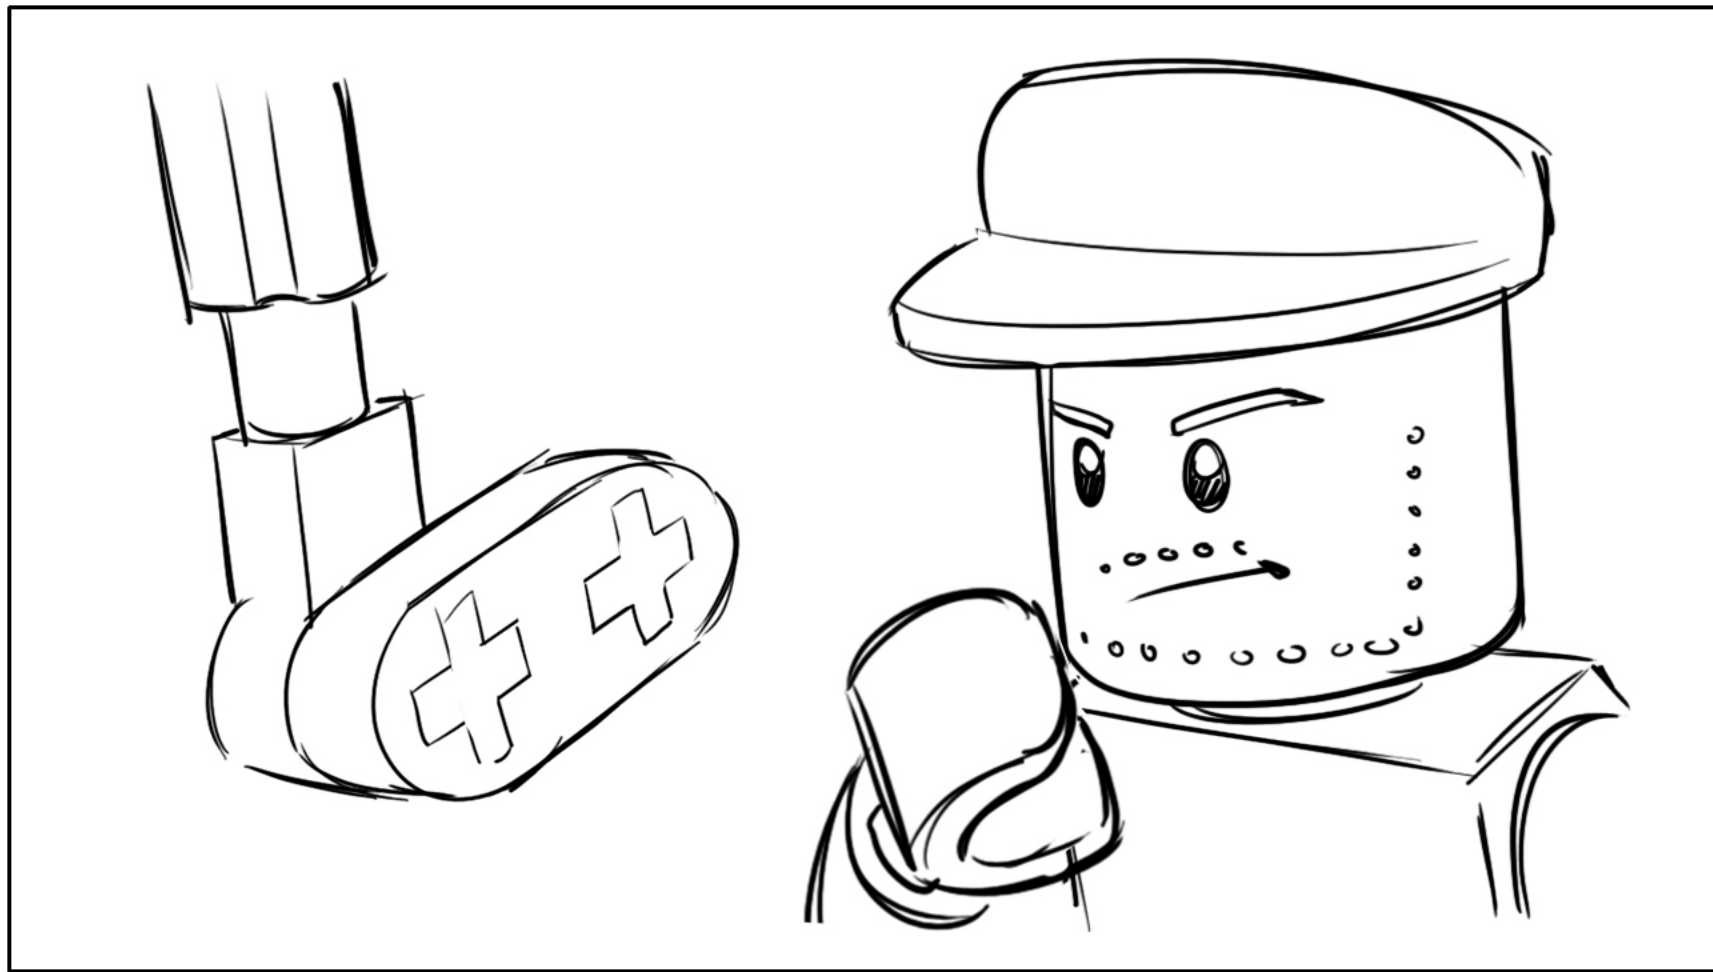

and gestures to Mick, inviting him to do the honors.

18

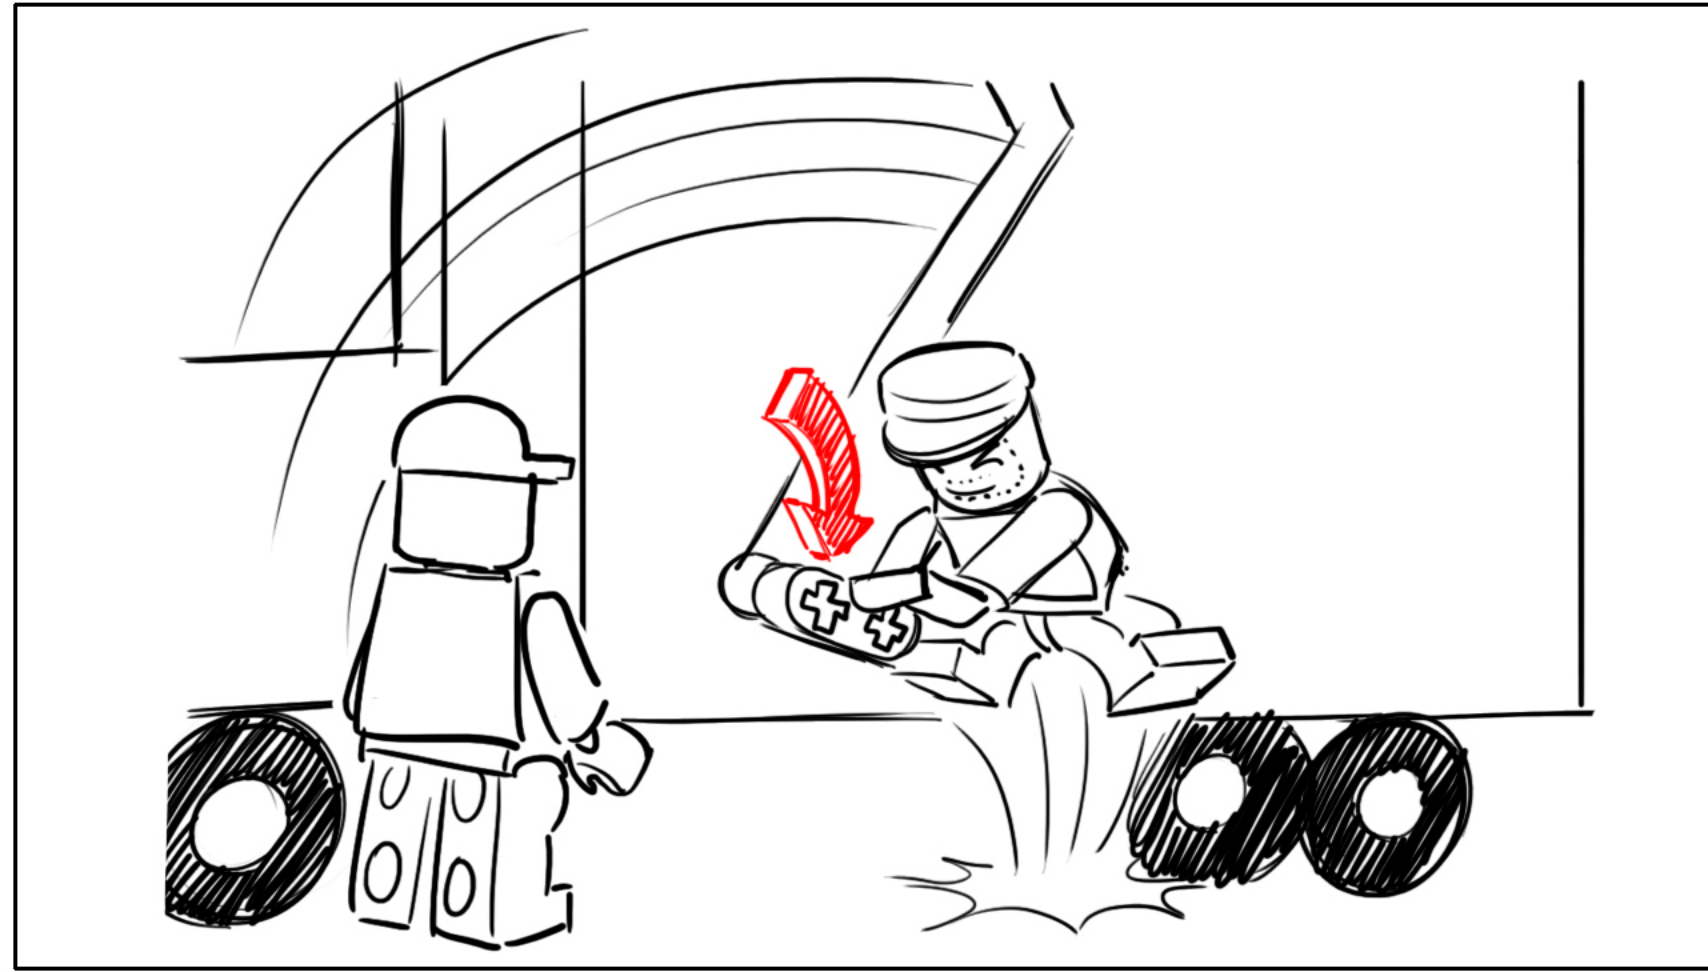

Mick runs around to where the lever is.

19

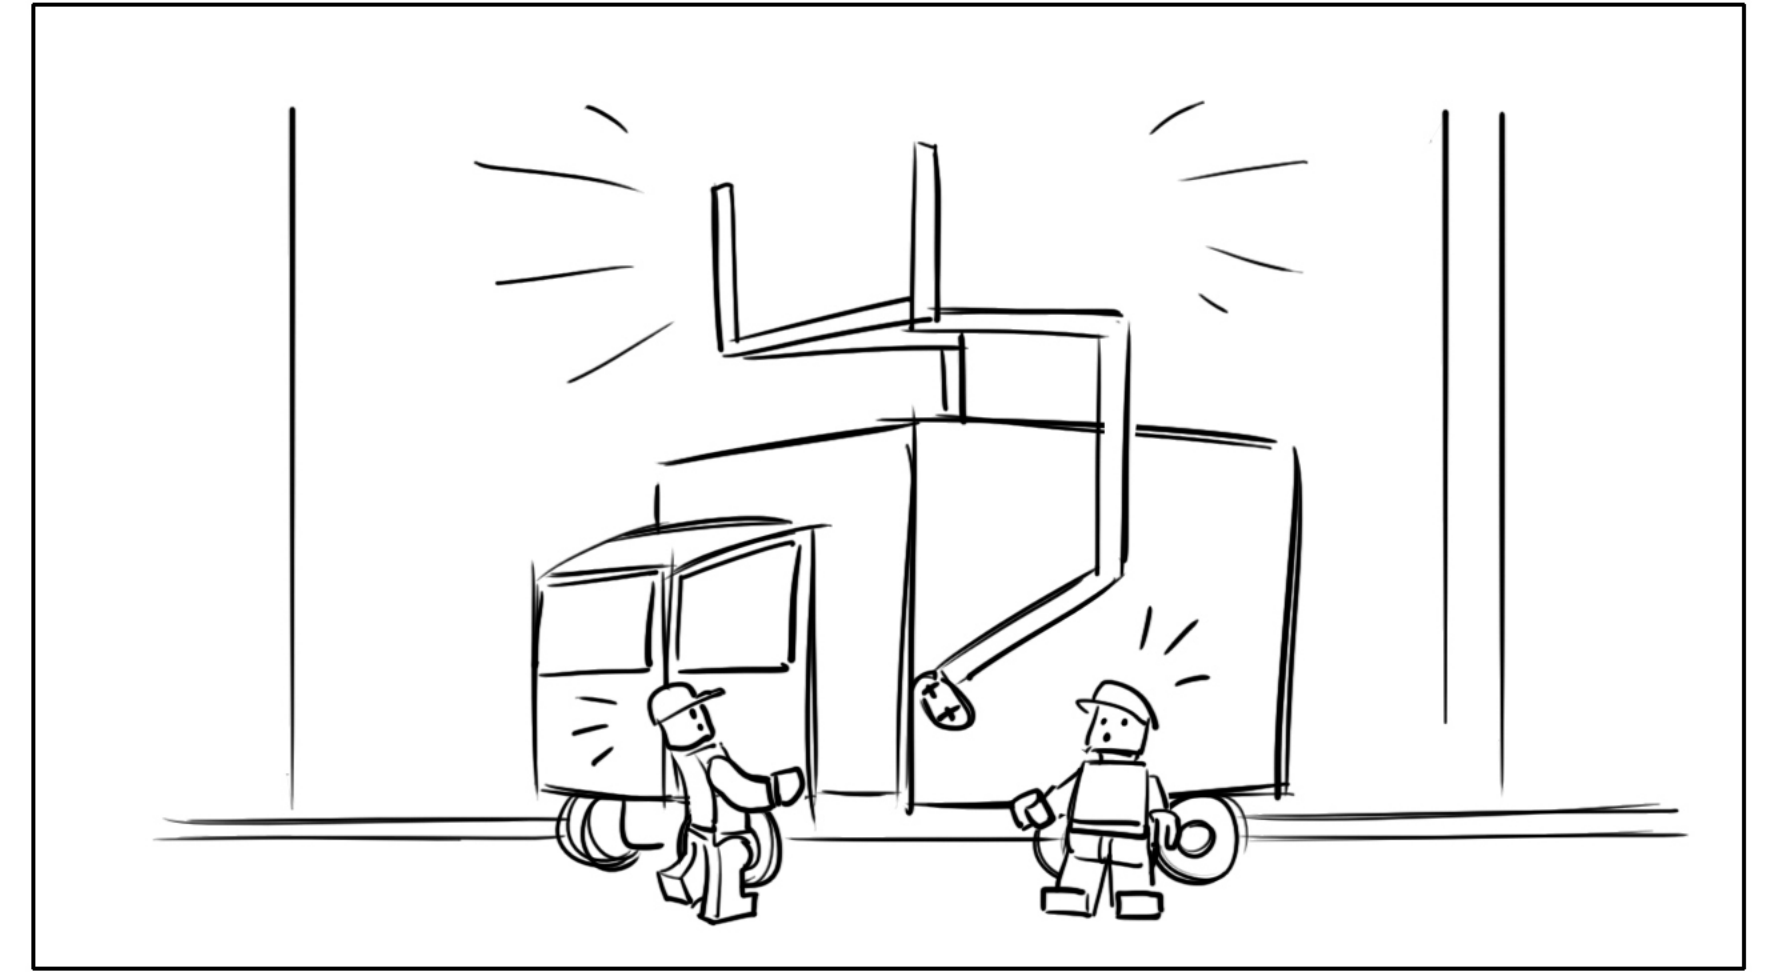

“Mick learned his lesson last time, so he puts all his strength into pulling the forklift lever.”

20

Mick grips the lever with both hands and gives it a super hard yank.
(MIGHTY GRUNT)

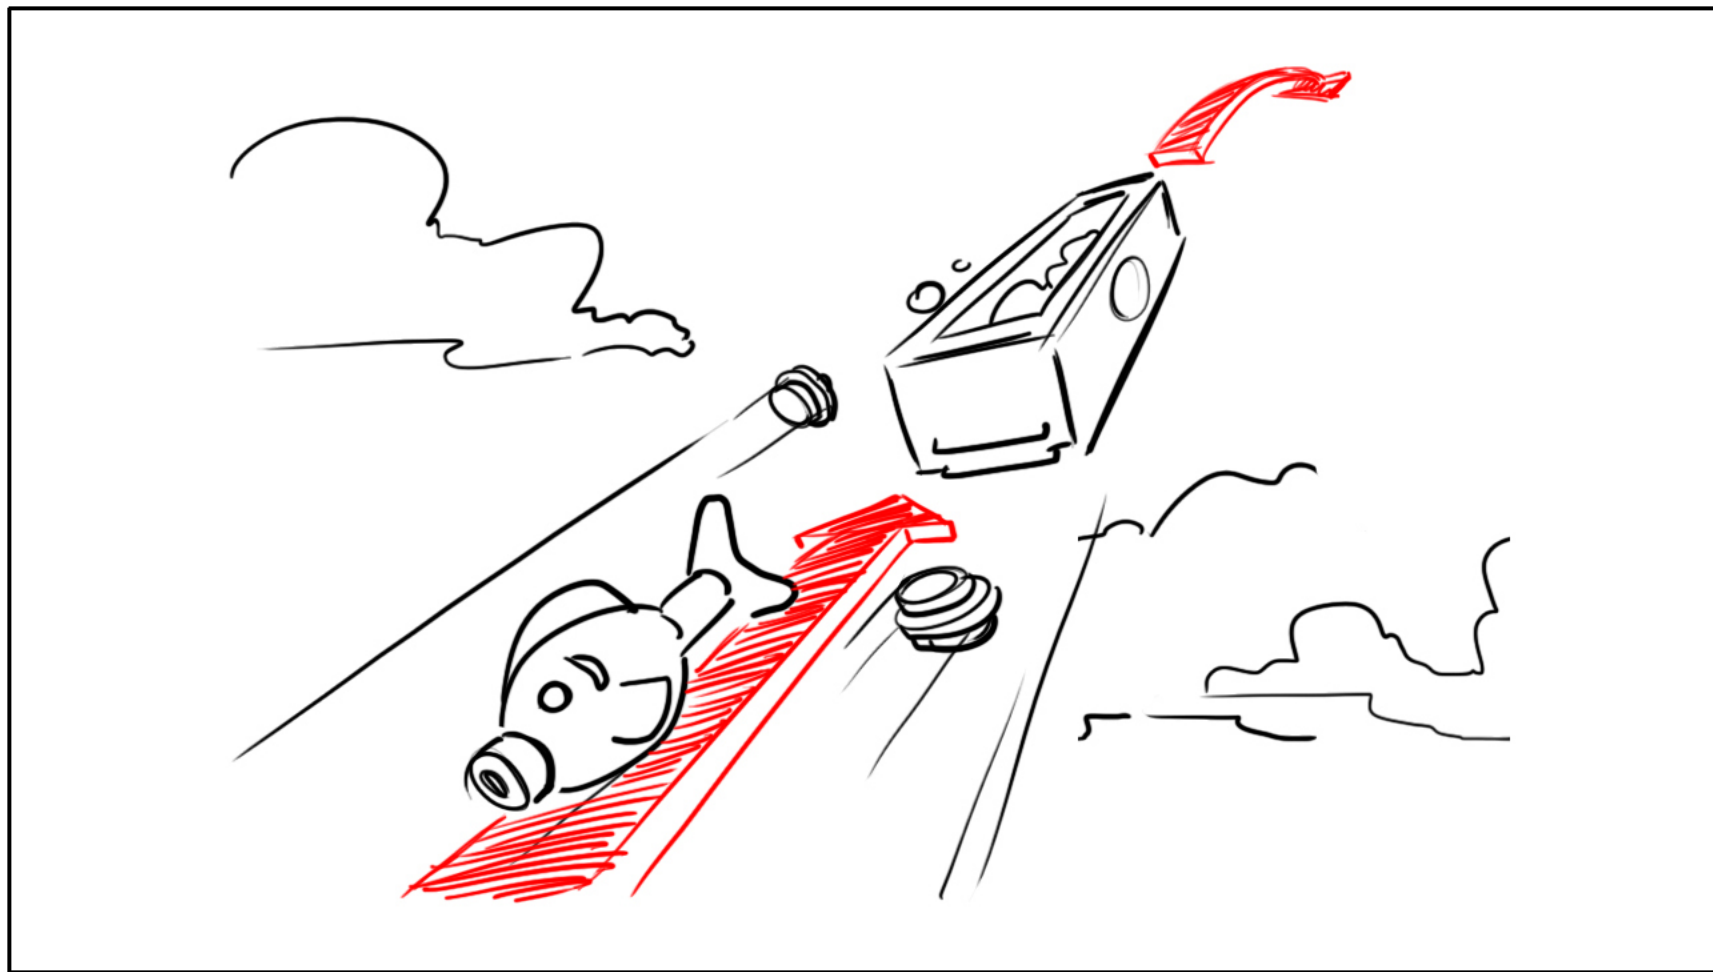

21

Mick’s yank is so mighty that the forklift arms violently shoot upward, flinging the dumpster out of sight. Everyone is puzzled for a moment.

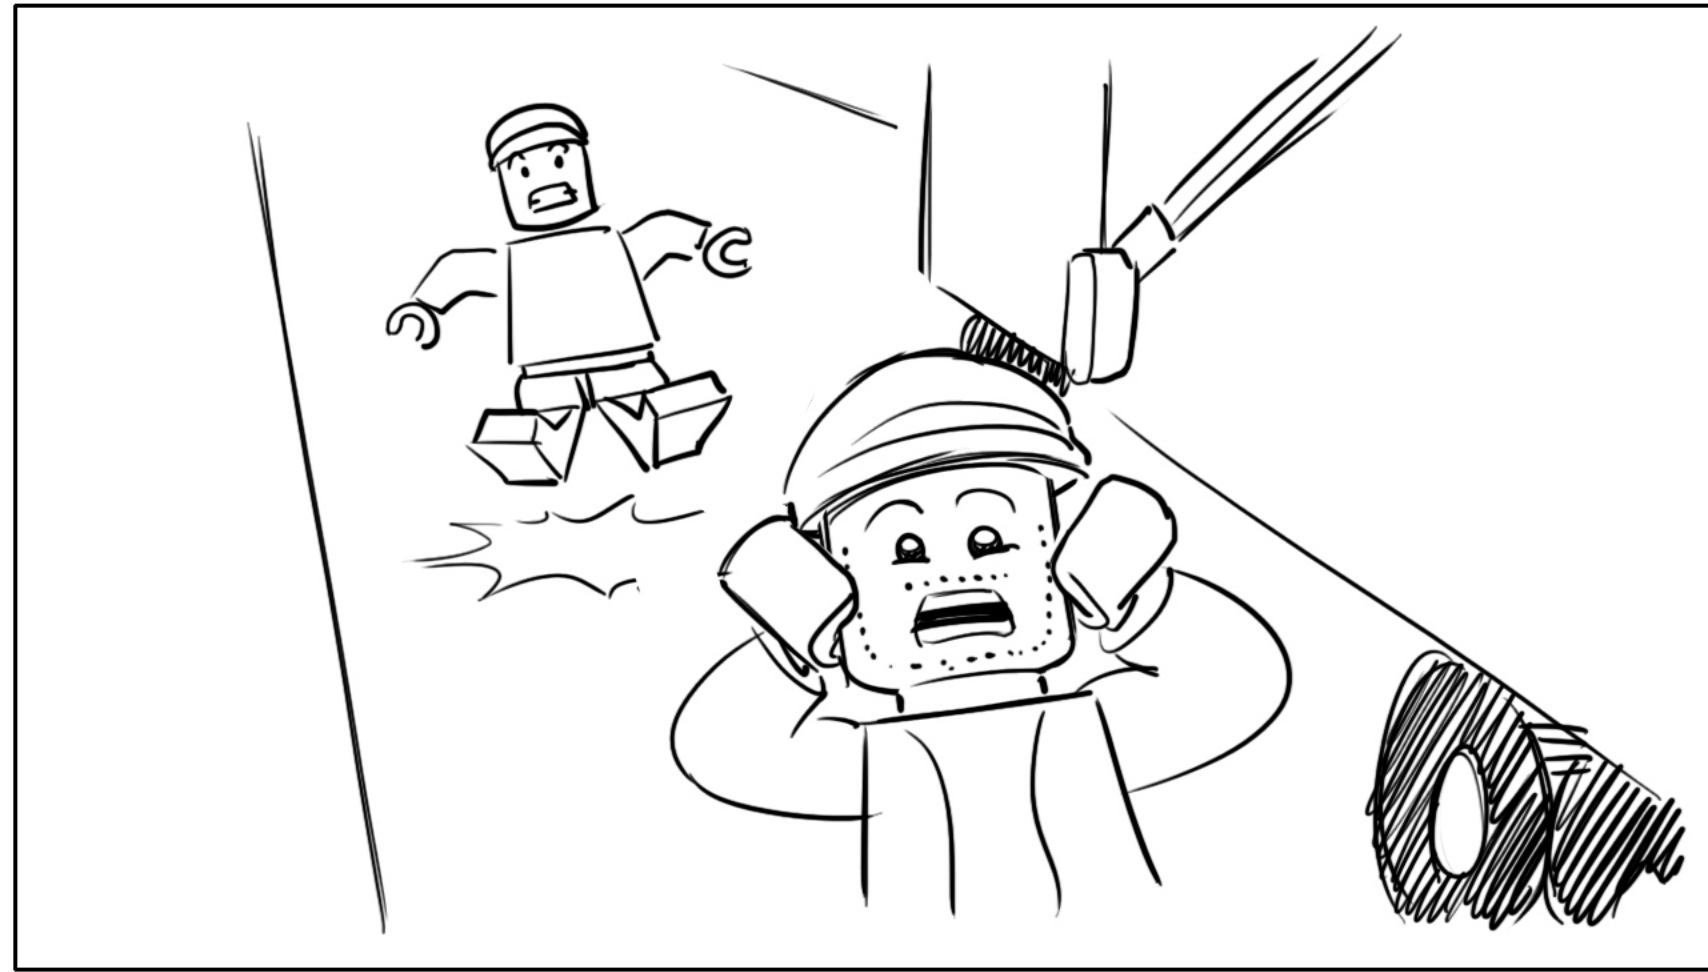

(PUZZLED NOISES)

22

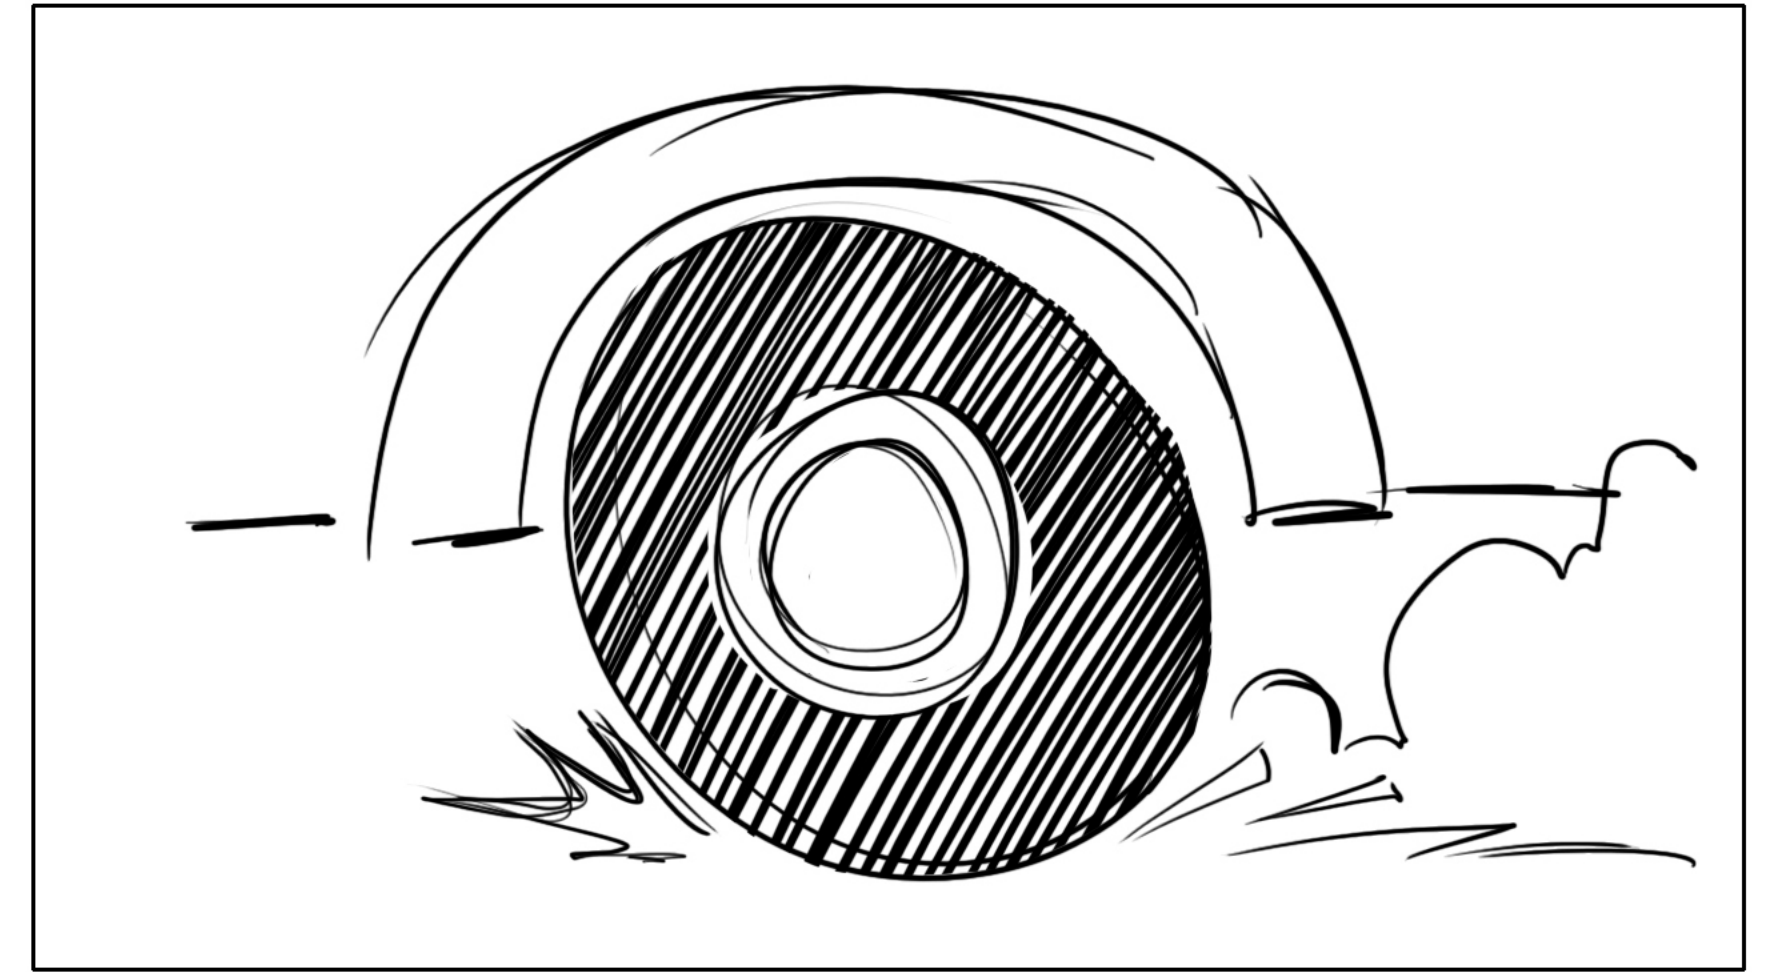

ANGLE ON THE SKY -- The dumpster has been flung high into the air. It’s flying in a parabola resembling the flight

23

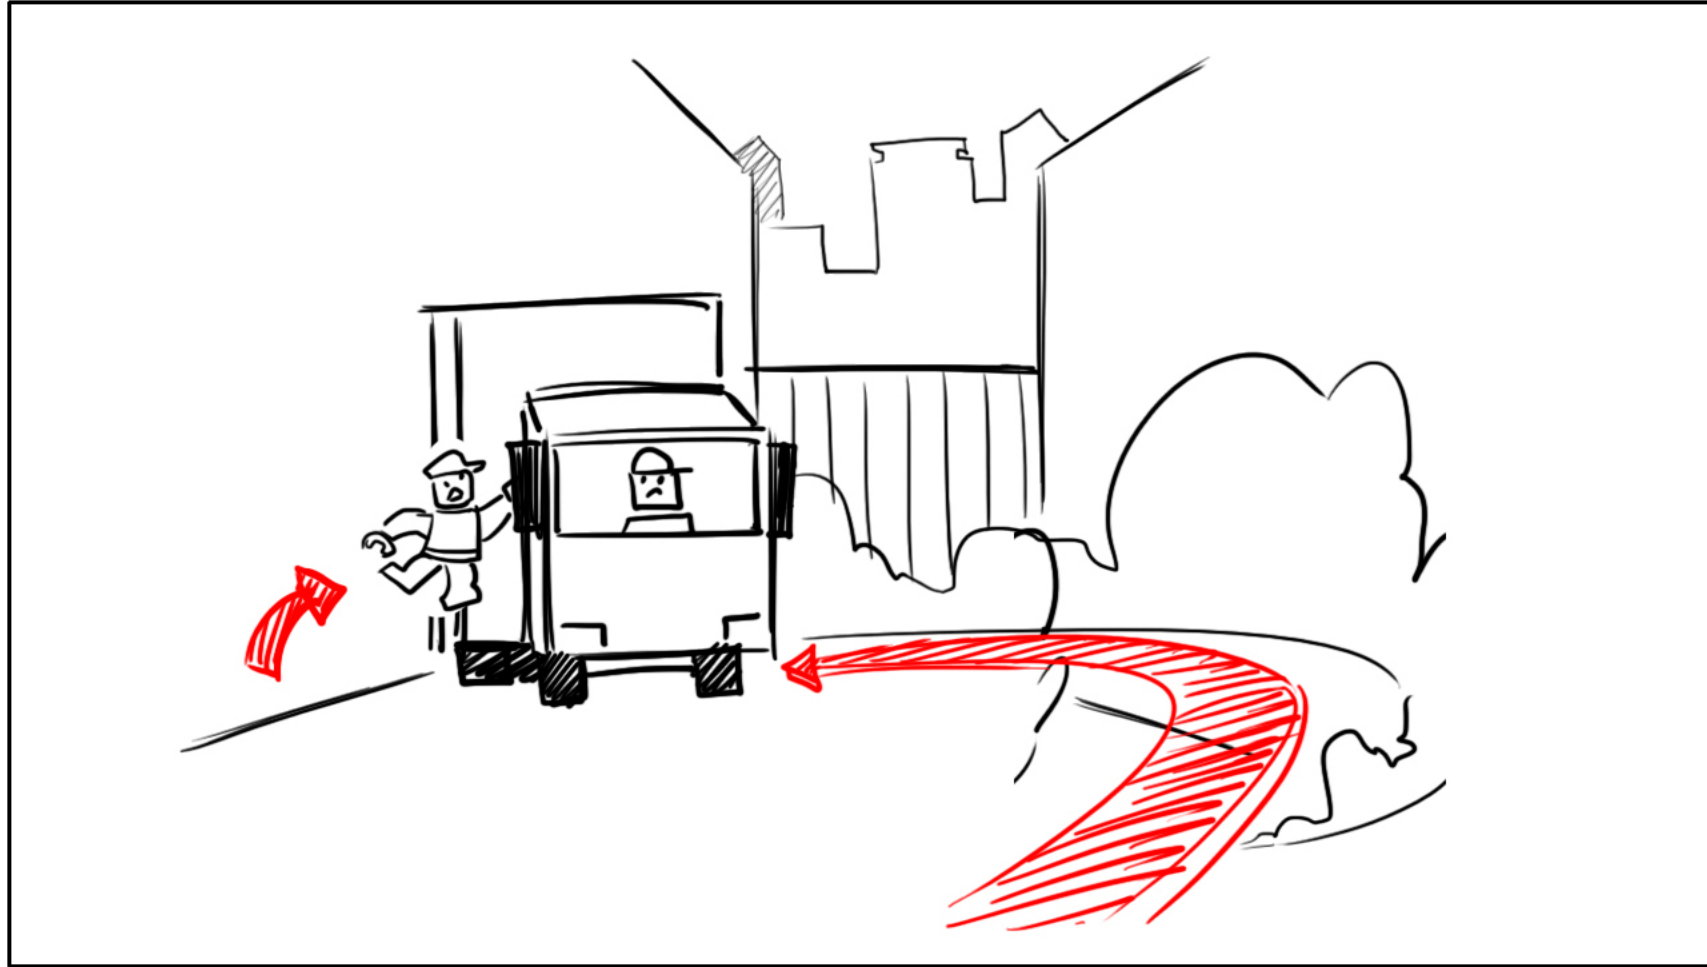

Everyone reacts.
(PANICKED SCREAMS)

24

Thinking fast, the Lead Worker PEELS OUT and executes a 180 degree SKID/TURN.

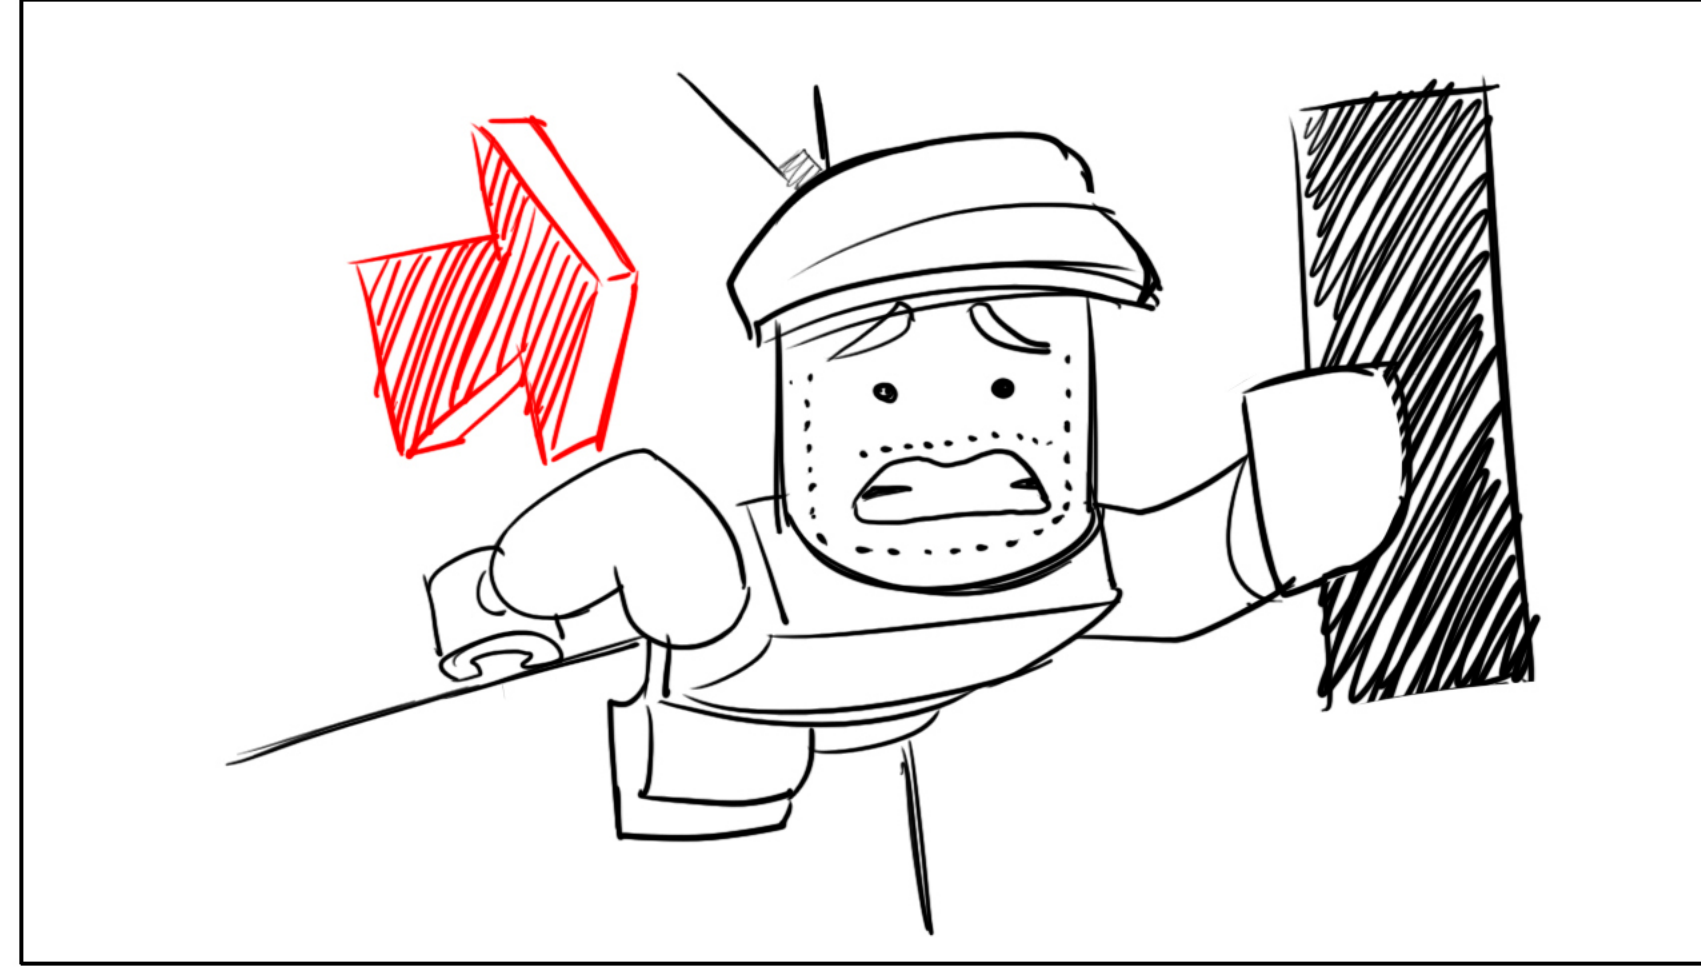

25

Mick hangs on to the driver's side

mirror for dear life as the Lead Worker races the truck

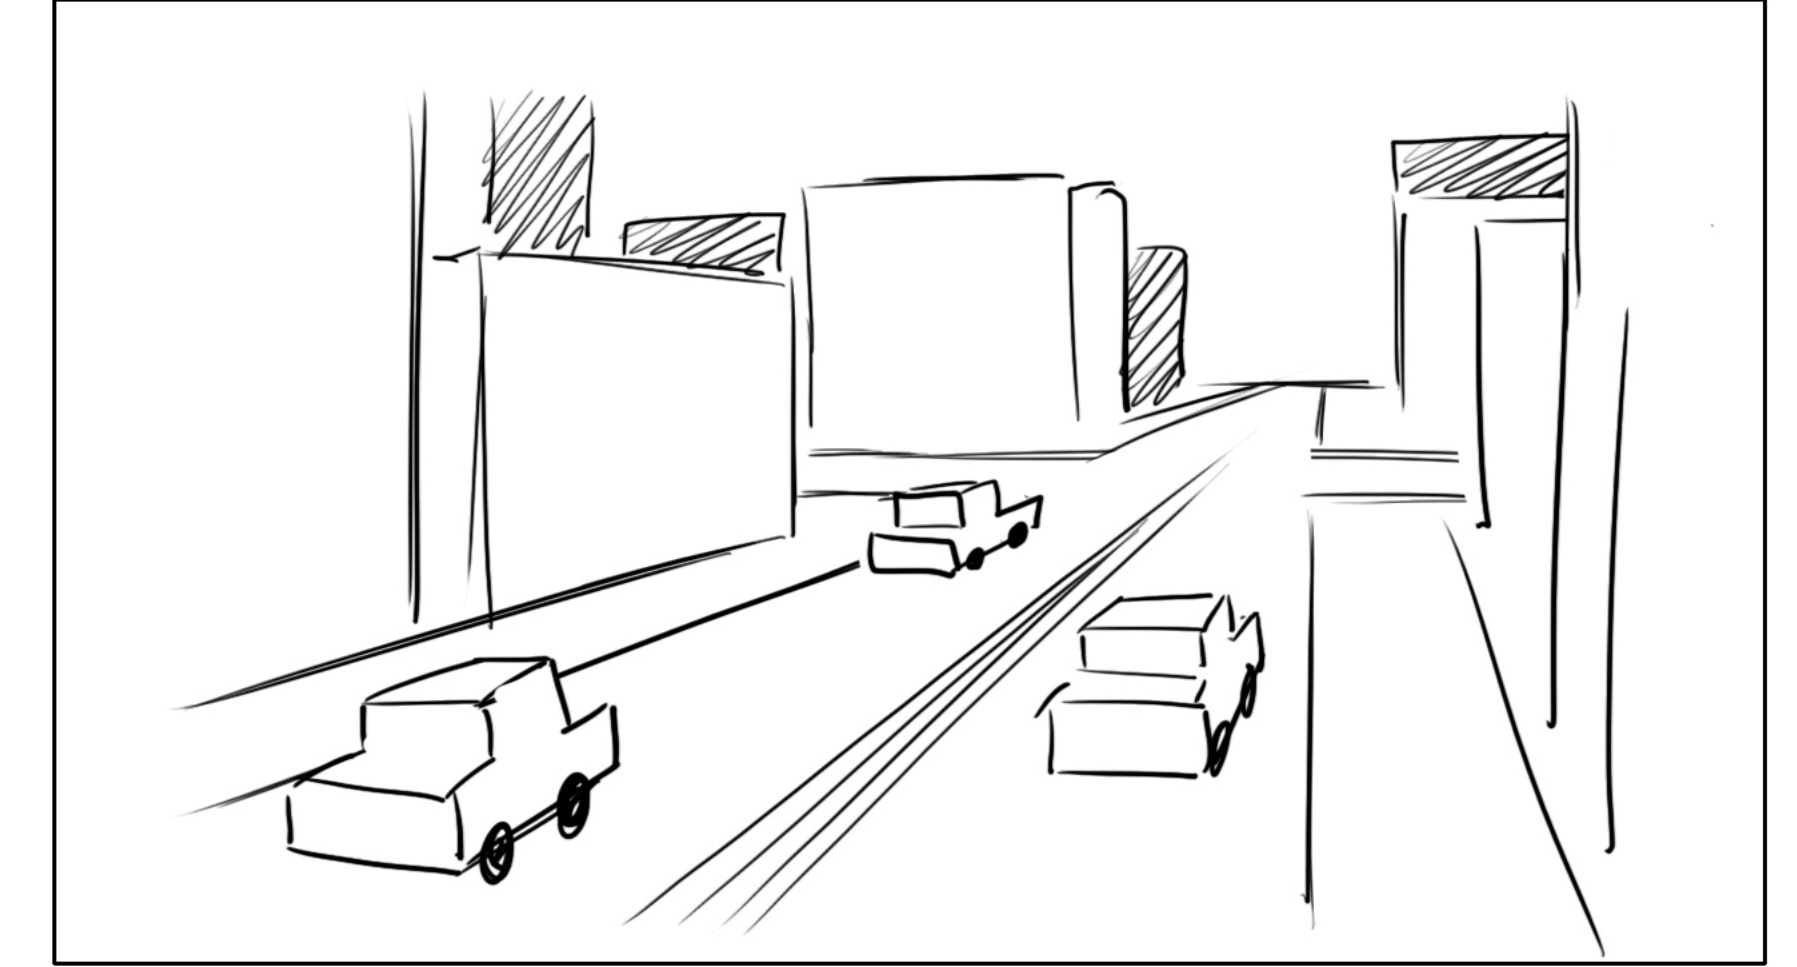

26

Mick hangs on to the driver's side

mirror for dear life as the Lead Worker races the truck toward where the dumpster will land.

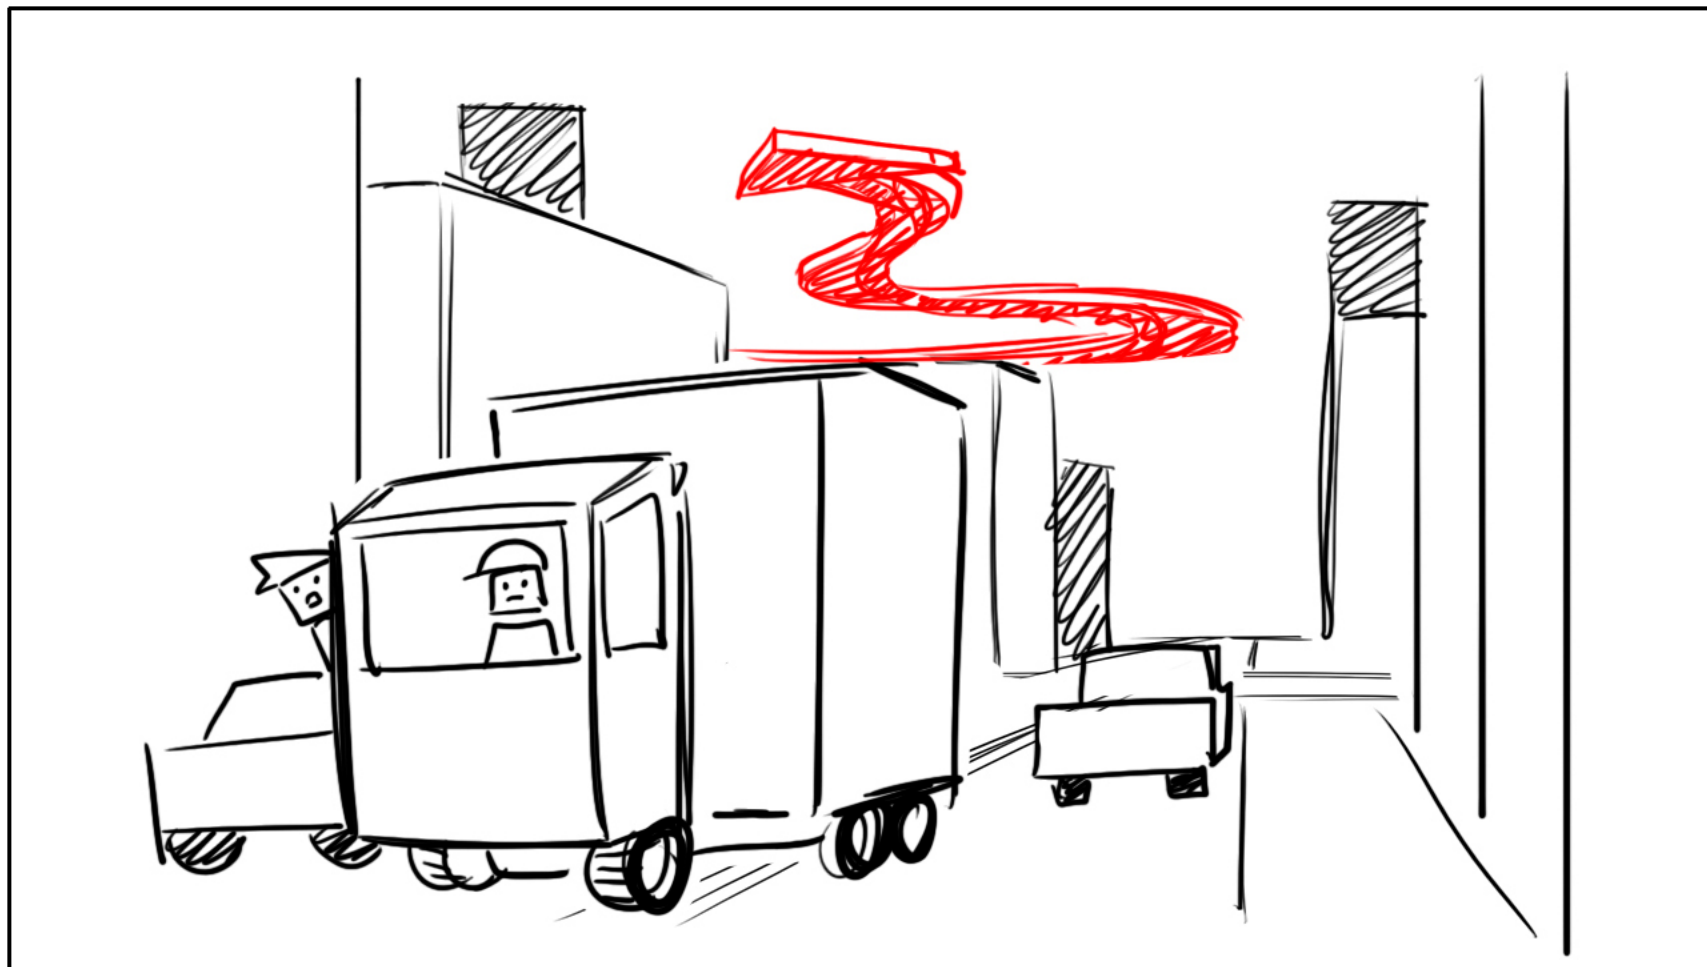

27

EXT. STREETS OF LEGO CITY - CONTINUOUS

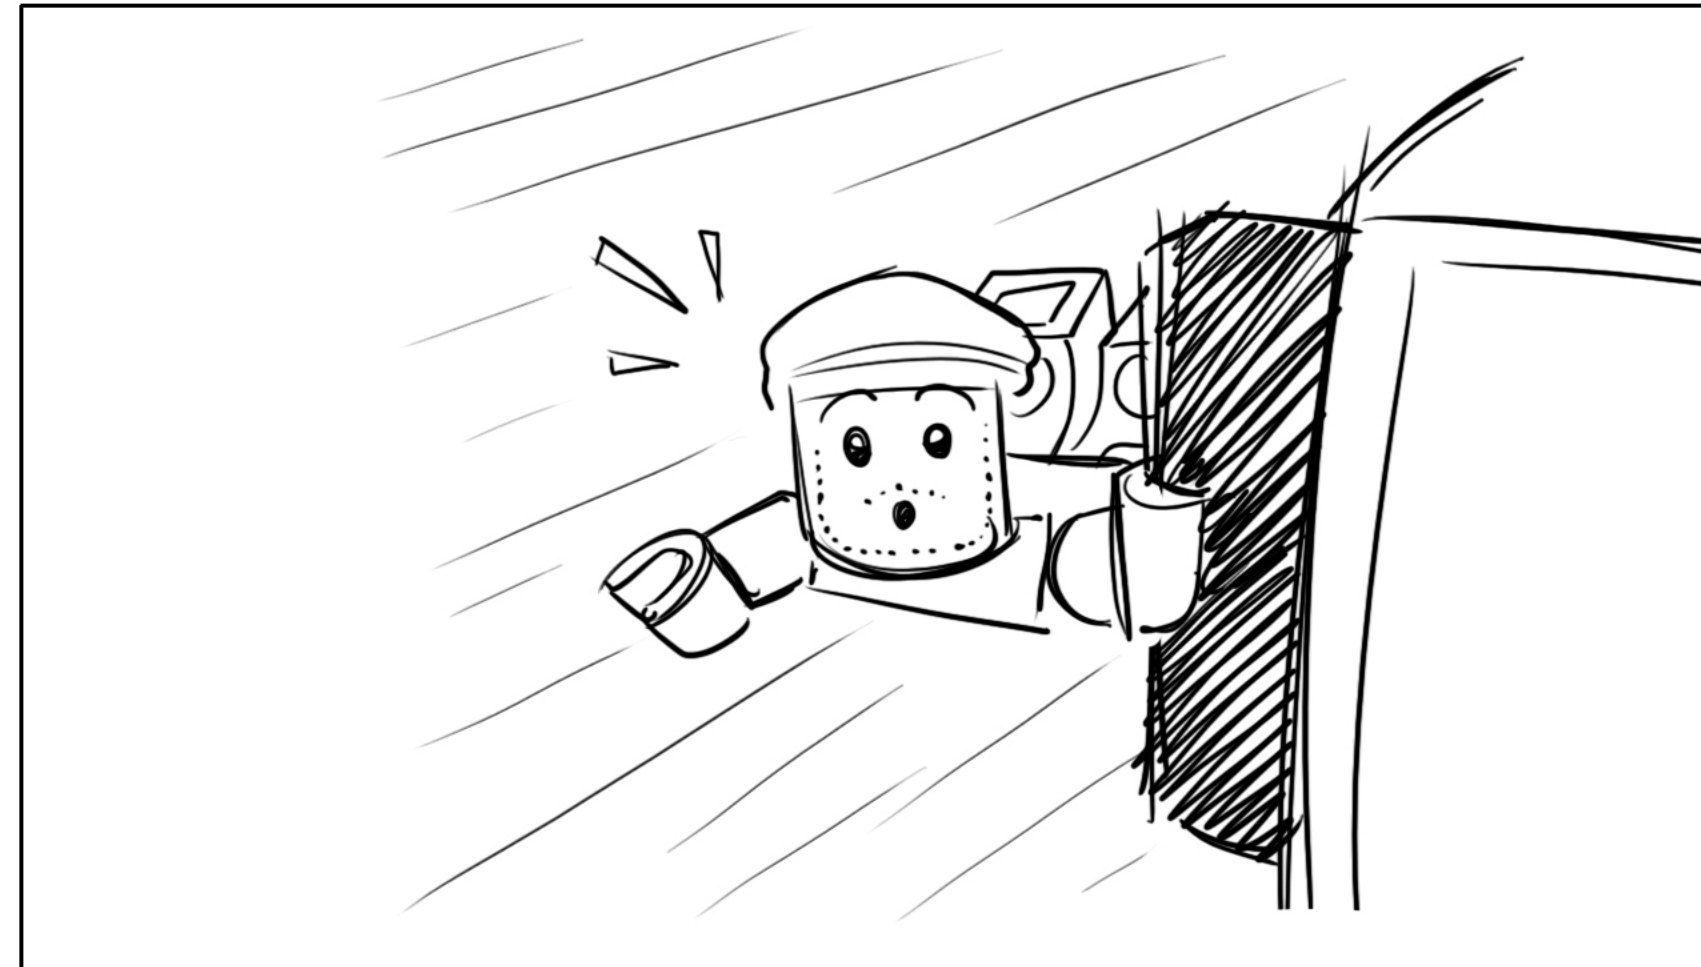

The Garbage Truck races through traffic, veering wildly and dodging other vehicles.

28

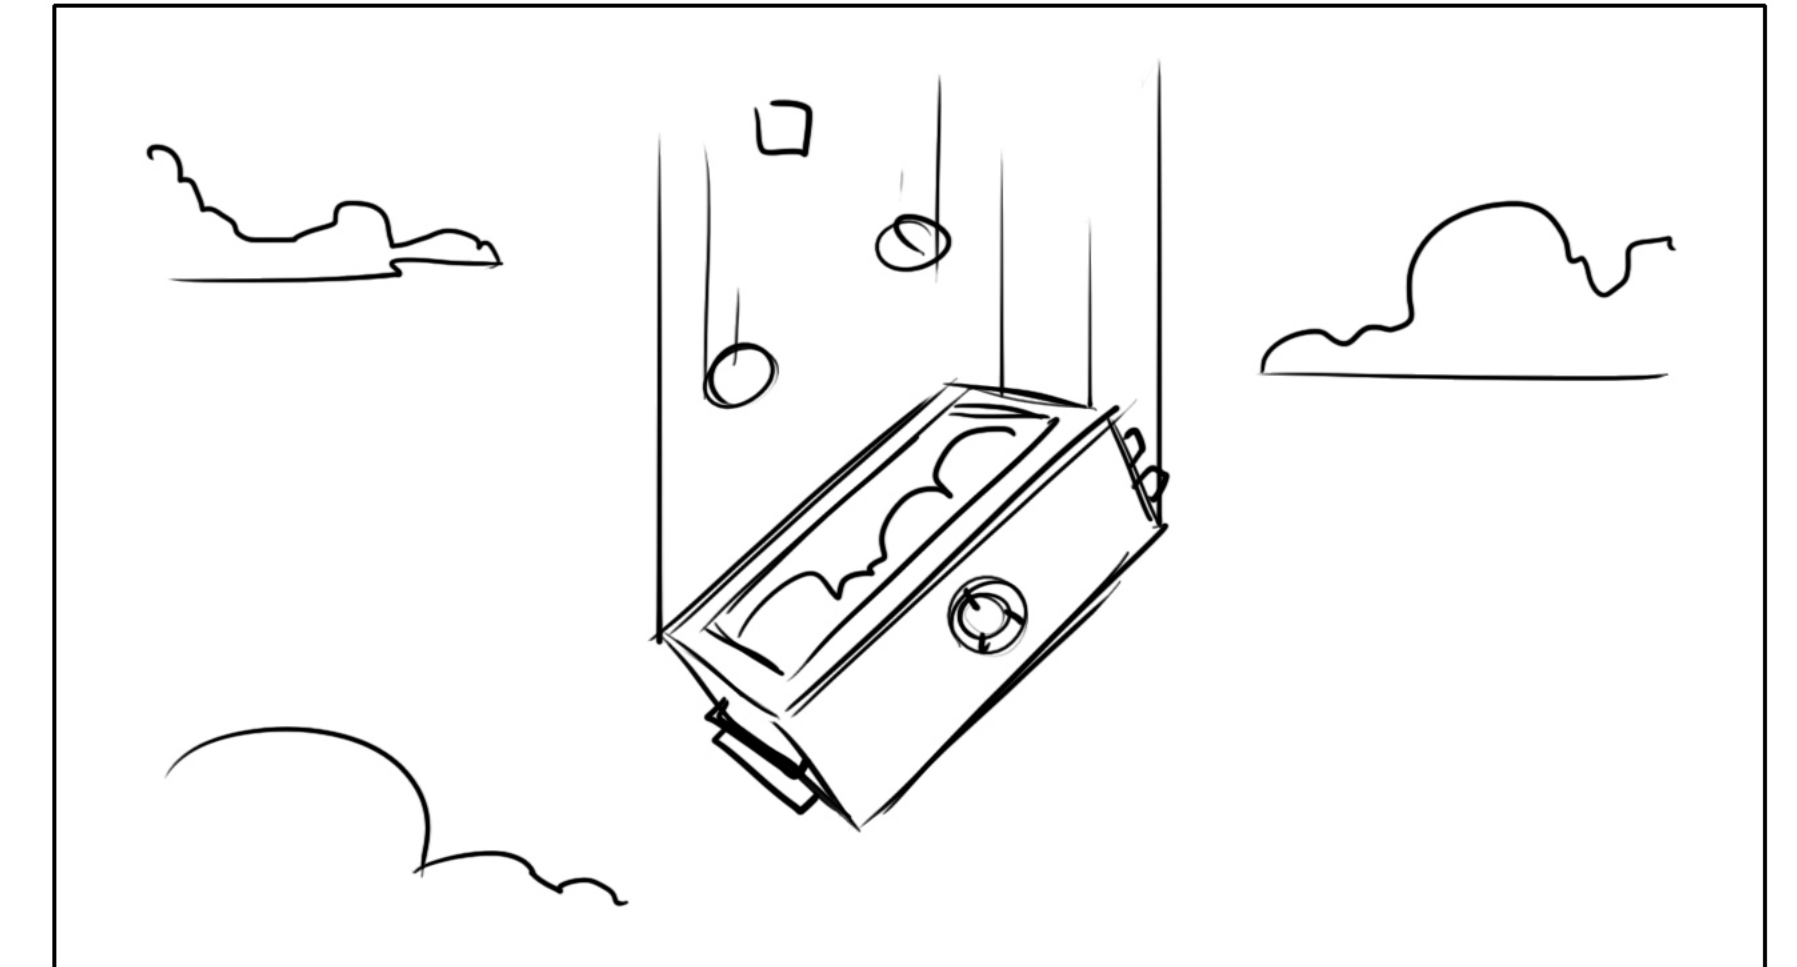

The Garbage Truck races through traffic, veering wildly and dodging other vehicles.

29

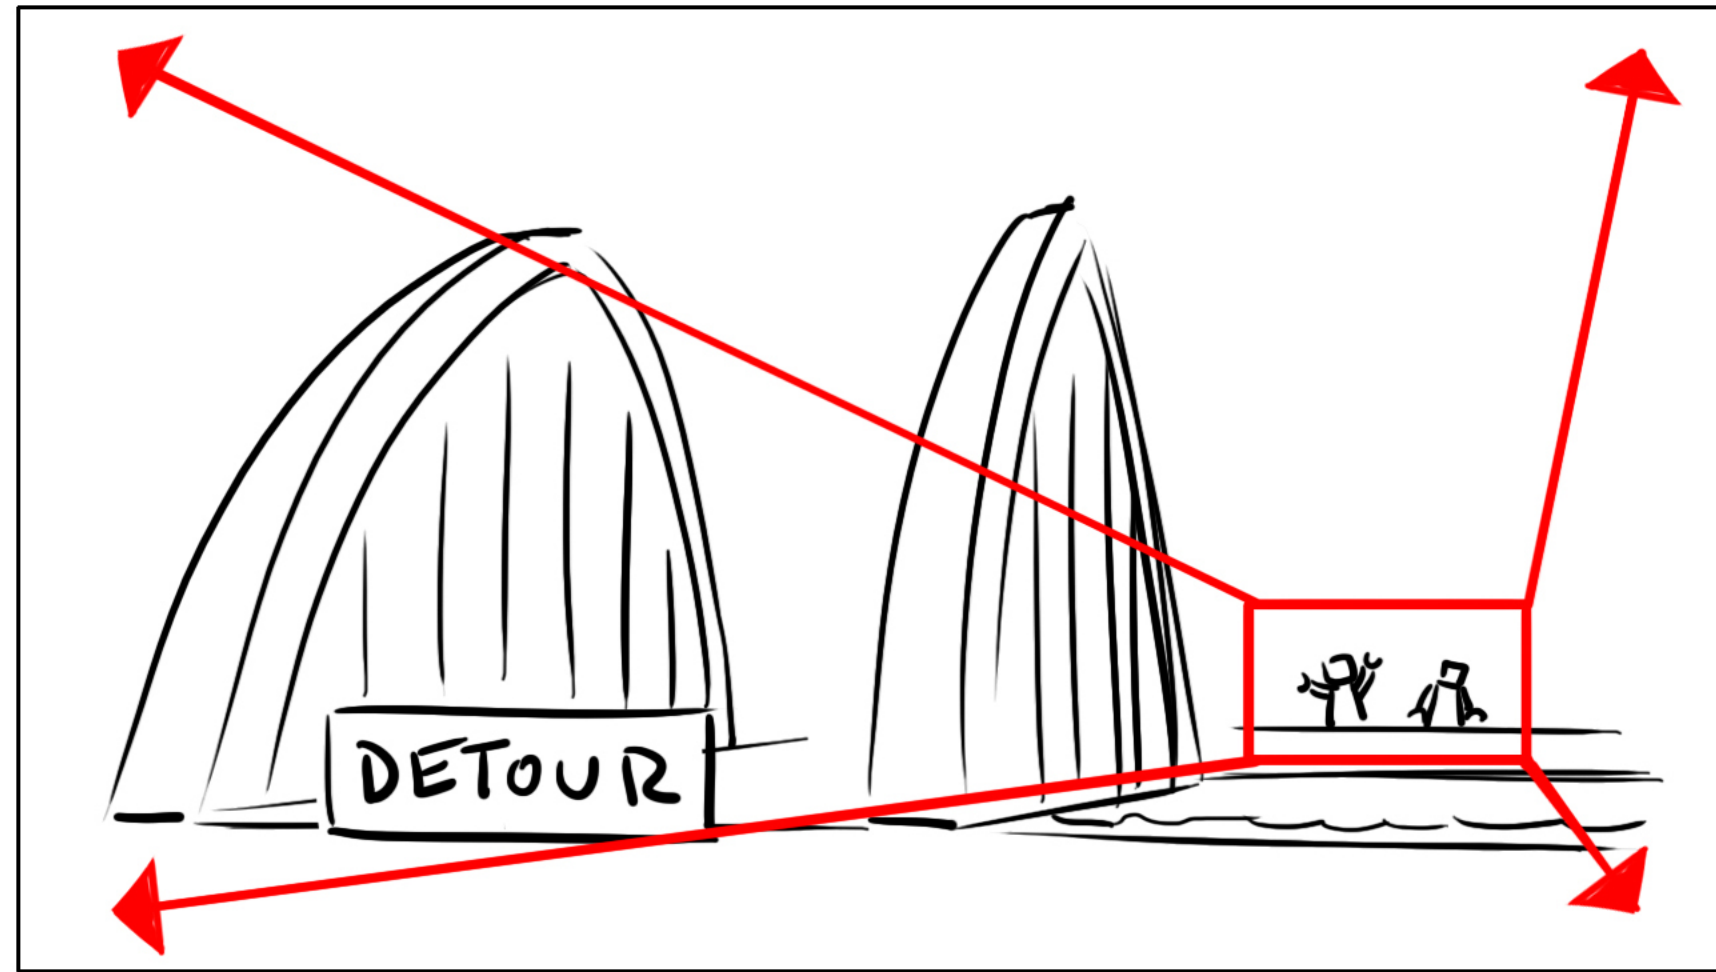

Mick looks up to see the dumpster is now plunging out of the sky.

30

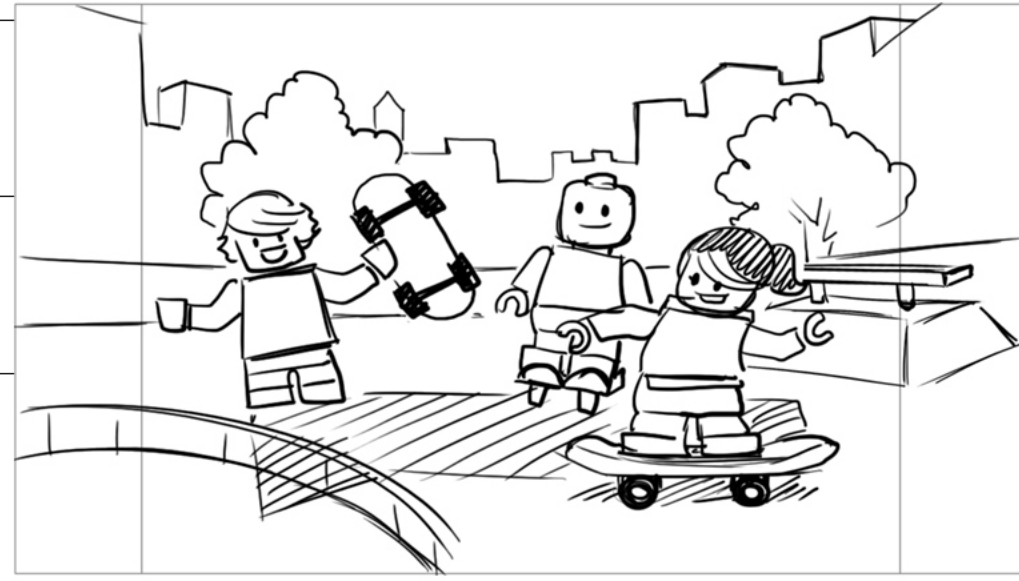

Mick looks up to see the dumpster is now plunging out of the sky.

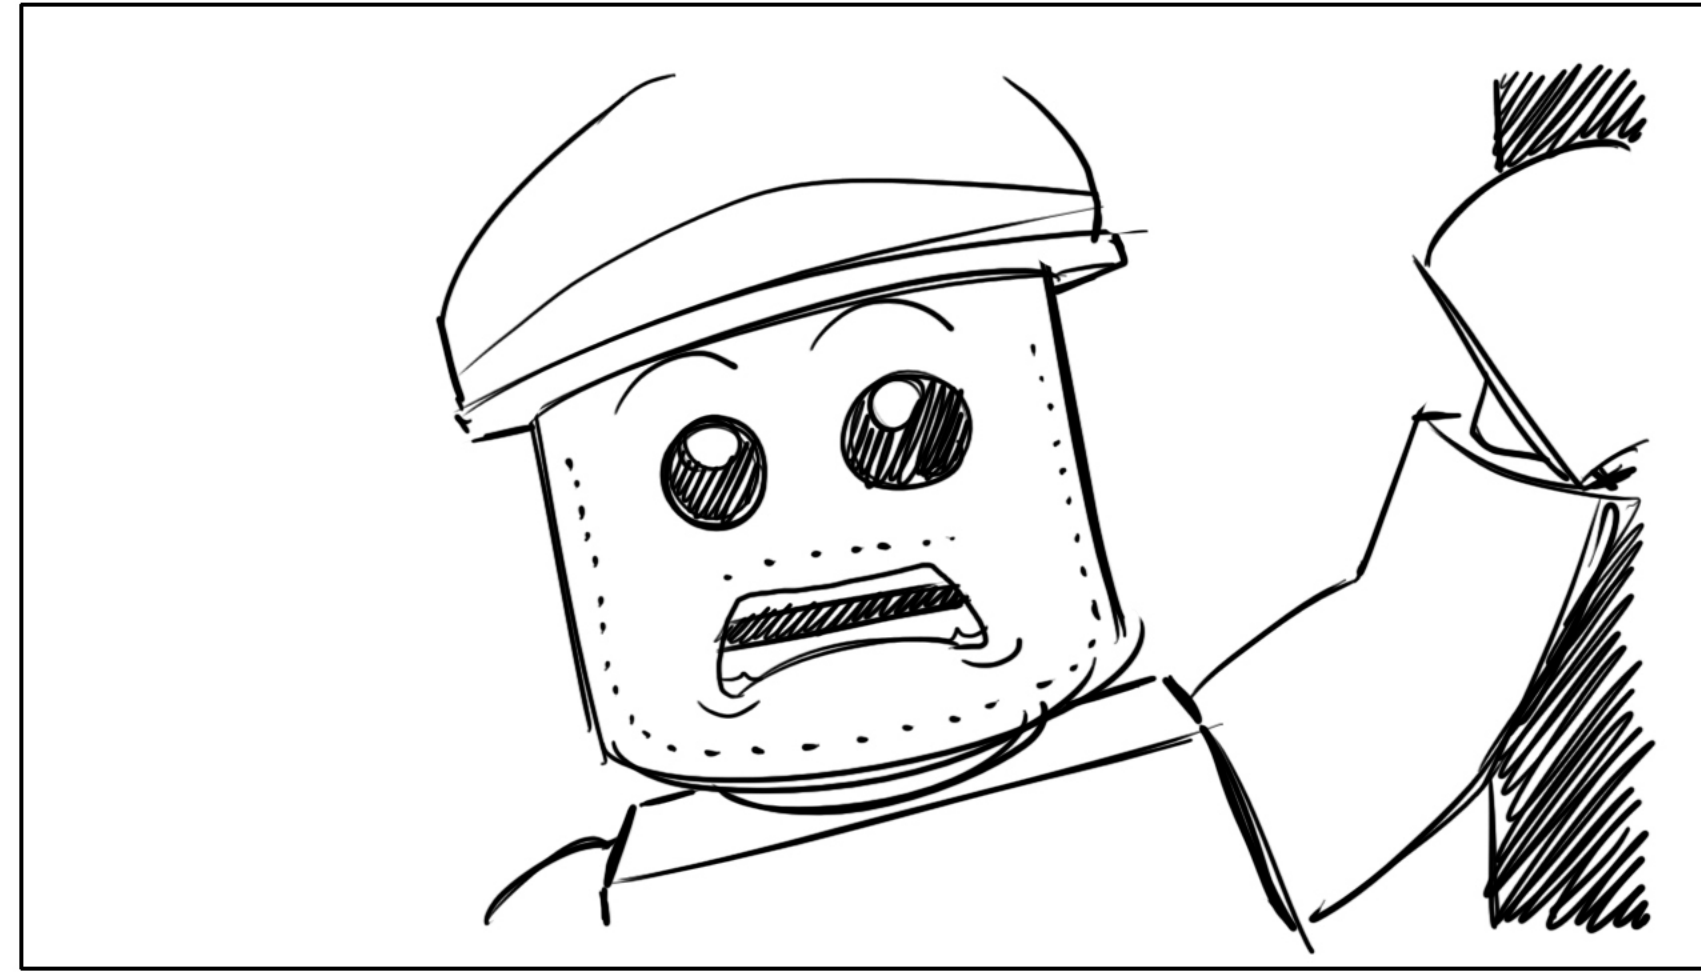

31

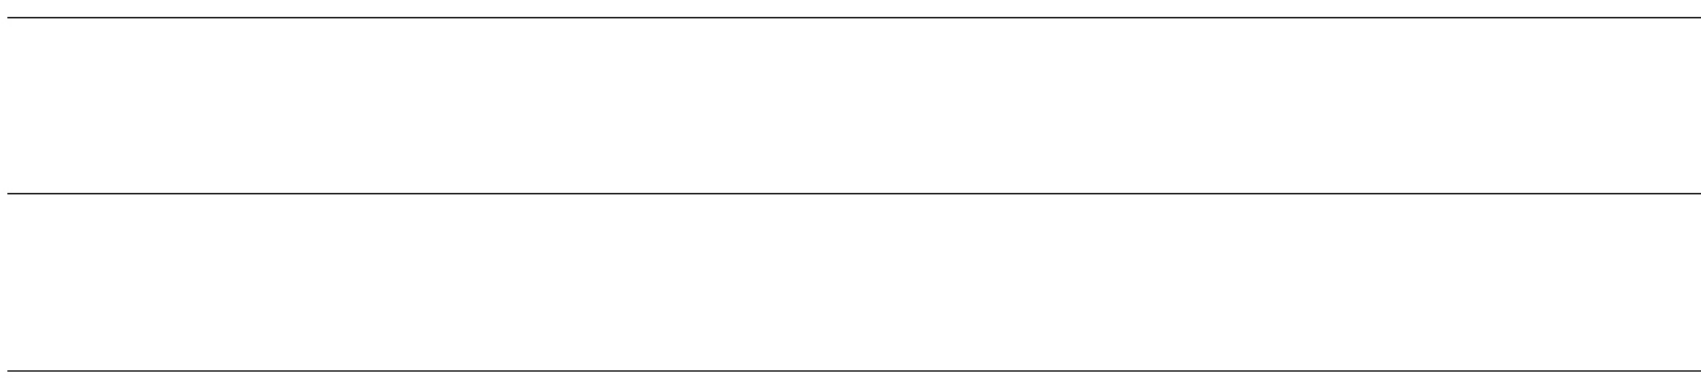

We see kids playing in a skatepark, then zoom out to reveal the park is inaccessible due to a closed bridge.

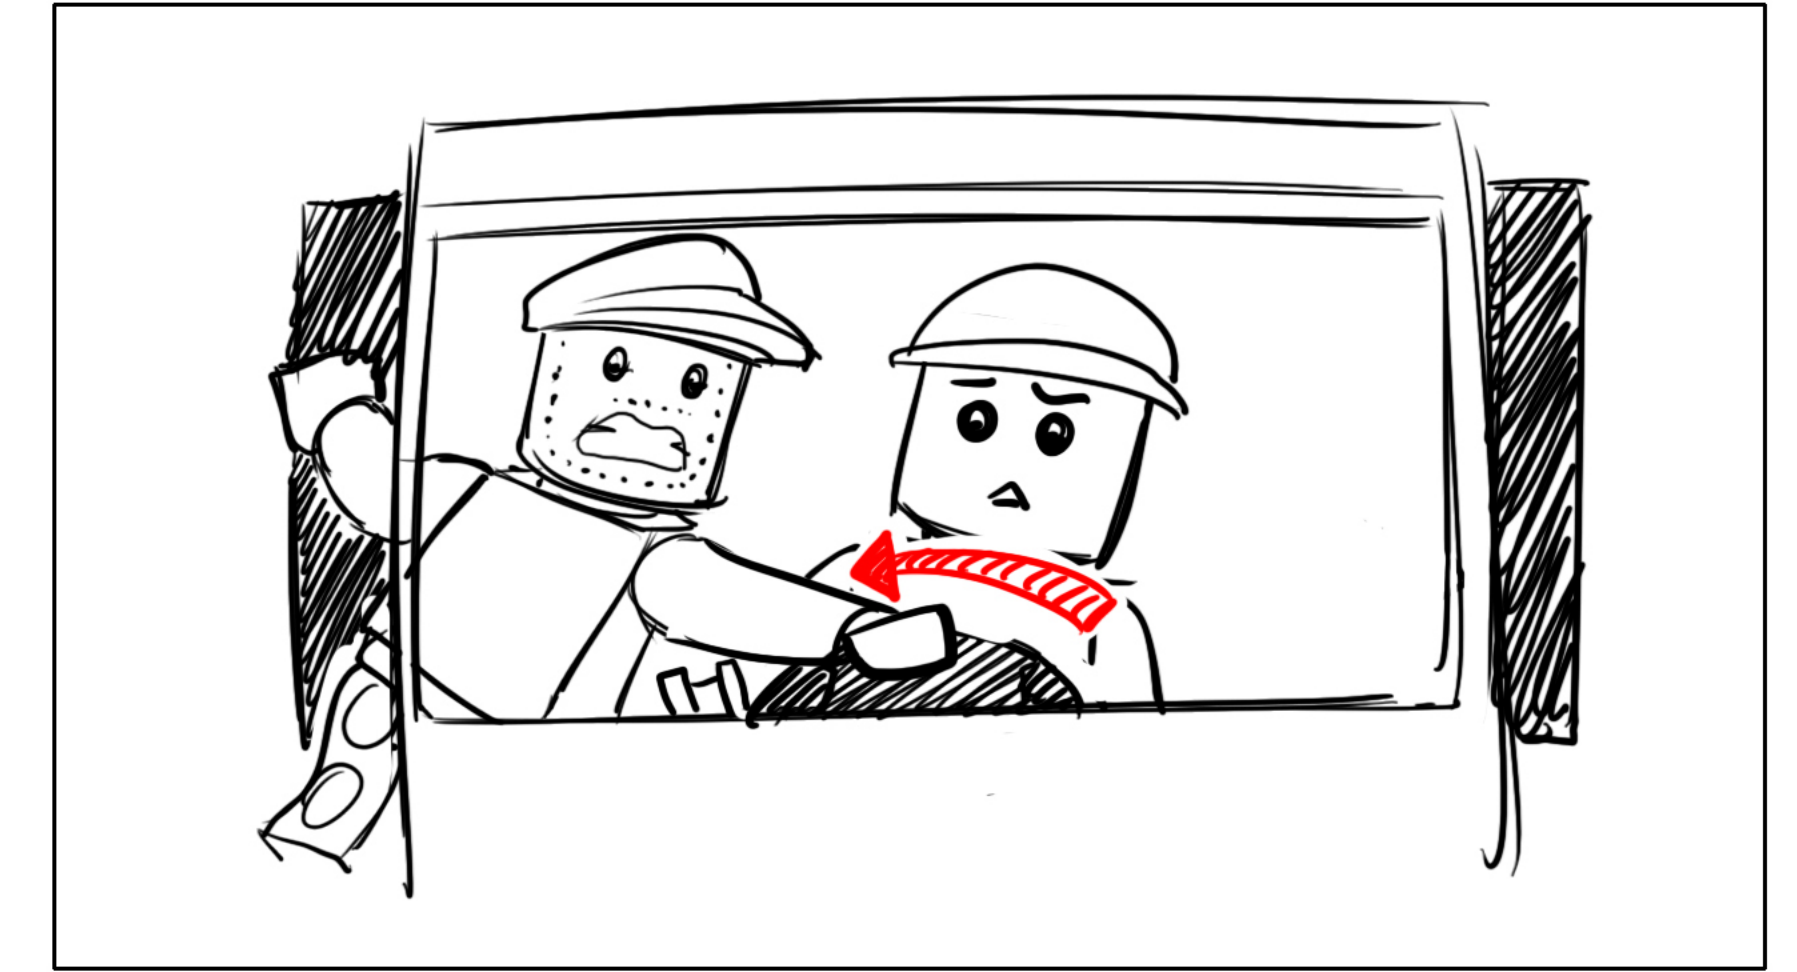

32

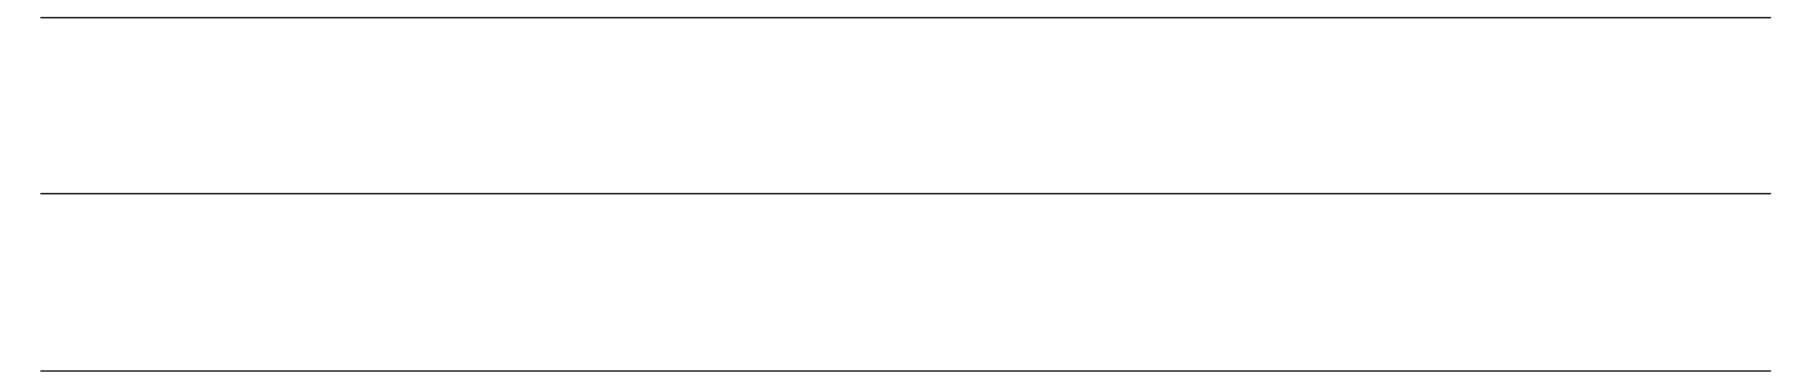

ANGLE ON MICK -- his eyes widen.

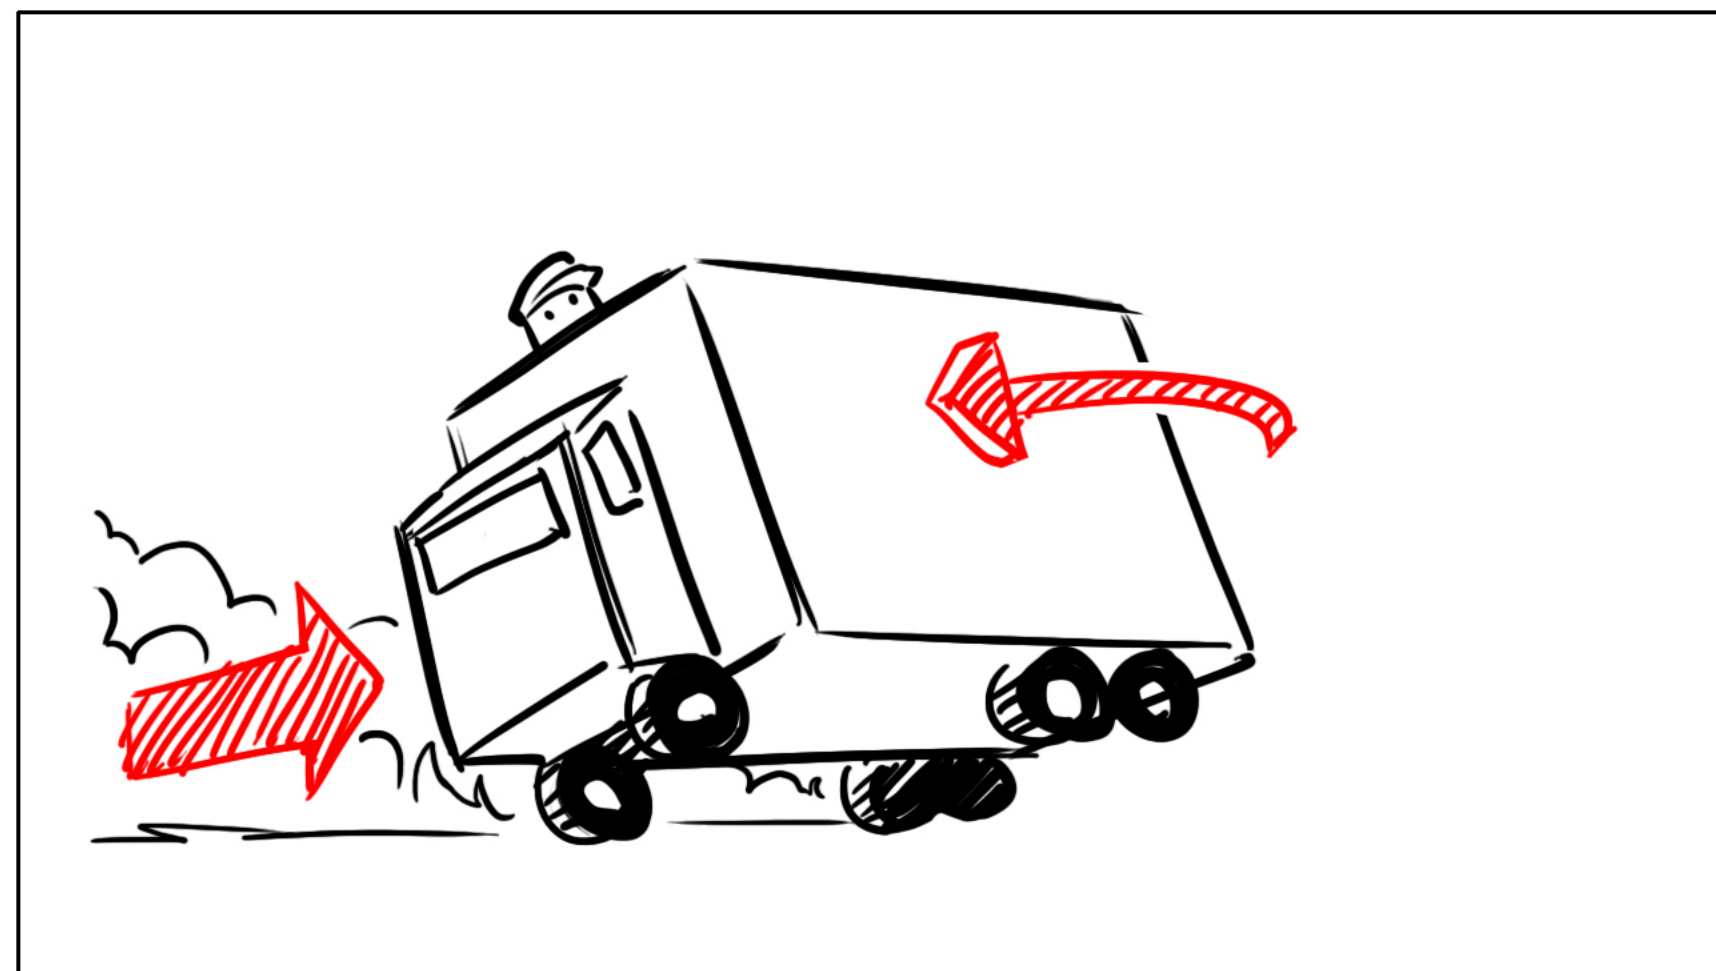

33

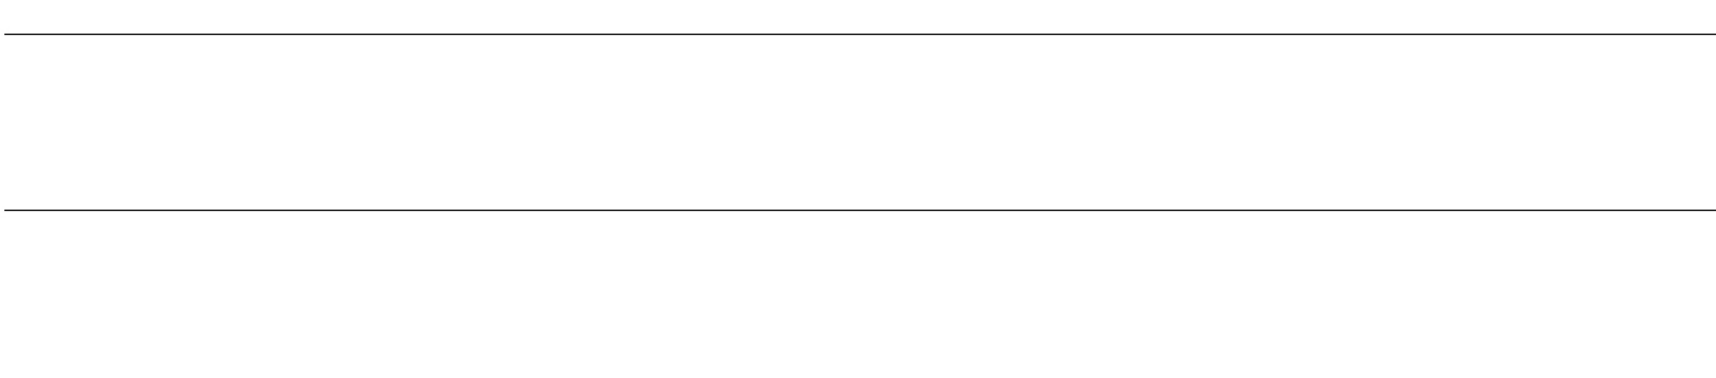

He reaches into the cab and quickly turns the wheel.

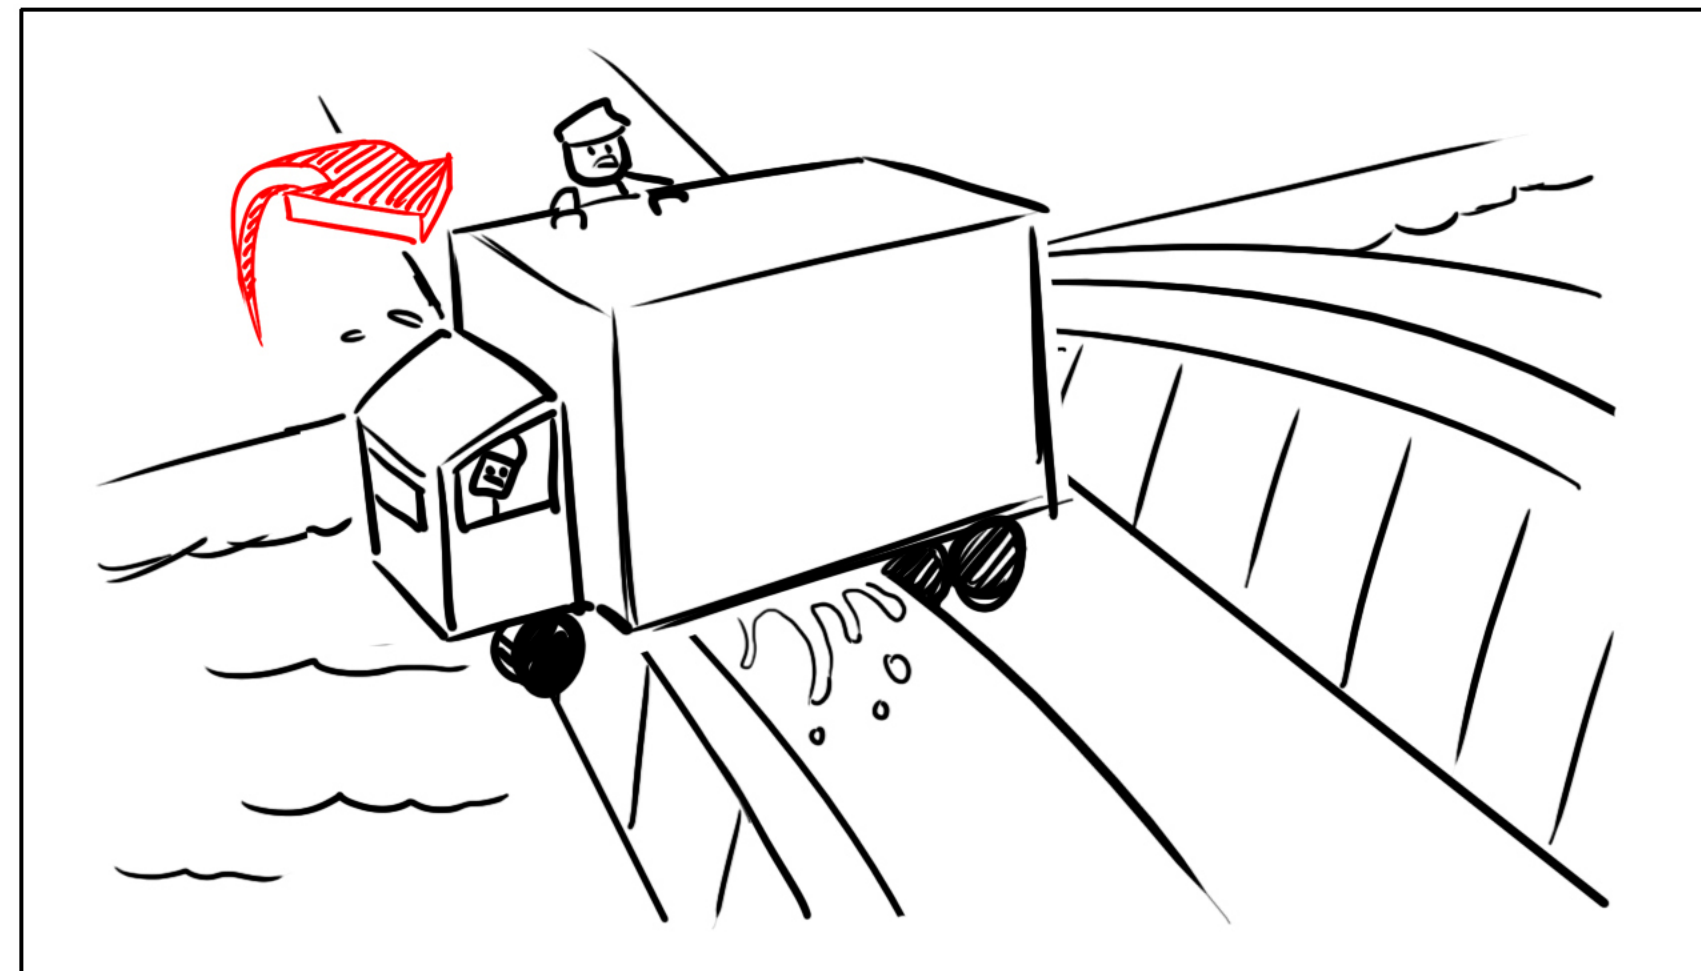

34

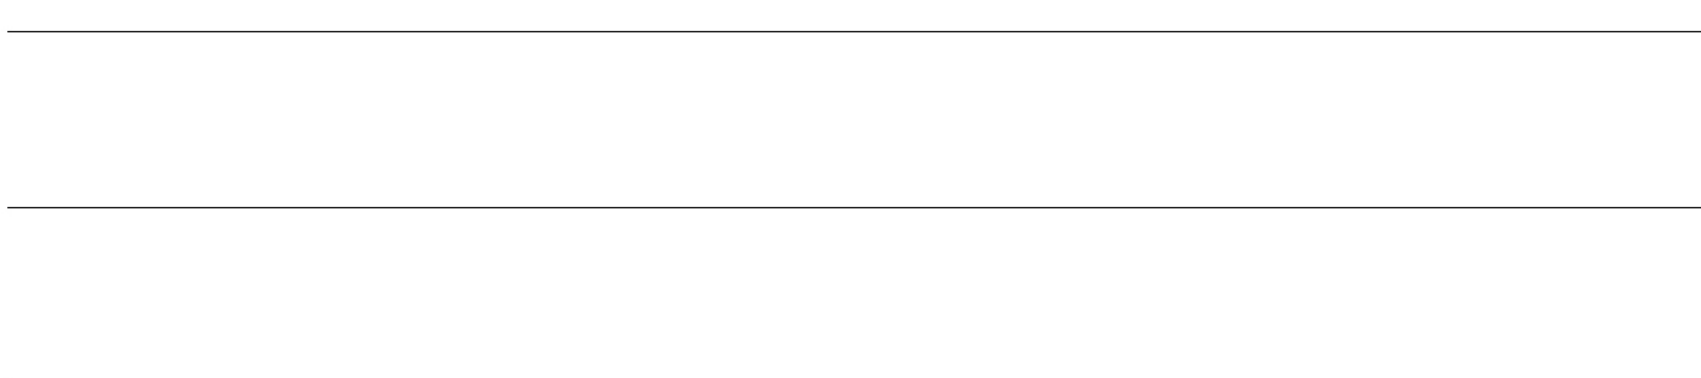

The truck turns to the side with its side wheels in the air and prepares to grind on the bridge supports.

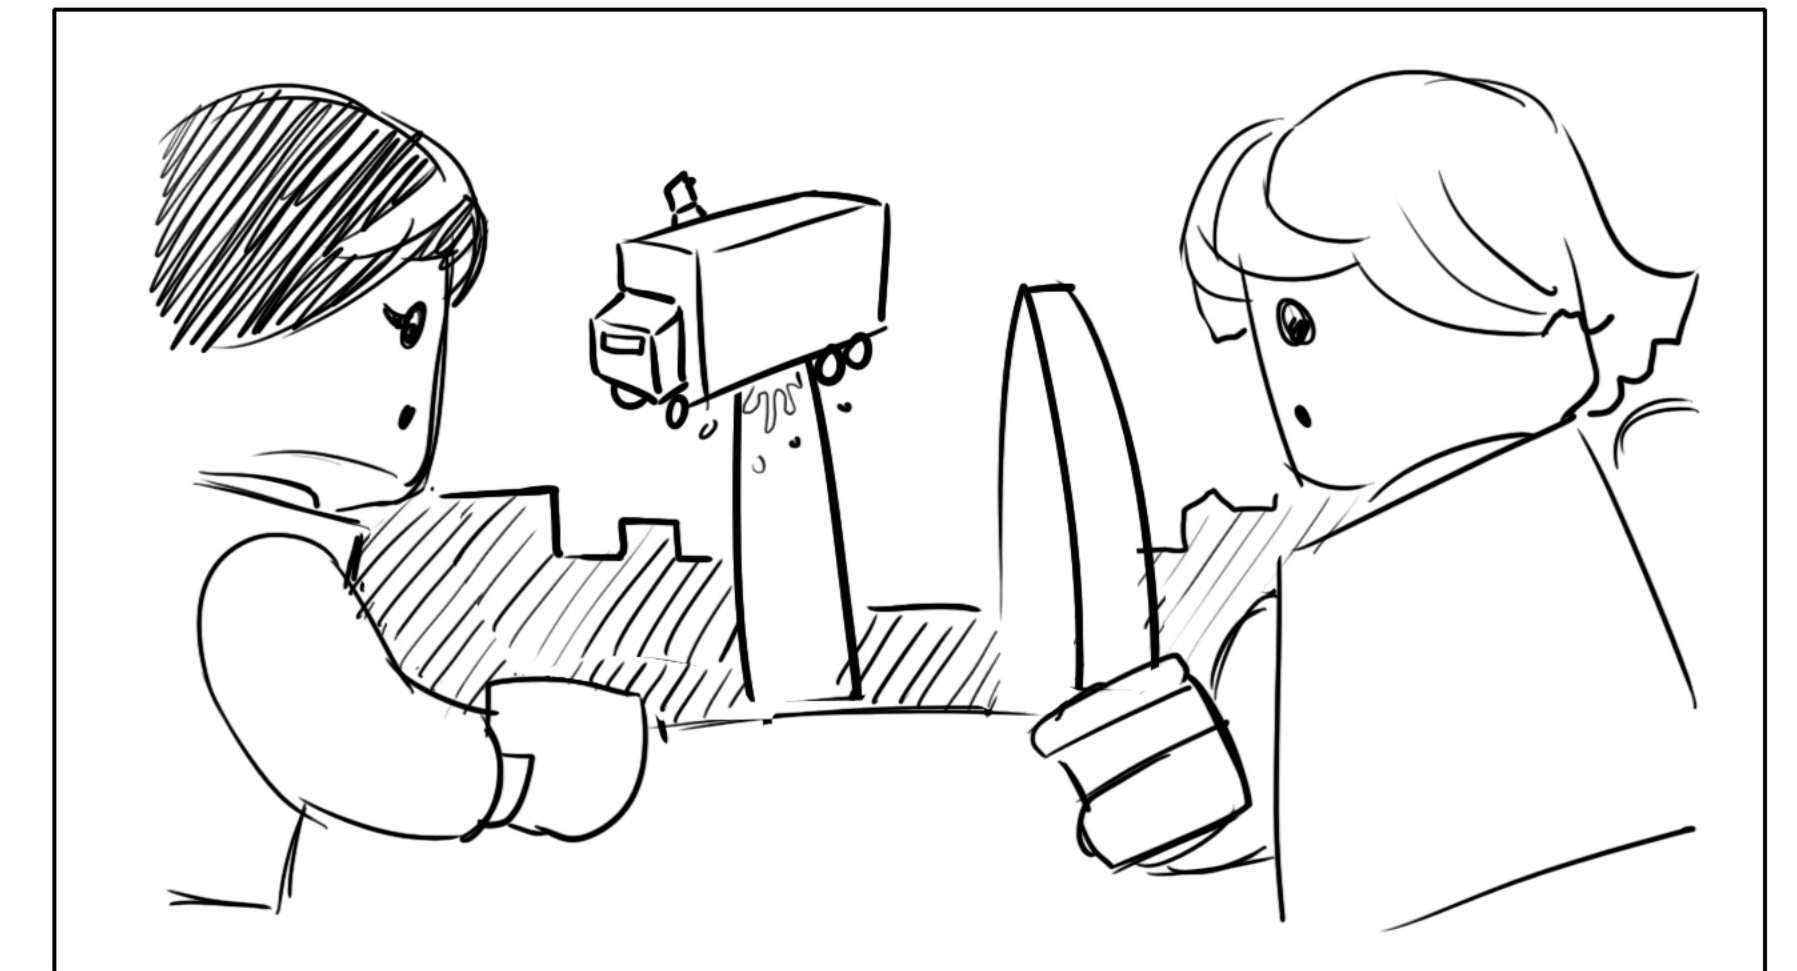

35

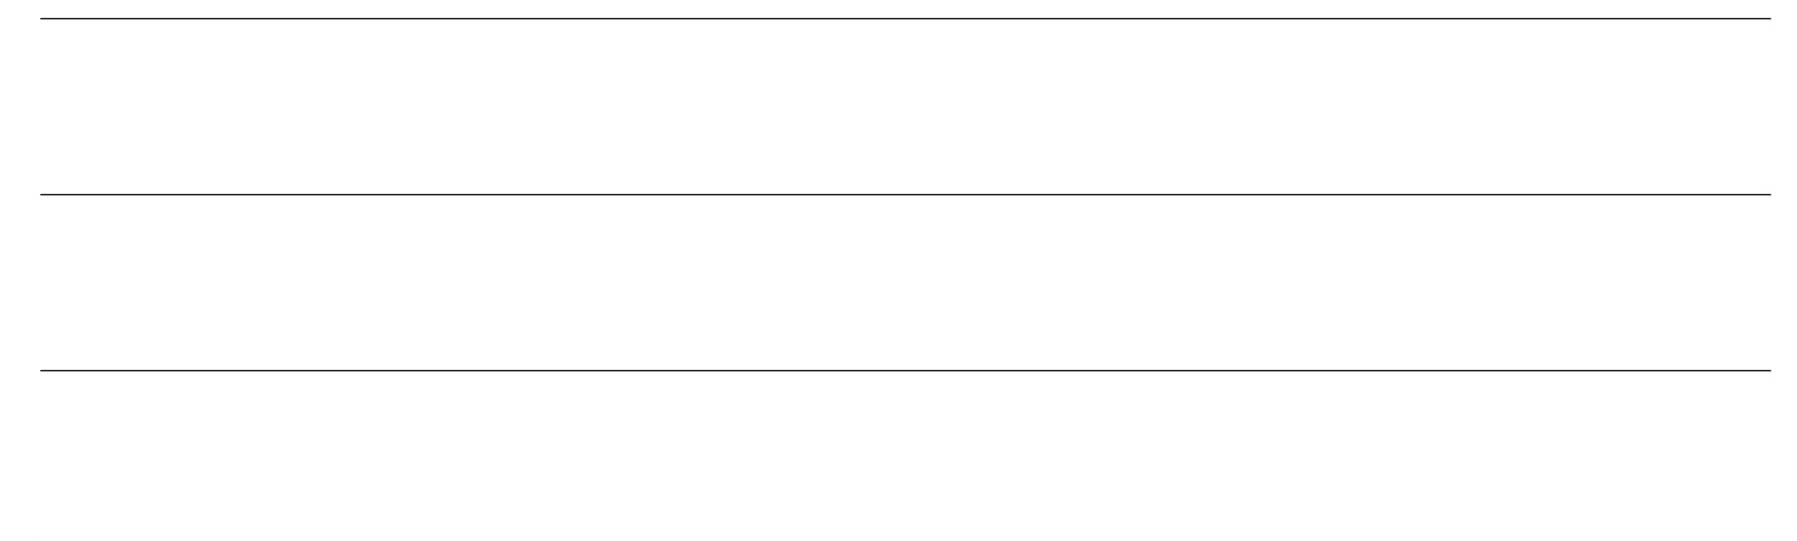

The truck slides up onto the railing and grinds its way to the other side.

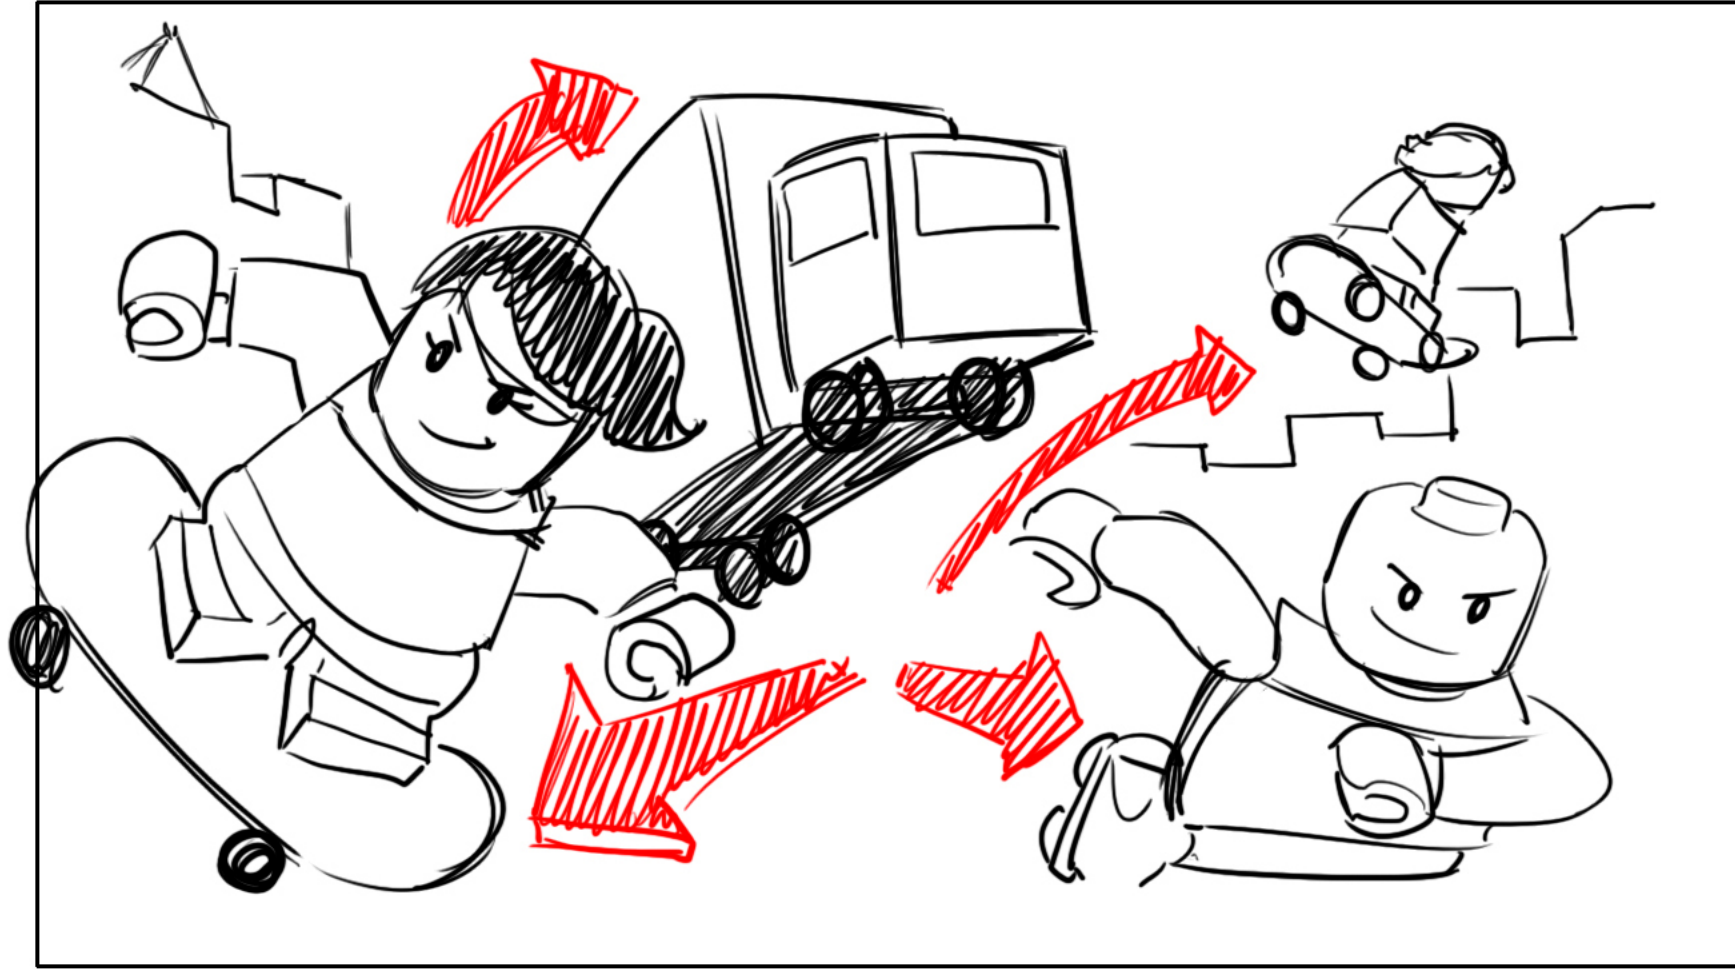

36

The kids see the truck coming across the bridge.

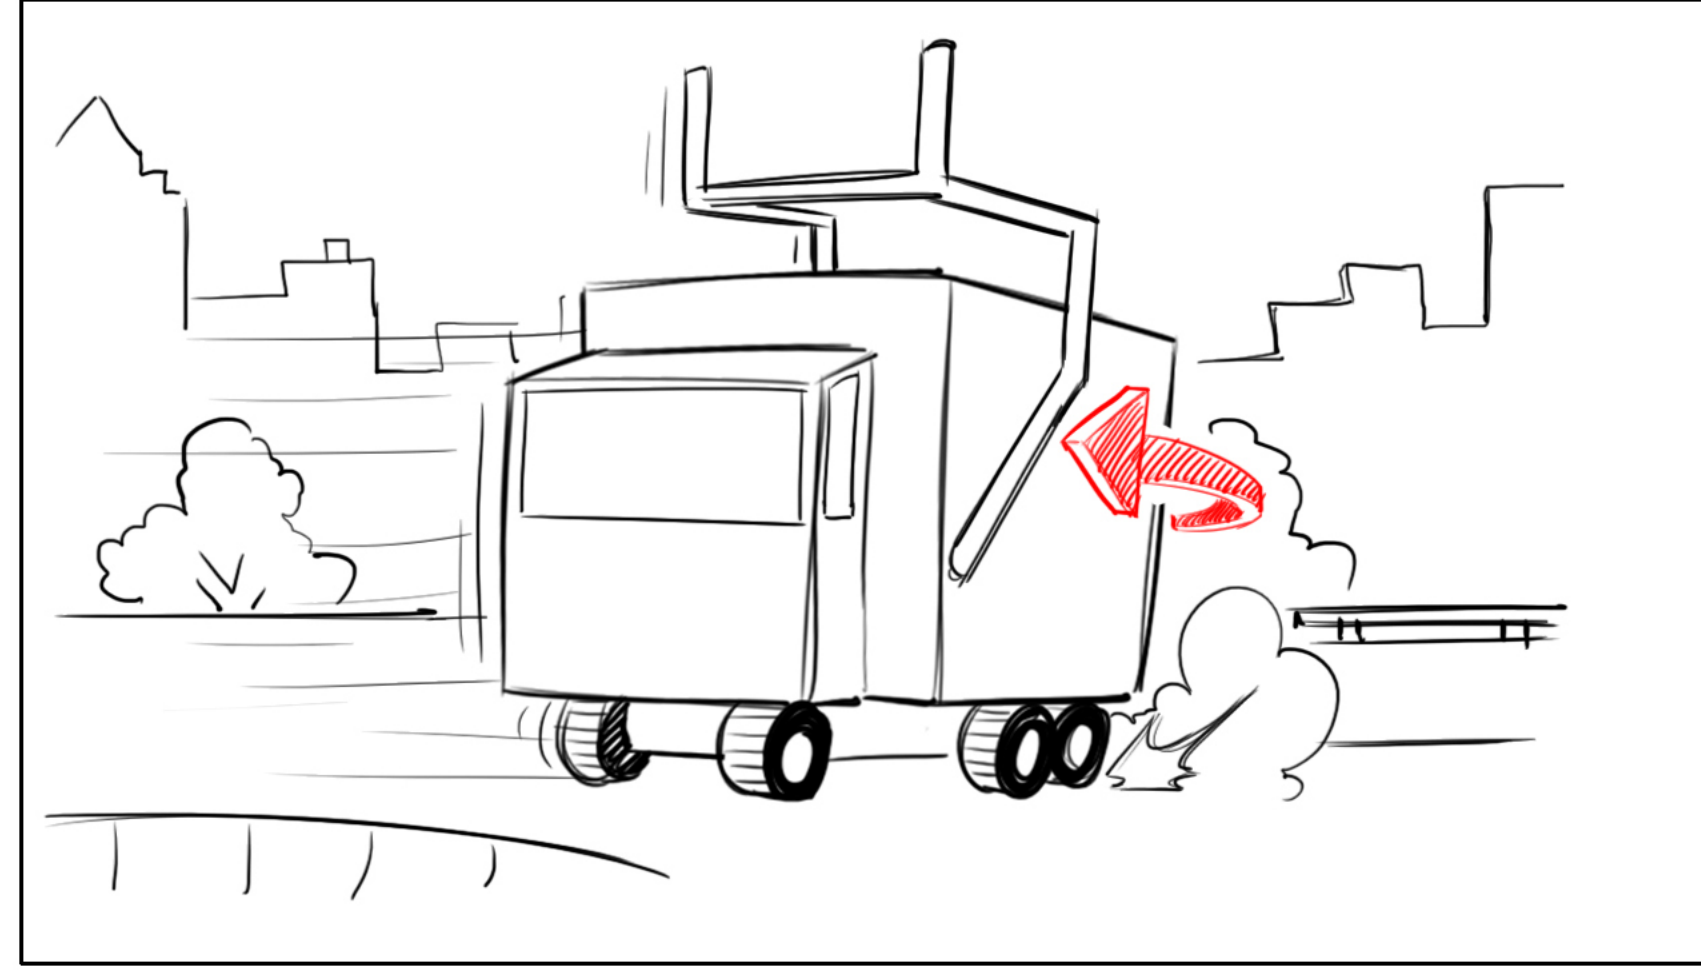

37

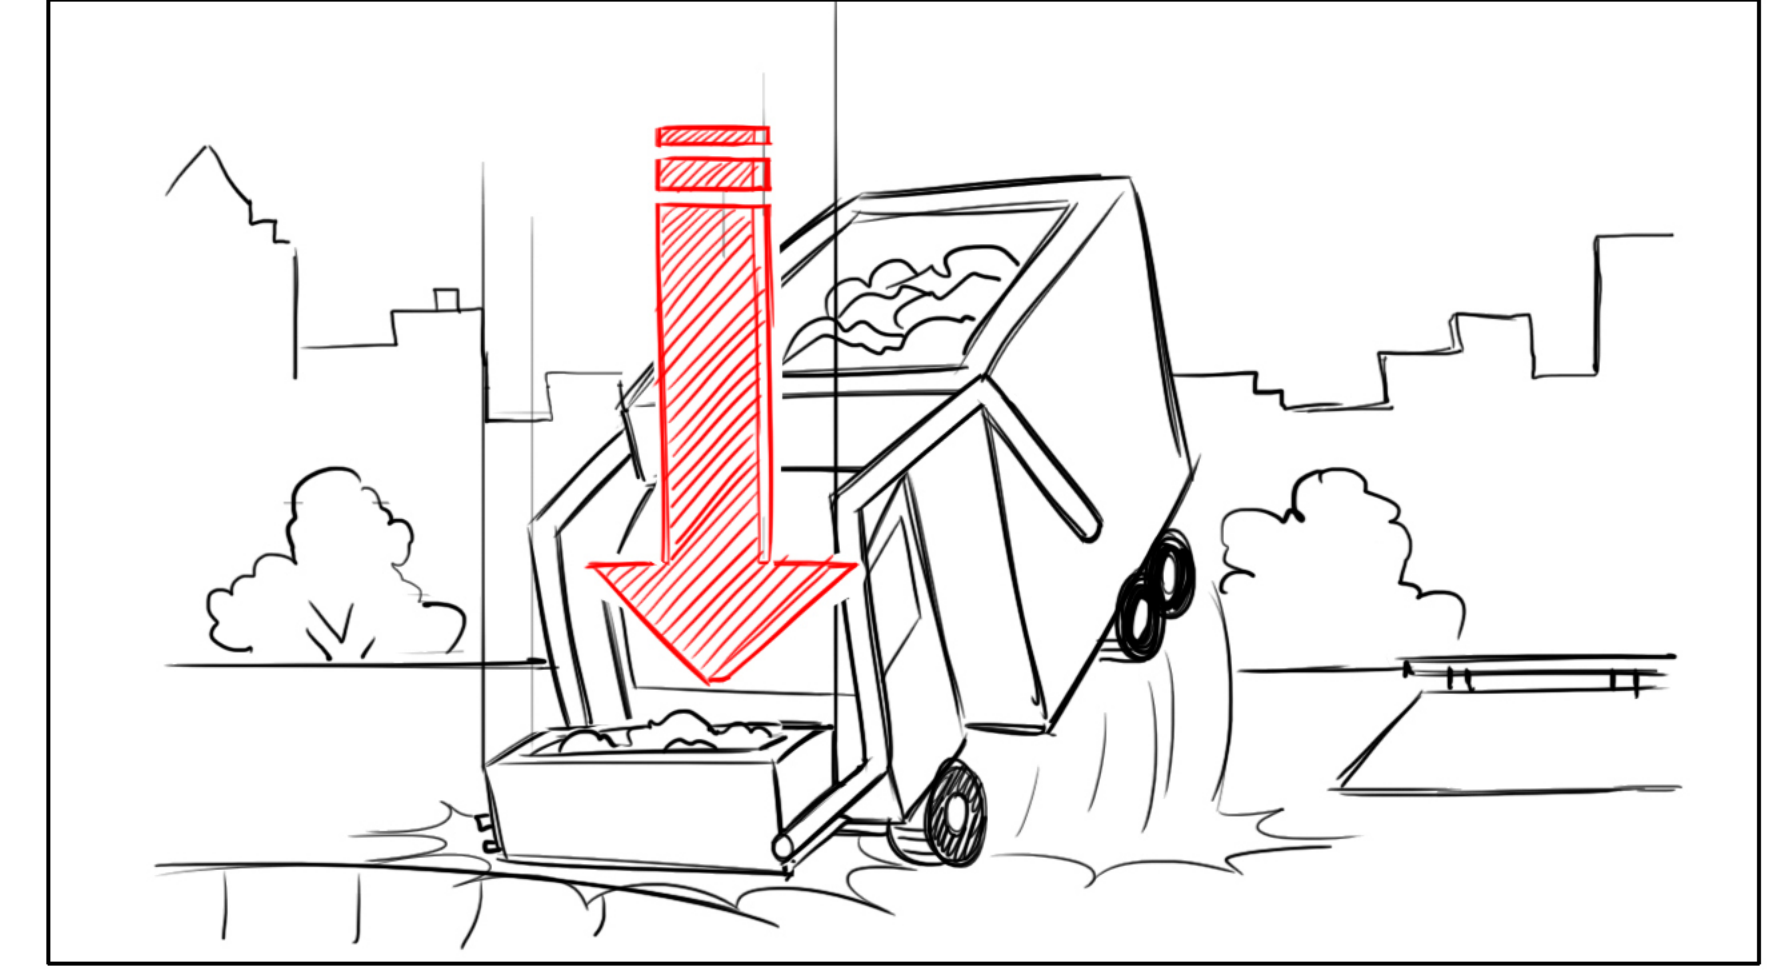

The kids each perform a cool trick to get out of the way of the incoming truck.

38

THE GARBAGE TRUCK -- SCREECHES to a stop

39

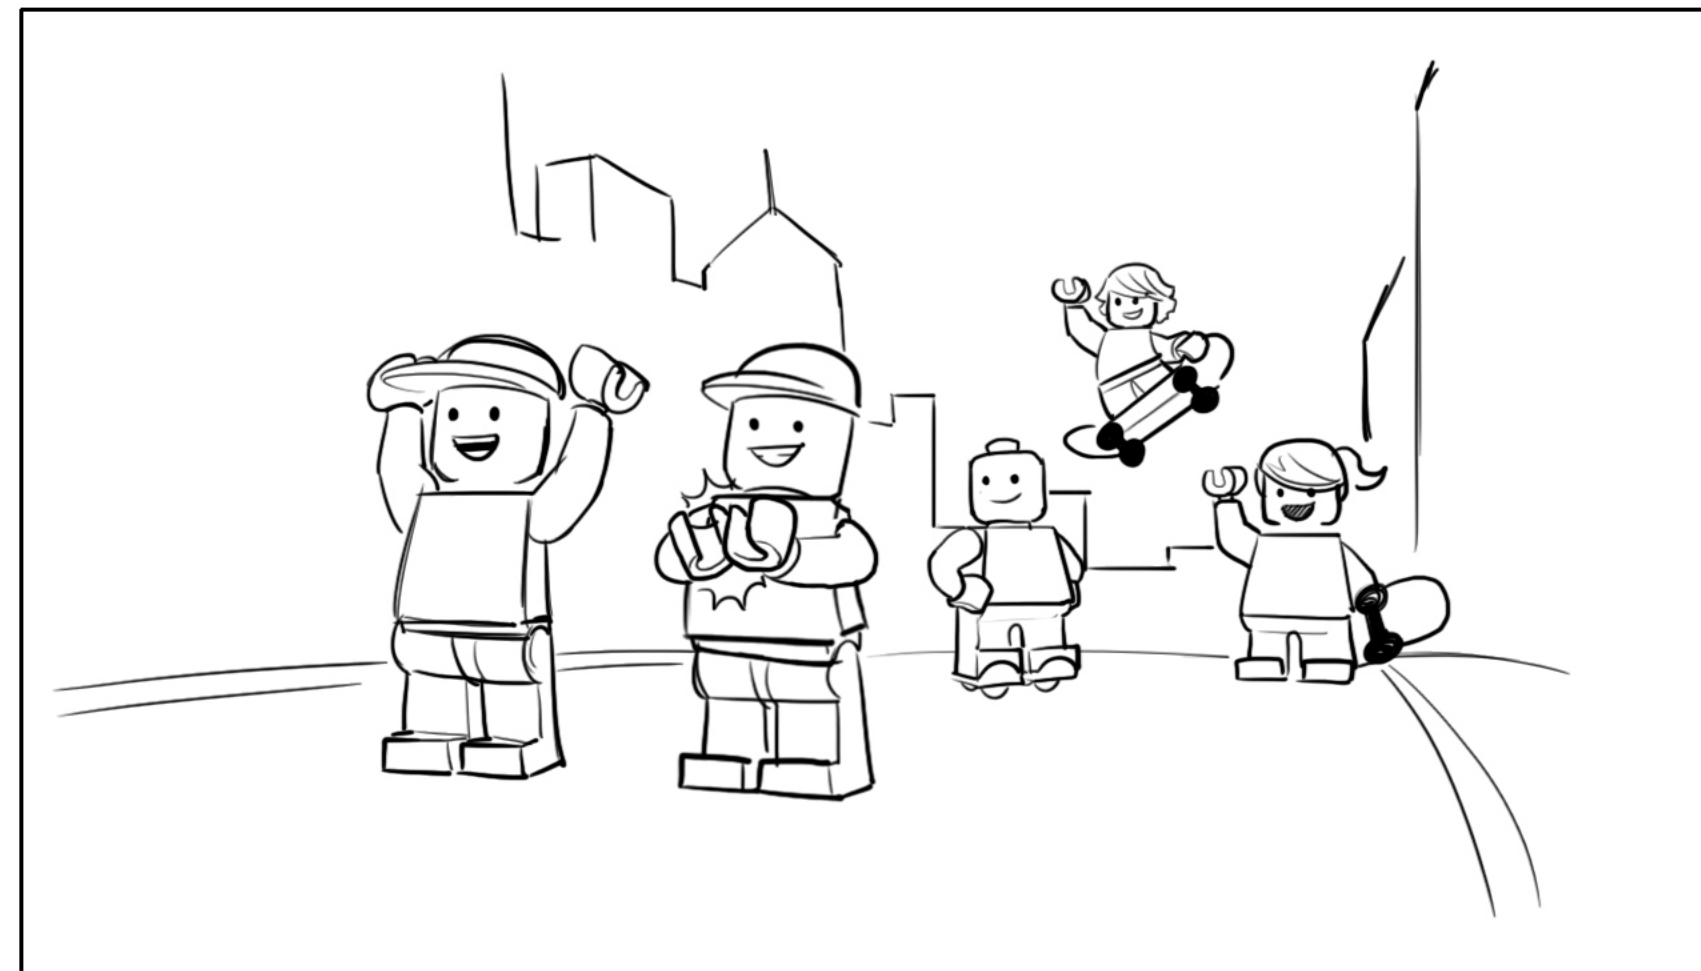

and the dumpster falls into its upraised arms, SLAMMING the arms down to the ground and causing the truck to upend on its front wheels.

40

The dumpster hits the ground with such force that all the trash inside it flies into the air... and lands perfectly in the open top of the truck. The crisis has been averted.

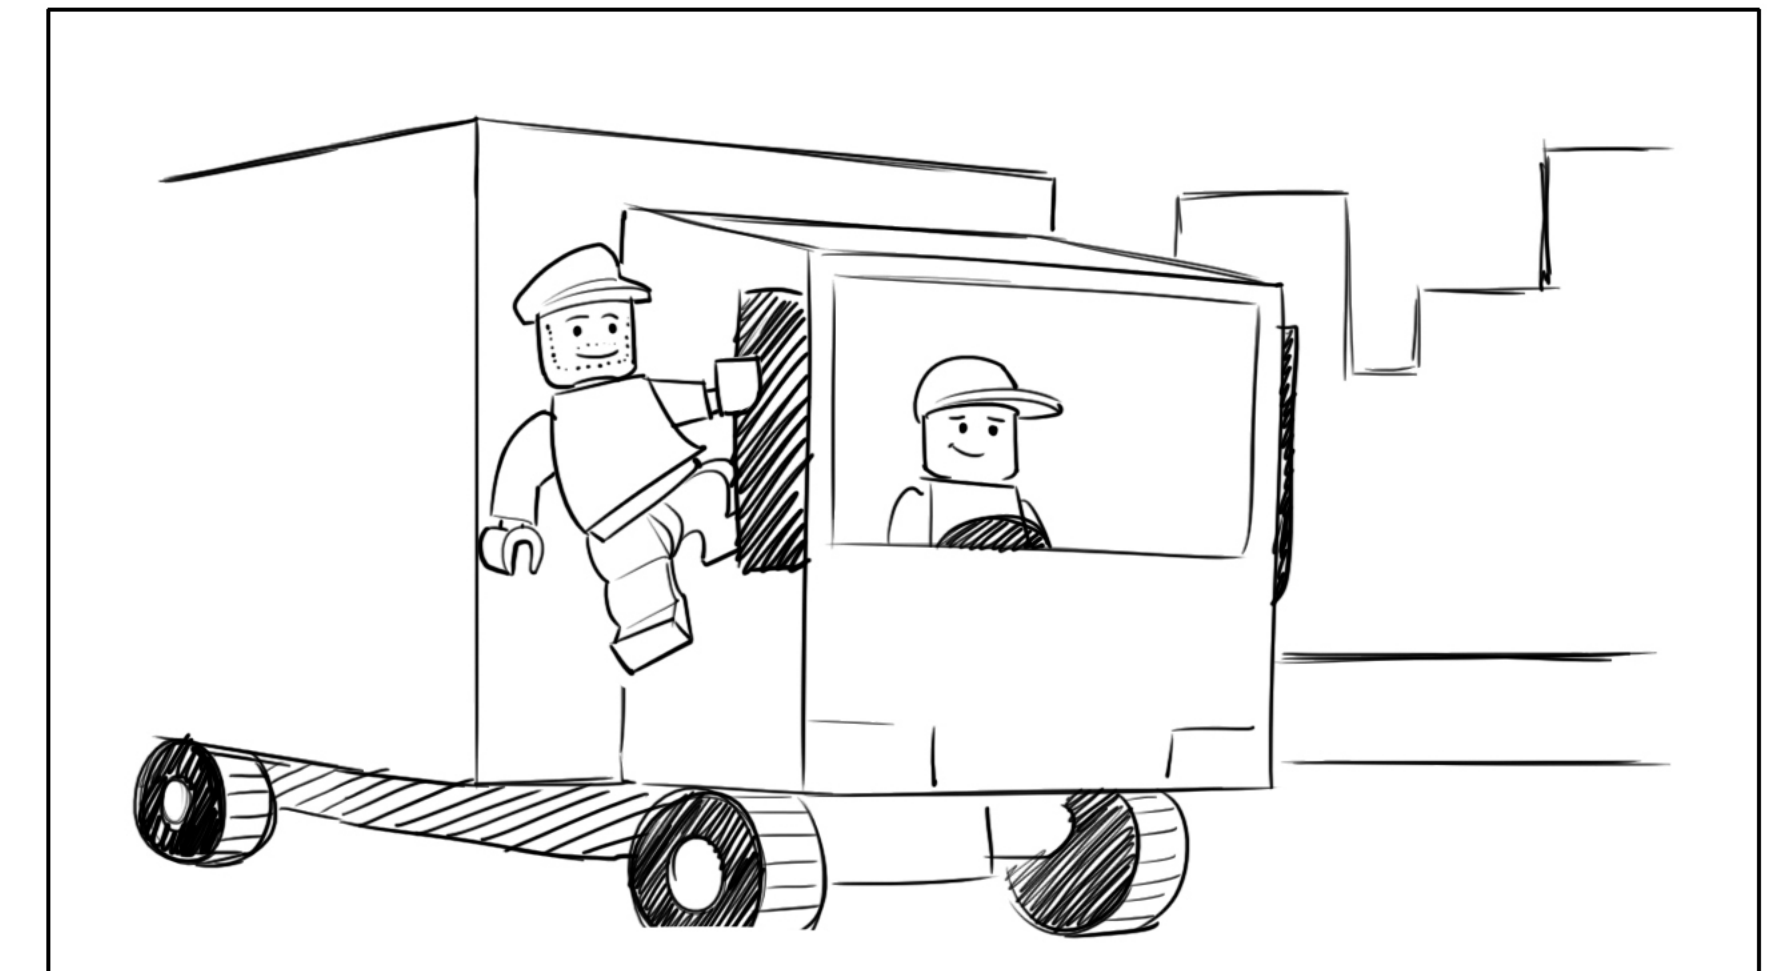

41

WIDE -- the other workers and the skateboard kids rush up to the Garbage Truck and CHEER Mick and the Lead Worker.

(HAPPY CHEERS)

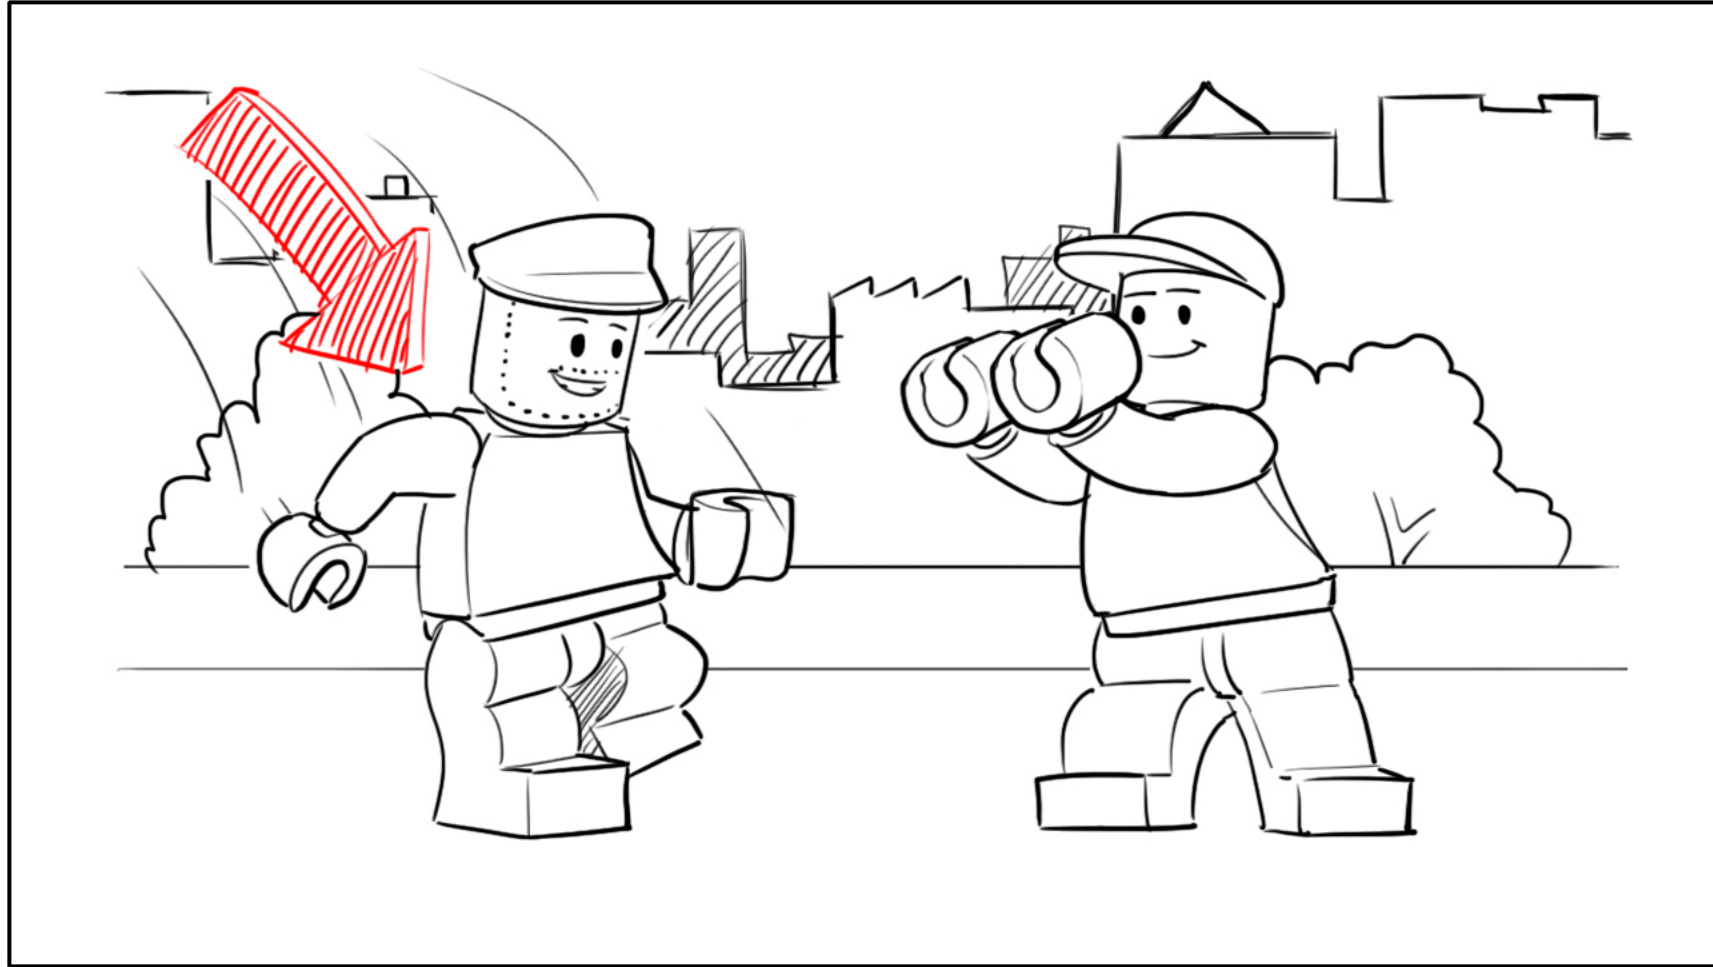

42

Mick and the Lead Worker let out SIGHS of relief...

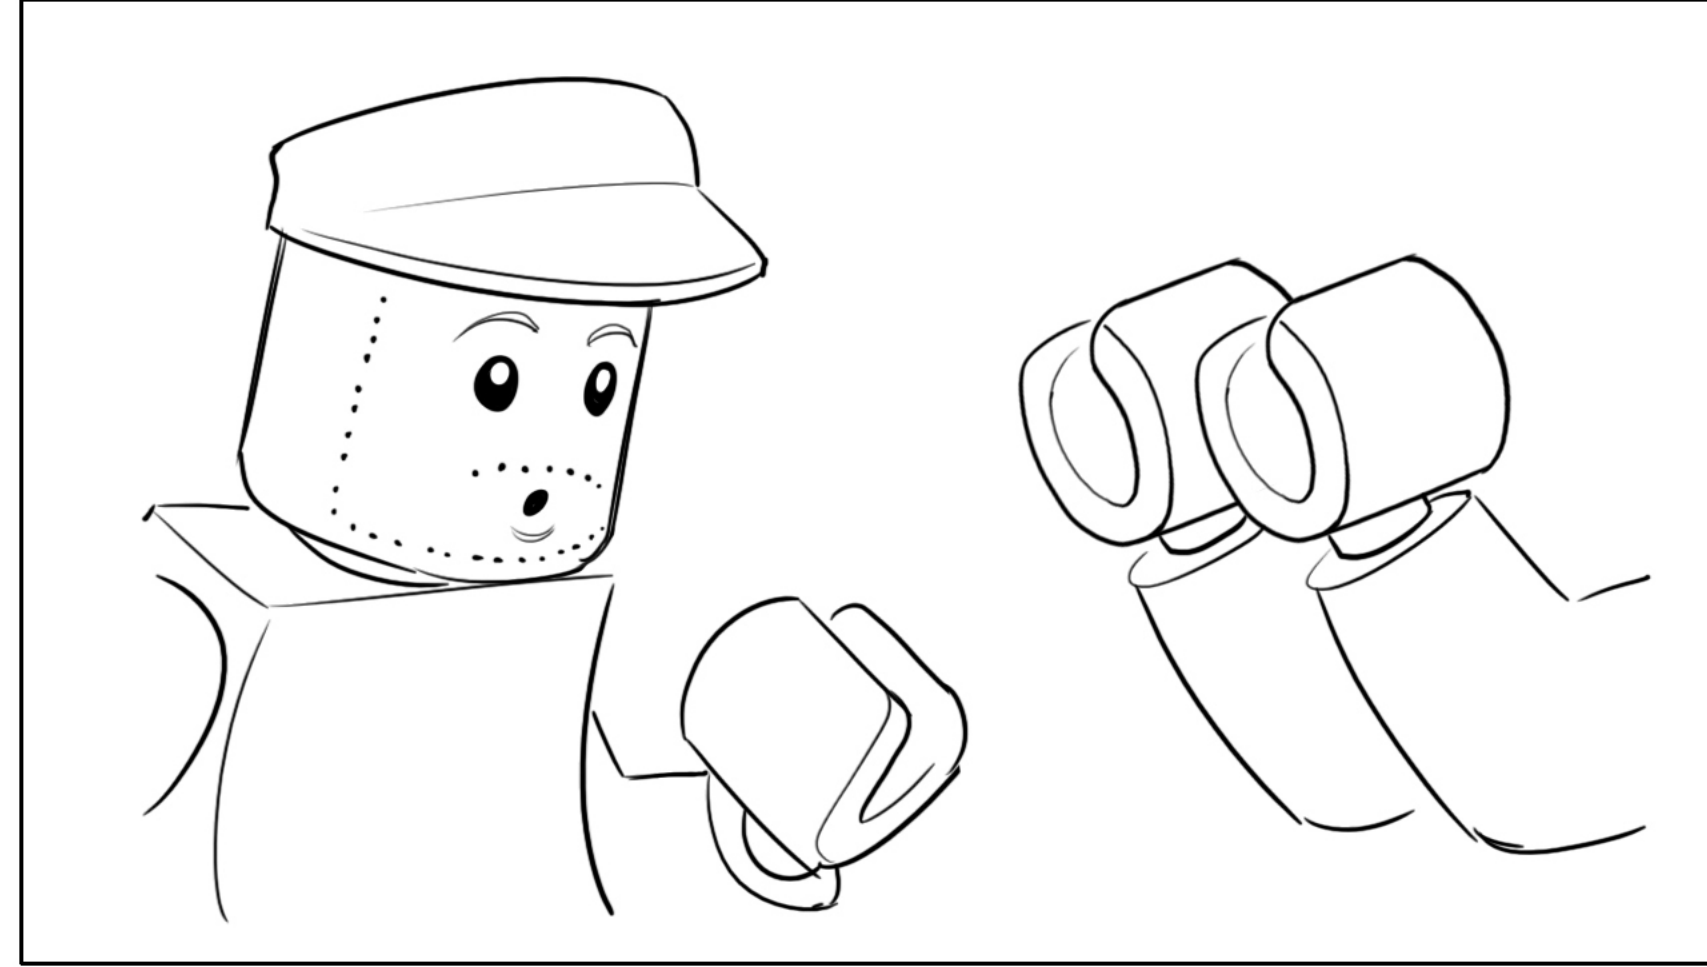

(RELIEVED SIGHS)

43

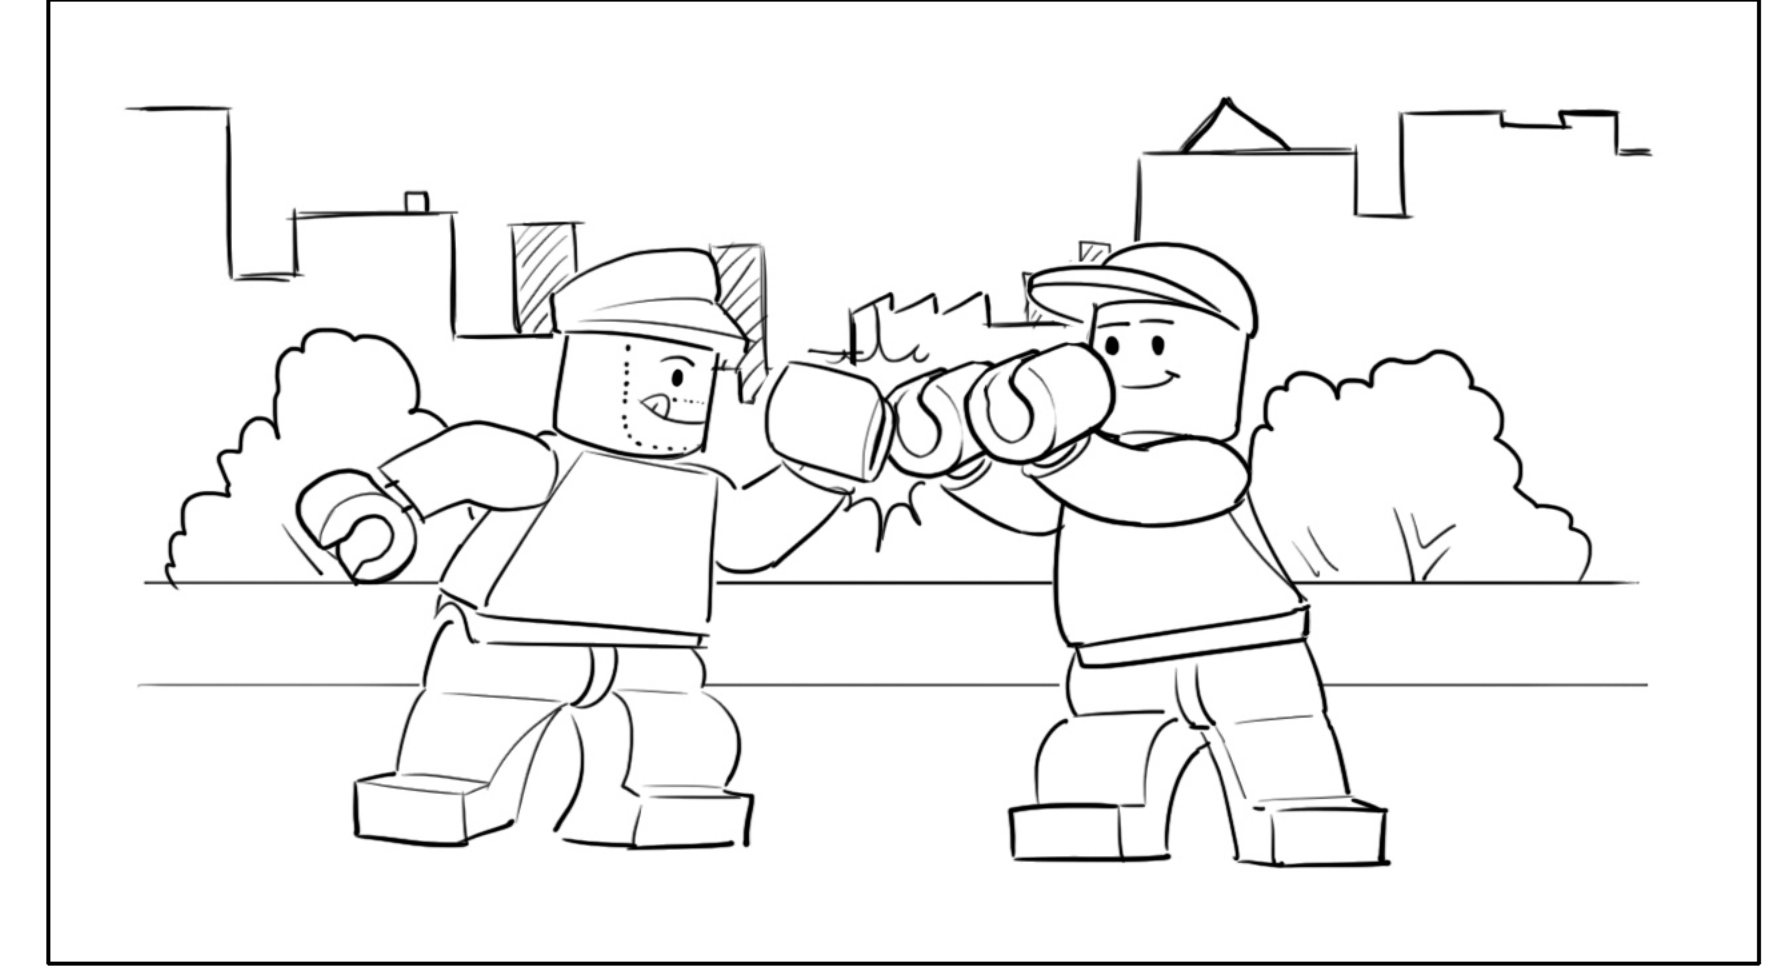

The Lead Worker holds up both his hands to give Mick a “double high-five”.

44

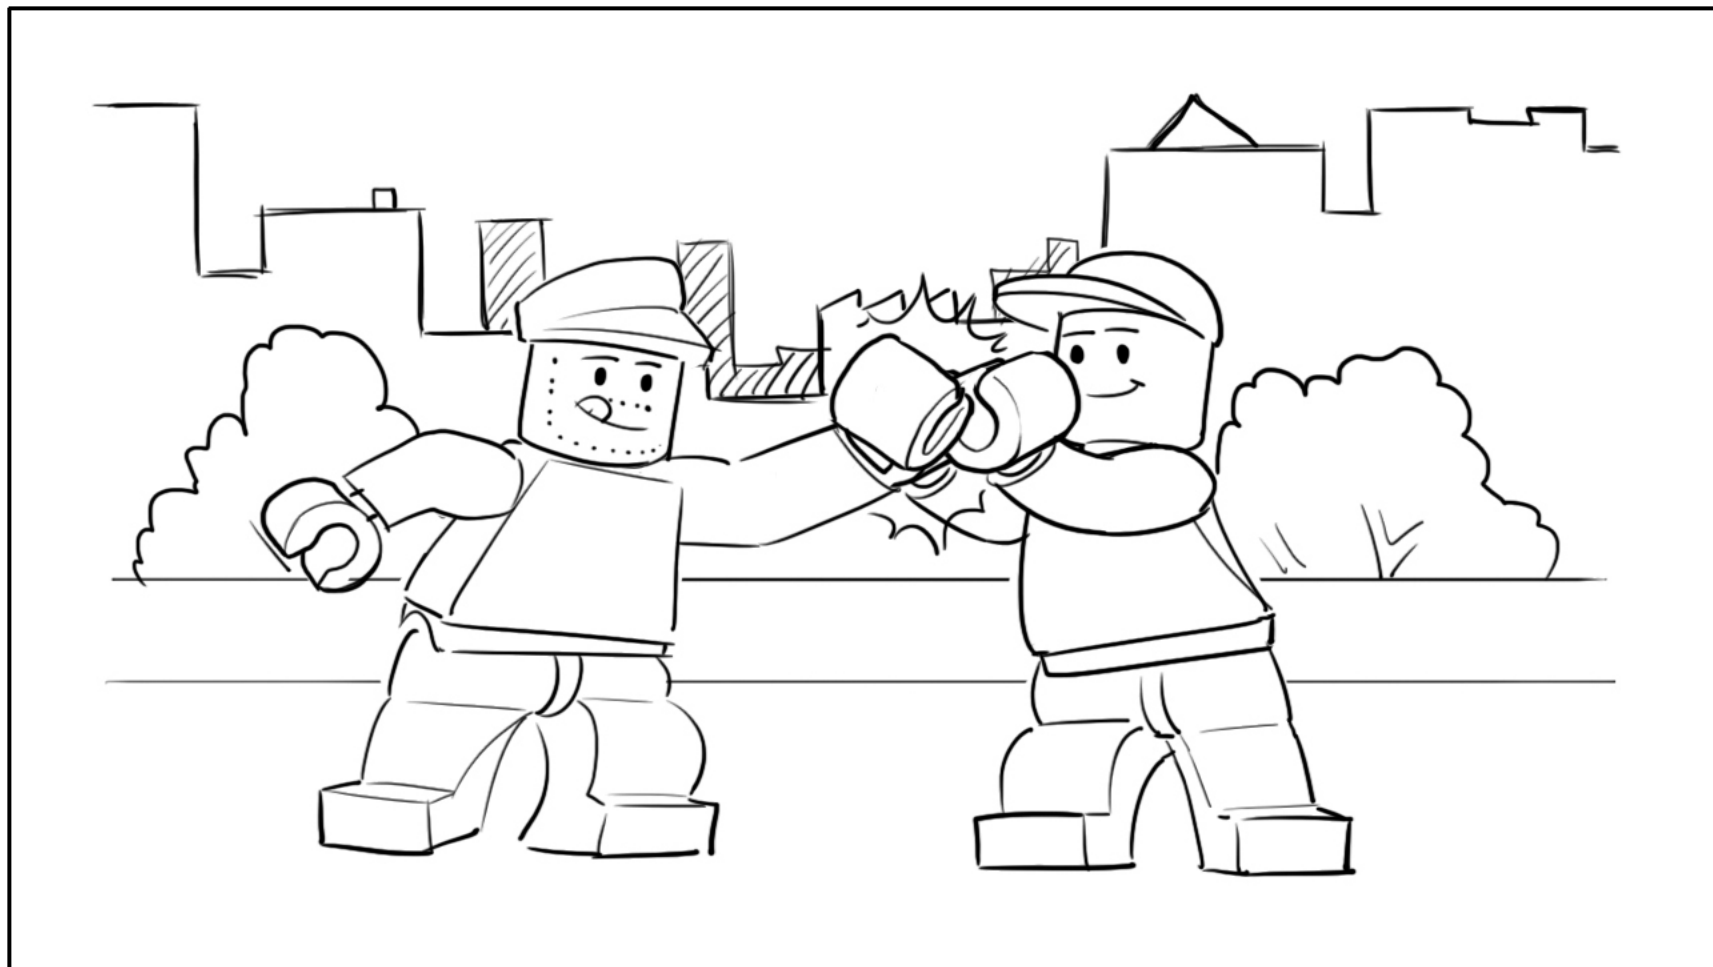

Mick starts to reciprocate, but then, thinking better of it,

45

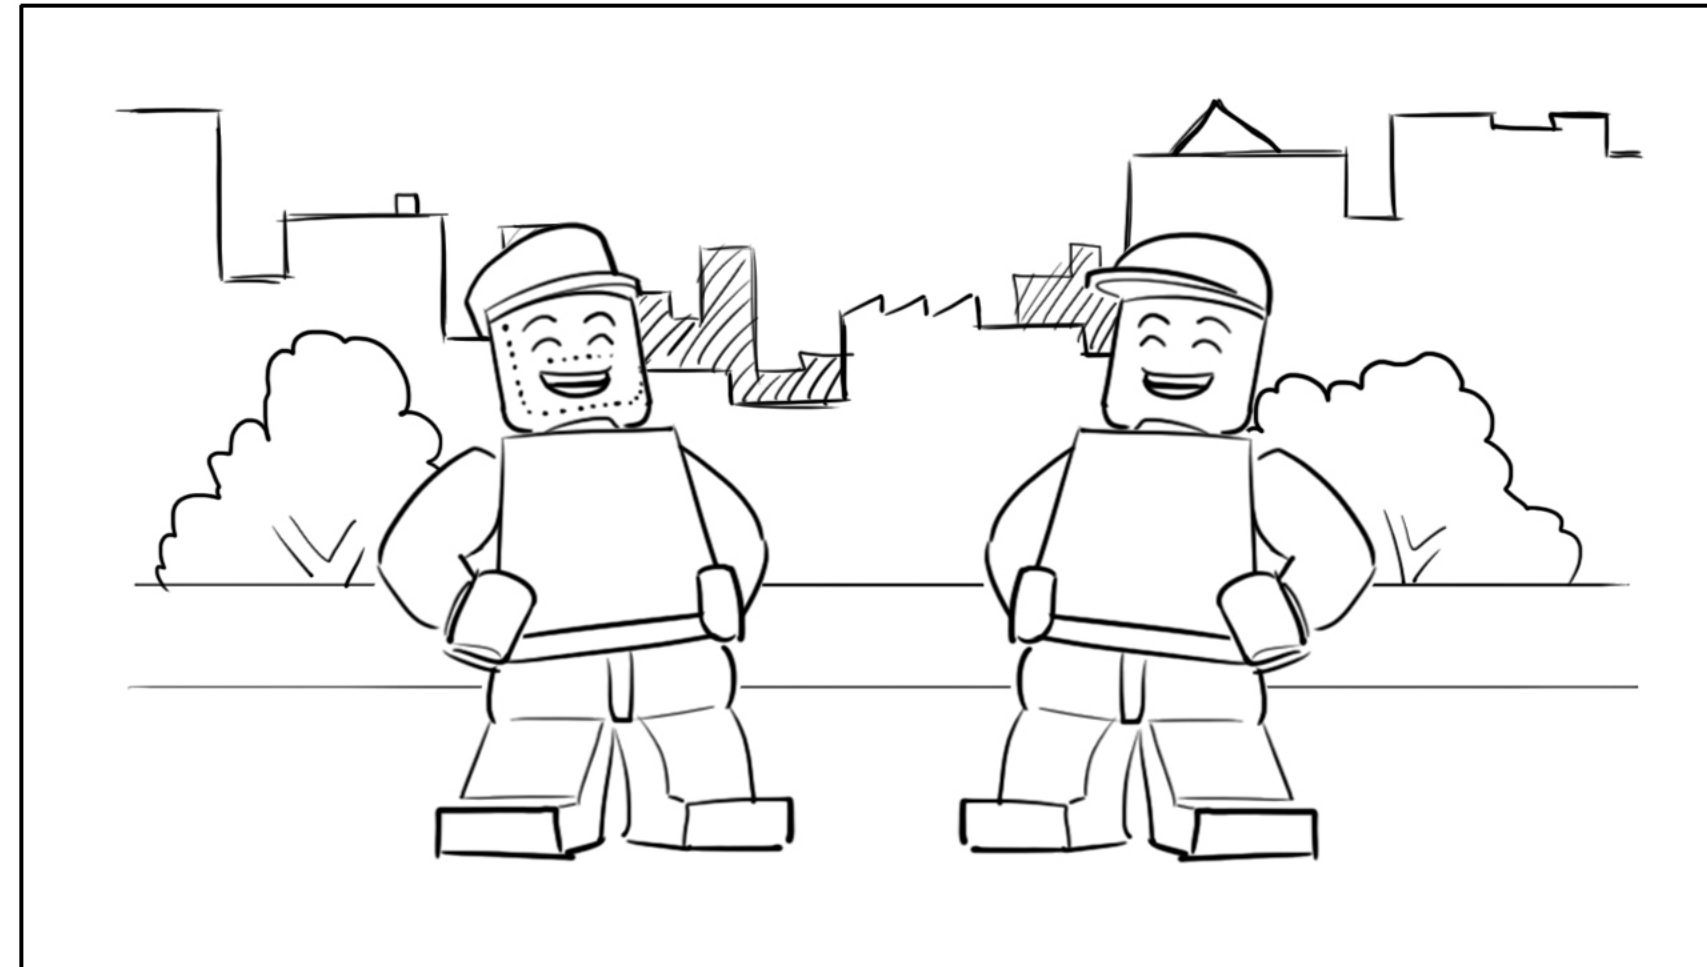

raises his right hand only and “highfives” the Lead Worker’s upraised hands one at a time.

46

47

They share a CHUCKLE...

48
